

Export your Wayne Google data with Google Takeout

You can export and download your data from the Google products you use, like your email, calendar, and photos. In a few easy steps, create an archive to keep for your records or use the data in another service.

1. Go to the website: <https://takeout.google.com/settings/takeout>
2. If you want archives of selected items click on the button "SELECT NONE" to deselect all.

3. Choose the apps that you would like to archive as shown below.

4. To see more details and options for a product, select the information below the product.
