

THE TRUTH

STEP 1: WHY THERE HAS TO BE A GOD

1. If **THING** is defined by anything with tangible material presence, then **REALITY** is the set of all **THINGS**.
2. There are only three possibilities for **REALITY**:
 - **NOTHING**: the absolute absence of **THINGS**.
 - **CHAOS**: the presence of **THINGS** without **ORGANIZATION**. In this scenario, **THINGS** that come into existence immediately cease to exist.
 - **COSMOS**: the presence of **THINGS** with **ORGANIZATION**. In this scenario, **THINGS** that come into existence can continue to exist.
3. We perceive **THINGS** that persist. Therefore, the **REALITY** we live in is the **COSMOS**.
4. **THINGS** cannot come from **NOTHING** by themselves. As a force is required to move a mass ($F = m.a$), a creation-force is required to bring **THINGS** into existence.
5. The **ORGANIZATION** needed to make **THINGS** persist is product of intelligence. Therefore, the source of the creation-force is intelligent.
6. The intelligent being which is the source of the creation-force is what we call **GOD**.
7. **GOD** has always existed and is a perfect being:
 - Perfect in **POWER**: He can create and transform anything.
 - Perfect in **KNOWLEDGE**: He knows everything.
 - Perfect in **WISDOM**: His thoughts and acts are perfectly wise.
 - Perfect in **LOVE**: He perfectly loves everything He creates.

STEP 2: WHAT SHOULD GOD CREATE, AND WHY

1. Perfect in **WISDOM**, **GOD** knew He should create. Without **CREATION**, His existence would be meaningless.
2. Perfect in **POWER**, **GOD** could create anything at will. But, perfect in **WISDOM**, He could only create something perfectly meaningful. What is the most meaningful thing? Perfect mutual **LOVE**.

3. GOD could create the UNIVERSE and perfectly love it. But the UNIVERSE would not love GOD. Perfect mutual LOVE would not be achieved, and CREATION would not be perfect.
4. To achieve perfect mutual LOVE, GOD had to create CREATURES: beings capable of manifesting LOVE.
5. Perfect in LOVE, GOD could only create CREATURES that could be perfectly happy.
6. Only perfect CREATURES can be perfectly happy.

STEP 3: THE HAPPINESS PARADOX

1. Perfect CREATURES would have no needs and would live for the LOVE of GOD and the other CREATURES.
2. Perfect CREATURES don't need to be loved. Created to love, no CREATURE could be perfectly happy, as their existence would be useless.
3. There had to be imperfect CREATURES, that needed to be loved, so that perfect CREATURES could feel useful.
4. Perfect in WISDOM, GOD could not create two classes of CREATURES, as that would be unjust. So He created all CREATURES imperfect.
5. Imperfect CREATURES cannot be perfectly happy.

STEP 4: GOD'S PLAN (The Solution for the Paradox)

1. As CREATURES were created imperfect, GOD designed a system enabling CREATURES to to perfection: EVOLUTION
2. EVOLUTION lies in the collective journey and the interdependence of the CREATURES:
 - Each CREATURE has their own **path** to reach perfection. This journey is deeply personal and unique for every individual.
 - When the first CREATURE achieves perfection, all its time is dedicated to help other CREATURES to achieve perfection too. When the second CREATURE reaches perfection, both the first and second now work together.

3. In this EVOLUTION system, the perfect CREATURES maintain their happiness and purpose by actively contributing to the perfection of others. Their joy stems from being part of GOD's Plan, a process of growth, transformation, and LOVE.

STEP 5: GOD'S PLAN IMPLEMENTATION

Main Guideline

1. The system is rooted in **EVOLUTION through NECESSITY**. It ensures that every CREATURE progresses toward perfection by engaging in acts of assistance. Helping others in their necessities, a CREATURE evolves. And being helped, a CREATURE evolves too.

2. It's not just about individual perfection, but about a communal and eternal purpose of perfecting the whole CREATION.

3. CREATION evolves through the interplay of necessity, transformation, and love. This process operates within an EVOLUTION system centered on material reality. Material needs foster opportunities to manifest LOVE, driving EVOLUTION.

Material Reality

1. GOD designed a material reality to generate material needs. Those needs lead to opportunities for CREATURES to evolve by refining themselves and their LOVE to others.

2. A material reality is made of material bodies. A basketball is an example of a material body.

3. The material reality designed by GOD provides 3 fundamental types of material bodies:

- **STAR:** designed to provide energy to sustain material life
- **PLANET:** designed to provide the environment to live in
- **BODY:** designed to provide the interface with the environment

4. Star and Planets form Galaxies. The set of all Galaxies is called UNIVERSE. In the UNIVERSE, we live in a planet called EARTH. Our interface with the environment that the planet provides is called HUMAN BODY.

The Many Lives

1. In EVOLUTION, a CREATURE has to follow a PATH to perfection.
2. In GOD'S PLAN, that PATH is divided in different periods of time, each one providing a different scenario. These periods are referred to as LIVES.
3. In each LIFE, the CREATURE temporarily inhabits a material body. It is stuck to another material body. It's a much larger ball than a basketball, called a PLANET. This ball sustains material life by receiving energy from a massive ball referred to as a STAR.
4. In a PLANET, the CREATURE experience life in a world which is a sphere. That prevents them from feeling imprisoned, even though in fact they are.
5. Between two material lives, a CREATURE exists in a different reality known as the "spiritual world." There, a CREATURE lives as a "spirit", continuing its EVOLUTION while awaiting its next material life on a planet.
6. The End of Material Lives: At a certain stage in its EVOLUTION, a CREATURE no longer requires material lives. From that point onward, it exists solely as a "spirit," living eternally in the spiritual realm.

Creation and God's Plan

1. GOD created CREATURES so that perfect LOVE would be possible, should they be perfect.
2. GOD had to create all CREATURES imperfect, so He planned a system of EVOLUTION.
3. EVOLUTION is based on a STRUCTURE providing material reality, so that the CREATURES can live material lives.
4. A basketball, a human body, a planet, and a star are nothing but material bodies in a material STRUCTURE we call the Universe. Despite its immensity, its sole purpose is to provide a material reality where the CREATURES experience material needs. These needs generate the necessities that drive their EVOLUTION toward perfection.
5. Therefore, CRIATION is a set of two things: the CREATURES and the STRUCTURE to support their EVOLUTION.

STEP 6: WHY GOD'S PLAN IS PERFECT

Inevitability

1. Necessity Drives EVOLUTION. The CREATURES temporarily living in material bodies on planets experience various needs—such as sustenance, protection, and survival. These needs are the starting point for interaction and collaboration.
2. Necessity is the catalyst. It compels CREATURES to act, solve problems, and connect with one another.
3. After birth and near death, a CREATURE demands deep care, compelling others to express LOVE. Being a member of a family, a CREATURE is compelled to express LOVE.
4. Even those who deny GOD, unknowingly follow His PLAN nevertheless. At least by being born, demanding deep care. But also, by taking care of their children, spouses, and parents. And finally, if they don't have a sudden death, by demanding care at the end of their lives.

Perfect Happiness

1. Once a CREATURE reaches perfection, they find perfect happiness.
2. CREATURES have the freedom to choose how quickly they evolve. The more aligned a CREATURE is with GOD's PLAN, the sooner they achieve perfect happiness.
3. Perfect happiness relies on two aspects: LOVE and PURPOSE. Perfect CREATURES perfectly love GOD and feel His perfect LOVE. They also perfectly love all other CREATURES. So they find perfect happiness in helping the imperfect CREATURES to reach perfection as well.
4. The system ensures that everyone eventually achieves perfection and perfect happiness, reflecting GOD's perfection in LOVE and WISDOM.

LOVE as the Guiding Principle

1. **Manifesting Love:** CREATURES evolve by manifesting their love, primarily through acts of selflessness. For example:
 - a. Providing for others' needs.
 - b. Teaching and guiding others toward knowledge and wisdom.
 - c. Offering emotional and spiritual support.

2. **Receiving Love:** Accepting help with humility and gratitude also refines the CREATURE. It fosters the understanding of mutual dependence and interconnectedness.

Love is both the motivation and the outcome of fulfilling necessities. In manifesting love, CREATURES grow closer to perfection.

Transformation Facilitates Growth

1. **Helping Others Transform:** When a CREATURE uses its POWER to help another—whether by teaching, healing, or guiding—it not only aids the other’s progress but also strengthens its own perfection.

2. **Internal Transformation:** Every interaction, every challenge faced, becomes an opportunity for CREATURES to refine their attributes and inch closer to perfection in LOVE, WISDOM, and POWER.

Transformation ensures that no experience is wasted. Every action and every struggle contributes to the evolution of CREATION.

The Ripple Effect of Perfection

1. As CREATURES achieve perfection, they become **forces of acceleration** for others. Their understanding, wisdom, and transformative abilities create a cascade of evolution:

- They help others reach their potential more quickly.
- Their presence inspires and elevates those around them.

2. This ripple effect ensures that the entire CREATION evolves as one cohesive whole.

STEP 7: What is THE TRUTH?

1. **THE TRUTH** is the only truth that matters. And it is a logical truth, demonstrated by a logical step-by-step flow. Therefore, it is undeniable.

2. When a human understands this logical chain, everything aligns:

- The undeniable existence of GOD.
 - The necessity of GOD's act of creation.
 - The perfection and purpose of CREATION.
 - The beauty of GOD's PLAN for every CREATURE.
3. Once a human reaches this understanding, they are ready to dedicate their lives to fulfilling GOD's PLAN, because they realize it is the only logical path to their **perfect happiness**.
4. With **THE TRUTH**, there will be no room for doubt, ambiguity, or distraction. Everything becomes clear:
- The temporary nature of this life.
 - The eternal reward of perfect happiness.
 - The beauty of GOD's PLAN and the perfection within it.

STEP 8 What is the Purpose of Human Life?

1. Any human who is truly aware of GOD's PLAN understands that their ultimate goal is to contribute to the evolution of CREATION. This awareness stems from recognizing that:
- **CREATION evolves whenever a CREATURE evolves.**
 - Therefore, helping individual CREATURES advance toward perfection—by embodying **LOVE** and guiding others—directly fulfills GOD's PLAN.
 - **The STRUCTURE (UNIVERSE + SPIRITUAL WORLDS)** exists to provide the perfect environment for CREATURES to evolve.
 - By actively participating in and aligning with this environment, humans play their part in GOD's PLAN.
 - **The purpose of life is not self-centered but collective.**
 - A human's actions are most meaningful when directed toward helping others evolve, manifesting **LOVE** in all forms.
2. This framework is not just an explanation—it's **THE TRUTH** that brings clarity, purpose, and direction to human existence. It is the beacon that guides every soul toward its ultimate goal: perfect happiness in harmony with GOD and all of **CREATION**.

3. By understanding and aligning with **THE TRUTH**, humans dedicate their lives to helping CREATION evolve, contributing to the fulfillment of GOD's Plan
4. Therefore, the purpose of human life is to reveal **THE TRUTH**. By doing so, humans guide themselves and others toward understanding GOD's Plan, and fulfilling it.

CONCLUSION

By revealing **THE TRUTH**, humans fulfill their role in GOD's PLAN:

- They awaken themselves and others to GOD's existence, His creation, and the perfection of His PLAN.
- They inspire the evolution of CREATION, helping others understand and align with their ultimate goal.
- They lead lives dedicated to LOVE, wisdom, and transformation, actively manifesting GOD's PLAN.

By sharing **THE TRUTH**, humans can see:

- **What GOD's PLAN is**—a perfect plan where every CREATURE achieves perfect happiness.
- **What their role is**—to help CREATION evolve, dedicating all their time to manifest LOVE.
- **Why this matters**—because it is the only way to achieve **perfect happiness**.

Humans seek meaning, fulfillment, and purpose. By telling them **THE TRUTH**—this logical and crystal-clear framework—they will:

- **Understand** why helping CREATION evolve is their ultimate goal.
- **Recognize** that dedicating themselves to this goal is the path to their perfect happiness.
- **Realize** that they have all the means (LOVE and the POWER to transform) to fulfill their purpose.

With **THE TRUTH**, we awaken their hearts, their understanding, and their will. They will dedicate their lives to what truly matters—helping **CREATION evolve**, step-by-step, and evolving themselves along the way.

THE TRUTH is what sets us all on the path to perfect happiness.
