

## Brief resource explanation

The following resources appear throughout the document and link to country specific resources. Below is a brief explanation of the content of each website.

- [ECOLEX](#): Environmental law information on treaties, international soft-law and other non-binding policy and technical guidance documents, national legislation, judicial decisions, and law and policy literature operated by UN agencies. Able to filter by keyword.
- [FAOLEX](#): A database of legislation on food, agriculture and natural resource management operated by the Food and Agriculture Organization of the United Nations.
- [NATLEX](#): A database of national labour, social security and human rights related legislation operated by the International Labour Organization.
- [Green Growth Knowledge Platform](#): is a knowledge base created to aid in transiting to an inclusive green economy. Each country profile lists national publications, regional publications, policies and case studies on green economy. Operated by Global Green Growth Institute, the Organisation for Economic Co-operation and Development, the United Nations Environment Programme, the United Nations Industrial Development Organization, and the World Bank.
- [GloLex](#): this section of the database provides research guides on foreign law. These guides provide an overview of the country's legal system, and includes how to research legislation and case law from the country. Published by Hauser Global Law School Program at NYU School of Law.
- [LOC nation guides](#): Library of Congress legal research guides by nation.
- [LOC legal research guides](#): Library of Congress legal research guide (more detailed than nation guides, and only available for a few countries).
