COURSE MAP: Youth/Beginner/Short Course

This is approximately a 4-mile course with 925 ft of elevation gain. Yes - this is a lot of elevation gain, but you've been training all summer for this! All Youth/Beginners/Short Course riders will complete 1 lap going clockwise. The course starts hot on a steep double track and transitions to single track (Jenni's Lower) after a quarter mile. From there, you'll climb the rest of Jenni's Lower to its intersection with CMG. On CMG, you'll climb a bit more to the top of the course (which is also about halfway through), and then it's all downhill from there! Once you turn onto Seldom Seen, you'll have a fun, fast, and flowy ride to the finish line.

KNOW YOUR COURSE!

Parents of youth and young beginner racers - please communicate with your racer and inform them which category they are in and which course they are riding. Trail marshals and course markings/signs can only help if a racer knows where they are supposed to go in the first place!

YOU WILL ENCOUNTER OTHER RIDERS

At some point in the race, all racers will be on course. With varying levels of skill and ability, you will pass another racer and you will be passed by another racer. PASS and YIELD when appropriate and with care. BE NICE.

BE NICE

Please know that all trails on our race courses are open to the public at all times. We give notice of our event, but we DO NOT close trails for our races. Keep your eyes up and watch out for hikers, other cyclists, and animals (domesticated or otherwise). Good trail etiquette applies at all times - especially during races! CYCLISTS YIELD TO EVERYONE. Be nice, and say hi to anyone you encounter. THANK A TRAIL MARSHAL as you go by them!
