Give to Support Minnesota Communities & Congregations in Response, Repair and Recovery

Option 1: Give to Minnesota Community Care Needs

There are several organizations that are not getting as much attention in the news and social media cycles. Here are some that could use support:

- **Support Minneapolis Immigrant Students** - vetted giving/need

- **Rent Relief** will be critical in the next two months as immigrant families reel from the echoes of financial impact. There are many immigrant families in suburbs of the Twin Cities metro that are in need of support, so we invite you to support the Housing Support campaign for Robbinsdale Area School district families. To donate, you can click the link to their website, then click donate and select **Housing Support** from the drop-down menu. **https://prismmpls.org/**

Option 2: Give to our PC(USA) Congregation's Direct Responses via Special Offering or Individual Donation

To directly support the ongoing resistance and care work of Presbytery of the Twin Cities Area congregations, all donations and special offerings received will go *directly* for congregational ministry that addresses this impacts of this current moment in our communities (e.g., support to our congregations' direct ministry with immigrant families, direct support for food shelves run by our PTCA congregations that are supporting community members in need, and other community aid for our immigrant congregations who are being affected, including food, rent relief, and emotional support for kids and families).

To donate to the PTCA Community Care Fund:

- Clink on **this link** for Vanco
- Choose "**Community Care Fund**"
- Choose amount and Frequency (we understand most will be one-time offerings), etc.
