What are the main ideas or key points in the text? What is most important to know?	What do you wonder? What are you confused by? What if...? How can we check...?	What does this make you consider about your own life experiences, knowledge of other texts, or the world around you? What words or terms do you need to understand or explore more?	What will the next passage be about? Based on... I predict... What clues do you identify that inform your prediction(s)?
