

Isobella

I've cried to many times just thinking of you
Your hollowed face made strangers of your eyes
Behind that empty gaze, I tried to find you
Lost within yourself for all this time

Get your picture on my wall
Get your picture on my wall
Did you forget yourself again?

Isobella
Isobella
Hide your lonely face
Isobella
Isobella
You can't walk away
Walk away

Remember when the shadows tried to blind you
There's not a time or place you can't control
How many times I dreamed that I would find you
Come on home and shelter from the cold

Get your picture on my wall
Get your picture on my wall
Did you forget yourself again?

Isobella
Isobella
Hide your lonely face
Isobella
Isobella
You can't walk away
Walk away
Walk away
Walk away

Isobella

Isobella
Isobella
Isobella

Isobella, walk away
Isobella, walk away
Isobella, walk away
Isobella, walk away
