**Subject:**

[DEFENSIVE HANDGUN DRILL] Dry Fire - Stationary Draw

**Body:**

Hey #FIRST#,

How good is your draw? If you're not sure, then you need to know!

And more importantly, while a fast draw is important, a consistent draw in real life conditions is probably more valuable.

[This video dry fire drill](#) will show you the key details behind the defensive (concealed) draw, including how to get the garment swept reliably, how to build the proper grip on the handgun, and what to do with the support hand. Watch, practice and learn!
