7. CUCBC bills
8. Proposal outline: trial of spinning zone near Queens/Maggie for MT 2022 (as outlined below)
9. Any other business

Proposal: Addition of rule

Rationale:

During the previous LT captain's meeting, captains fed back concerns regarding traffic on the river which disadvantaged those clubs with boat houses further upstream on the Cam. The concern of restricted spinning zones and restrictions placed upon novice crews led to discussion and general agreement towards trialling a new spinning zone for the next academic year.

Proposed rule:

Spinning: <http://www.cucbc.org/handbook/rules/spinning>

28. As a trial, for Michaelmas term 2022 only, novice boats travelling downstream only may spin between Caius and LMBC boathouses. This is to be reassessed at the next available captain's meeting following the trial.
