

Ringmaster: Well, well, well, look what we have here. Seems like last week's surprise .exe riff was only a preview of things to come, since yes, the next multipart will be a Sonic crossover. Thing is, though, which will it be? That's up to you guys, since we have five samples here, each around 3K words, for you all to sift through and make your choice at the end. Like the sampler posted around this time last year, we won't be having an actual strawpoll for this, because we want only the people that are actually riffing this to choose what will fill this slot for the next few months. First up we have "Sonic's Little Pony" by FinalStory159, submitted by SC. If it wins, it'll be done in two parts.

JofY: A Sonic crossover? You shouldn't have.

BittplexMutt: Greaaaaattt...

SC276: Let's be clear: I have no idea what's going to happen. I needed something for this sampler quickly, this caught my eye, and the first couple paragraphs sucked. This is technically the fault of everyone that voted "no" in my *Professor Layton* notability poll.

CaptainPipsqueak: Hey, it's not my fault I only have a passing knowledge of the game. That was the factor you based it on.

Dark Angel: Sorry I haven't been here the past couple of weeks. Just needed a vacation. That and I'm using an old laptop that still runs on Vista and is held together by duct tape. And if you think I'm over exaggerating, I'll gladly send you photographic evidence. The cooling system on my other laptop, which I haven't even had for a full year yet, isn't working. But I digress.

Mononeko: *is lying dead in the doorway surrounded by empty bottles. Immediately respawns* Uuuurgh... Okay, I think my liver is working again...

ToonGuy: You know, after last week's bit of fun, I'm ready for this!

Nox: I swear Sonic.exe got me sick last week.

Alright!

JofY: "I'll try some green eggs and ham! Stop calling me!"

CaptainPipsqueak: "I *can* believe it's not butter! Leave me alone!"

Dark Angel: "I'm complaining more about my computer than I am about the story I'm riffing! Get off my back about it!"

Mononeko: "I drank myself to death! Get over it!"

My First Crossover and I wouldn't have it any other way to see STH's universe with MLP XD

Calico103: My *favorite* emote. Not even two lines in and I already hate this writing.

Mononeko: ...I think that's a record.

CaptainPipsqueak: I hate emote use on general principles, so right out the door he's failing.

SC276: Any other way includes the other 665 instances of this crossover on FF.net *alone* when this went live.

Dark Angel: Did the author write this fic by texting on his cellphone?

ToonGuy: STH....sounds like a sexually transmitted disease. Which, considering the calibre of stories we have here, might not be so off the mark.

Topher: Ok, you just put the phrase "Sexually Transmitted Hedgehog" in my brain and now I can't stop giggling. Mainly because I am easily amused by sex jokes and silly words such as "hedgehog." We're in for some high-brow comedy tonight!

Nox: I have an emoji just for this occasion.

Now I know there's a couple of stories out there with the same input and output

BittplexMutt: What if there's a betweenput?

Nox: I prefer stories with an outerput.

Dark Angel: Where's the love for aroundput?

(With Sonic meeting the mane six and falling in love with Rainbow Dash mostly)

Dark Angel: What is it with everyone's obsession with Rainbow Dash? Either in Sonic crossovers, creepypastas, or gore-fics, it's always Rainbow Dash.

Mononeko: Can we have one Sonic crossover in which Rainbow actually *is* a lesbian? Now that I think about it, does that even exist? If it's not, *puts on sunglasses* I have a new trend to set...

Topher: CODE RED! CODE RED! WE HAVE A CONFIRMED CROSSOVER SHIPFIC! ABORT! ABORT! *jumps through a hatch in the floor*

Mononeko: *looks down hatch* Huh...did somebody leave the incinerator on?

Dark Angel: Can you blame me? It was cold in here.

Nox: Speaking of shipping, I found this on TV Tropes while going through the Crossover sub pages.

well I 'may' make this one an exception.

JofY: It may be unique, it may be that we could have literally pulled out a different fic and used all of the same exact jokes without them losing any humor or context. Including this one.

SC276: So... Sonic's going to fall in love with Fluttershy?

Ringmaster: Nah, in these crossovers, she's always paired with Tails. Other constants are Knuckles/Applejack and, obscurely enough, Silver/Rarity.

SC276: So, who gets to be lesbian with Amy? Pinkie Pie?

Ringmaster: ...Actually, that's more likely than you'd think.

SC276: *I was joking.*

CaptainPipsqueak: Let me guess: because they're both pink, right?

Ringmaster: Exactly. I legitimately think some of these authors are literally only shipping by color.

Topher: Humans have already tried pairing people up by color. It didn't end well.

CaptainPipsqueak: As opposed to something dumb like matching personalities or something.

Mononeko: Well, actually there's a bit of matching personality involved between Sonic and Rainbow, but yeah, I think most people ship them because they're both blue and fast.

SC276: Well that leaves Twilight, but the only purple *Sonic* characters are Blaze and Big. ...I'm betting on Blaze.

Dark Angel: Why do the pairings have to rely on color schemes? I've seen Twilight paired with Tails as a battle of knowledge.

Mononeko: Because Sonic/MLP shippers apparently work that way.

RJ: Nice to know that MLP/StH pairings partially rely on Feng Shui.

CaptainPipsqueak: Isn't he the boss of Mortal Kombat?

Dark Angel: Of course not. He's the semi-boss.

ToonGuy: So who does Spike get?Oh wait, it's Spike, and no one cares about him in the badfics we riff.

CaptainPipsqueak: Oh come on; the little guy's really come into his own this season.

Dark Angel: If we're going by color scheme, Blaze. If we're going with personality, Omochao.

It depends on how the story's flow will go.

SC276: Hey, only *I* get to talk about flow.

CaptainPipsqueak: Don't mess with his funky flow, yo.

SC276: In the rain or in the snow!

Mononeko: How bad it is, no one will know!

CaptainPipsqueak: *~I been workin' in da flea market so early...~*

Anyways here I go and R&R plz XD

Calico103: Stop.

CaptainPipsqueak: Or I'll hit you with this hammer.

BittplexMutt: You want me to rest and relaxation? Sorry, I have to riff this.

ToonGuy: Thanks for thinking of us this one time, though. I can guess that you won't be for the rest of this story!

Topher: I think it's meant to mean "Riff and (be) repulsed!"

Nox:

Chapter 1: Welcome To Ponyville

RJ: "Changeling free for..." Huh, the rest's been erased.

ToonGuy: AKA, Welcome to Cliched Title.

Sonic stared at the dark hole in front of him,

JofY: And he realized for that the first time in his life, he found true love.

Calico103: Stare long enough into the abyss...

CaptainPipsqueak: ...and the abyss tell you to stop staring and calls you creepy.

BittplexMutt: [Sonic] "Nope."

SC276: The part of Sonic will be played by Alphys.

Dark Angel: Sonic is seeing where his career is going.

ToonGuy: No, if he was, he'd be staring at an unending loading screen.

Nox: So... Sonic '06.

trying to hold his ground as it began to suck mostly everything in sight.

BittplexMutt: Like dignity.

ToonGuy: Holy crap, it is Sonic 06!Too easy?

Nox: ...Nah.

"Muah ha ha hah, goodbye old friend.

Mononeko: ~Goodbye darkness my old friend...~

BittplexMutt: [Sonic] "Wait, we were friends?"

While I rule your world, you can stay on the other side!" Dr. Eggman laughed like a maniac.

SC276: As opposed to laughing like an egg.

CaptainPipsqueak: Not many eggs laugh. You think they'd be in a yolking mood more often.

BittplexMutt: [Eggman] "Say hello to your friends on the other side."

Dark Angel: ~He's a maniac, maniac, that's for sure. And he's laughing like he's never laughed before.~

"I'm not going anywhere egghead!" Sonic said with determination

SC276: I swear, the previous *Undertale* joke was coincidental.

BittplexMutt: [Eggman] "In this world, it's kill or be killed!"

Topher: If Eggman were more like Flowey, the overall tone of the Sonic games would certainly be more... hard-boiled.

CaptainPipsqueak: You better scramble.

as he tried backing up but just slipped closer to the portal.

JofY: Wait, what direction is he going in?

SC276: The wrong one, obviously.

ToonGuy: Someone had littered the floor with banana peels. Those diabolical bastards.

Nox: Eggman made a smart move luring Sonic to a Mario Kart track.

'I can't let him stay here while I'm in there!'

JofY: This is why you've got to break him in and buy a leash.

CaptainPipsqueak: We'll stay here while you're *there* and he's *there*!

Dark Angel: Where is this anyway?

CaptainPipsqueak: Somewhere.

Mononeko: *points in a nonspecific direction* There.

ToonGuy: When will then be now?

Topher: There wolf. There story.

Nox: (starts floating) Guys, I think we broke gravity!

Dark Angel: (looks at a copy of himself) I think we broke all of reality.

Topher: Welcome to madness! I've been waiting for you.

Sonic thought to himself as he looked around for something for help but found nothing. "Wha oh"

JofY: Wario! No!

CaptainPipsqueak: Wario yes...

Nox: (falls down) Ow.

he exclaimed before he lost balanced and got sucked in the portal.

SC276: (makes a vacuum cleaner sound)

Dark Angel: That joke really sucks.

CaptainPipsqueak: *adds the sounds of a toilet being flushed and someone slurping up noodles*

Mononeko: *Makes the sound of Mario going down a warp pipe*

Tophers: *Flips garbage disposal switch* Problem solved! Let's go home.

"Muah ha ha, told you" Dr. Eggman said with a huge smirk

BittplexMutt: [Sonic] "Geez, and I thought I was annoying."

but that smirk disappeared when he noticed the portal somehow created another portal behind him.

SC276: Gheeze, we're not even three paragraphs in, and the author's already given up.

JofY: Well, that's how the mechanic works.

BittplexMutt: Yo dawg, I heard you like portals so we put a portal in a portal so you can portal.

Calico103: Infinite portal loop, GO!

Dark Angel: When did this turn into a Portal crossover?

CaptainPipsqueak: It happened then. You know, back at that point when the thing happened.

ToonGuy: [Eggman] "Damn it, this is why I should never create a portal creating portal! I....Why did I create that, again?"

"Aiya" he said to himself and smacking his forehead

Mononeko: [Eggman] "D'oh! How could I forget the portal would accidentally suck me up too."

ToonGuy: According to the Urban Dictionary, 'aiya' means 'A Cantonese expression of displeasure'.....so, Eggman's Cantonese? News to me.

CaptainPipsqueak: So he's an Egg roll, then.

Nox: Or... it's just a random sound and we should always question the Urban Dictionary.

SC276: The part of Dr. Eggman will be played by the main characters of *Jackie Chan Adventures*.

before he, his eggmobile and the chaos emeralds got sucked inside...

JofY: Got sucked inside... Inside... Not going to follow up on that?

SC276: Oh good to know the Chaos Emeralds are here. That would've been nice to know *BEFORE NOW*.

Tophers: I mean, my knowledge of Sonic lore is minimal, but are the chaos emeralds ever NOT around?

Mononeko: And once again, we experience the danger of starting in medias res.

CaptainPipsqueak: Well, if it helps, they're not here *now...*

BittplexMutt: And then he died... The End.

Later...

Dark Angel: That's all there is? Well, later. (is about to walk away before...)

Sonic woke up

Dark Angel: ...Goddamnit.

Mononeko: We still wish he didn't.

with a sudden headache as he stood up and found himself deep in some forest.

JofY: Okay, why does every single character wake up in the forest? Is that just the center of the universe there?

Dark Angel: Technically, the center of the MLP universe is to the left of the forest.

CaptainPipsqueak: Actually the center would have *been* the forest, but Zecora kept screaming something about 'getting the fuck off of her lawn', so...

ToonGuy: The only thing deep here is the depths of the unoriginality on display.

Nox; Why can't we have a character wake up tied to the railroad tracks?

"I hope this is still Mobius" he said to himself before walking in a random direction. Soon he heard a twig snapped behind him.

JofY: *pulls out gun* **CHANGELING!!!**

SC276: More likely he stepped on a twig while running and heard it behind him because he's fucking *Sonic*.

CaptainPipsqueak: I'm with JofY on this one. *pulls out baseball bat.*

ToonGuy: Of course, THE TWIG UPRISING HAS BEGUN!

CaptainPipsqueak: Their slogan: ***STICKIN' IT TO THE MAN!***

Topher: I HAVE PREPARED FOR THIS DAY! *pulls out more incendiary weapons than words can define* *promptly drops most of them*

Nox: For a second I thought this was a crossover with Undertale.

He quickly looked behind but saw nothing. "That's strange..." He said with caution but lowered his guard in a few seconds. He turned around again just to be face-to-face with a giant growling bear.

JofY: Boo! Use better alliteration!

BittplexMutt: Oooh, so close author.

SC276: How about "giant growling grizzly"- *will whoever is doing that headdesking please stop thank you*

Dark Angel: (with a forehead full of splinters) Oh, sorry.

CaptainPipsqueak: Keep up with the alliteration - I wanna see if he'll start tunneling through the floor with his forehead.

Mononeko: Ask and ye shall receive. *grabs a dictionary* Giant growling gangly gallant generous gay grieving groggy gentle ghostlike glamorous glittering green grotesque generic giddy gleeful gnarly graceful guilty gutsy German grizzly.

ToonGuy: This is an....interesting experiment.

CaptainPipsqueak: And only Dark Angel is being hurt!

Topher: *Busily scribbling on a clipboard* Remember, kids! The difference between screwing around and science is writing it down! *Continues to doodle aimlessly*
Dark Angel: (crashes through the ceiling) The next one who does that, I'm aiming my head at them.

Nox: [Bear] "Hedgehog. Don't you know how to greet a new pal?"

"Grrr to you too.

JofY: He didn't say 'grrr'.

BittplexMutt: Yeah, he said "Growl."

ToonGuy: I thought it was "Roar."

Hey, could you give me directions to the nearest town?" Sonic asked the bear as the bear replied with a pounce at him.

CaptainPipsqueak: [Bear] "A pounce at him." ... "Is...is that really my line, or did I misread it?" ... "I'm still getting paid for this, right?"

BittplexMutt: [Sonic] "Why did I think this was a good idea?"

With a front roll dodge and 1 spin-dash K.O.,

Mononeko:

CaptainPipsqueak: Is he gonna go for a Fatality now?

Sonic defeated the bear and sighed in disappointment.

SC276: Matches my mood at moments like this.

Calico103: I like to imagine the bear just poofed away in smoke and made that silly sound effect when Sonic hit him.

JofY: Isn't Sonic pro-animals?

CaptainPipsqueak: Only cute ones. Just like most animal activists.

"I guess not"

Calico103: Sonic's responding to our riffs now? Huh, I guess I *haven't* seen it all...

Later...

Dark Angel: So *now* it's done? Later...

Sonic finally made it out of the forest

Dark Angel: DAMNIT!!! I fell for it again.

ToonGuy: Yeah, that'll happen.

and stood on a cliff, watching a bright sun in a clear blue sky and a town or village not far from him.
"Finally, some households"

JofY: Maybe these households will have kitchenettes with toiletries.

CaptainPipsqueak: And walk-in closets?

RJ: Let's not get our hopes up on what to expect from these households, okay?

CaptainPipsqueak: Aw, c'mon...a least a *couple*?

Mononeko: [Sonic] "Civilization."

he said to himself before taking a huge leap and landed close to the nearest building.

SC276: OK, even for Sonic, that's ridiculous.

Dark Angel: Did you expect anything different?

BittplexMutt: Somehow.

CaptainPipsqueak: ...preceded by a burst of flatulence that set fire to trees within a quarter mile.

ToonGuy: "Sonic is now a splat on the middle of the road."

"I wonder if they got chili dogs 'round here?"

Calico103: It's a Sonic fanfic. *Of course they do.*

Dark Angel: I hope he's alright with soy dogs.

CaptainPipsqueak: *shudders*

Mononeko: Goddammit *I was joking when I referenced...that!*

Before he made himself noticed, Sonic saw something that surprised him.

BittplexMutt: [Sonic] "Whoa, is that oven on fire?"

Mononeko: [Sonic] "MY PIE!"

CaptainPipsqueak: [Sonic] "Hey, this looks like a TV guide! ... *Holy shit; they're bringing back Pushing Daisies!*"

The town folks was animals like him, but they were ponies!?

JofY: Okay, once again, why does every single character have to be so fucking shocked at an alternate species that has intelligence?

Dark Angel: Does it count as being like him if the ponies aren't anthropomorphic like he is?

CaptainPipsqueak: Oh God; don't bring anthro ponies into this...

ToonGuy: Even the author is stunned that he has to write My Little Pony characters!

"Ponies?!" Sonic said softly to himself.

Mononeko: Ponies?!

CaptainPipsqueak: *PONIES!!!!*

"What kind of world did Eggman send me to this time?"

"HELLO SPIKY GUY!"

JofY: [Spike] "Hi!"

A voice yelled in Sonic's left ear which damaged it.

JofY: Oh god! I didn't think that much blood could come from an ear!

SC276: Didn't Sonic bleed enough *last* week?!

CaptainPipsqueak: Sonic can *never* bleed enough.

"What the heck!?" Sonic almost shouted,

SC276: He didn't finish shouting because his throat exploded.

rubbing his poor ear as he looked at the crazy person who did it.

Mononeko: Only to realize it was a crazy horse instead.

It was a pony with a light pink coat with a darker pink mane and had a balloon cutie mark.

Calico103: Sonic just randomly knows what cutie marks are, I guess.

ToonGuy: He's seen enough fanfiction to know where this is going.

CaptainPipsqueak: Sonic's been places and *seen* shit, man.

She was currently holding a megaphone and had a smile on her face.

JofY: Pinkie has had a real problem with performance enhancing tech.

Dark Angel: Did she also have a mega buster while singing Megalomania?

"What was that for?!" Sonic asked with an annoyed tone.

JofY: And time. I no longer believe it's Sonic in any single iteration.

CaptainPipsqueak: Yeah, you don't get out *that* easy.

"That is how I usually greet weird looking strangers with spiky blue fur and a long nose wearing gloves and shoes and socks!"

Calico103: "I mean, given you're the only one fitting that description so far, it's *technically* true..."

BittplexMutt: [Pinkie] "Get it? Because I'm weird and I break the fourth wall!"

CaptainPipsqueak: [Pinkie] "They said I was crazy when I had a set-up for this sort of contingency...Proved *those* fuckers wrong, didn't I?"

Mononeko: "Or was this the way I always greet two-tailed flying foxes with gloves and shoes and socks?"

Topher: Of course, this is only Pinkie's method. The most common method of greeting hedgehogs crossing over into other media is as follows: *Shoots Mononeko in the head*

Mononeko: Well, at least it wasn't the jaw this time. *falls to the floor*

Nox: MAN DOWN!

She shouted through the megaphone once again before Sonic grabbed it out of her hoof.

BittplexMutt: [Sonic] "NOW LET'S SEE HOW YOU LIKE IT!"

"Stop it!" He said with anger

BittplexMutt: Suddenly, *Inside Out* crossover.

ToonGuy: And this turns into a Death Battle for some reason.

CaptainPipsqueak: Any time is the right time for Death Battle.

Mononeko: Well, they already used Rainbow Dash. Didn't see Pinkie as the perfect replacement against Sonic, though...

as his ears was hurting more than his head right now.

"Hmm... Your frown needs to be turn upside down humpty grumpy" she said, turning a fake frown on her face into a happy one.

SC276: Not even Pinkie could make us smile at this fic.

Dark Angel: Uh... Pinkie? I think this is the wrong character to be making Humpty Dumpty jokes about.

CaptainPipsqueak: Poor Pinkie Pie. Pressed into playing a part of this pissy prose. ... Eat it, bitches.

"Whatever" Sonic said, walking away from the crazy pony. A couple of minutes walking Sonic already gotten some weird glances from other ponies.

Calico103: Grammar has left the fanfic!

ToonGuy: Was it ever really here?

Mononeko: It was hidden and had escaped just now.

CaptainPipsqueak: Dunno how it keeps managing that. You've checked the walls for holes, right?

Dark Angel: I think it uses plotholes.

"Hiya!" A familiar voice shouted at him from behind as he turned around with an irritated expression.

Mononeko: And then Sonic turned this into a gorefic.

"What do you want?!"

"You still have my speaker humpty grumpy"

Calico103: Okay, *pretty* sure Pinkie Pie is creative enough for more than one unique insult.

Mononeko: Pinkie Pie is. The author just isn't.

ToonGuy: And if you're telling me that she hasn't got more than one speaker with her, then I am disappointed.

CaptainPipsqueak: Shit, she's got an entire *planet* in her mane.

the pink pony said with a smile as Sonic looked at his hand and noticed the megaphone.

Dark Angel: Did he completely forget he was holding that?

"Here you go but don't shout with that thing in my ear again" Sonic demanded as he handed over the megaphone. "I COULDN'T HERE YA THERE GRUMPTY, WHAT WAS THAT!?" The pony shouted once again in the blue blur's ear before Sonic took it off and yelled it in hers.

JofY: Hold on fic, I think we can add a bit more needless conflict to this fic.

SC276: Does anyone else regret all their life choices yet, or is it just that I have a midterm this week?

CaptainPipsqueak: I regret all *your* life choices. Is that good enough for you?

Dark Angel: Does anyone else see the wording and picture Sonic actually taking off his ear?

ToonGuy: Well now I do. Sonic is clearly a zombie!

CaptainPipsqueak: Zombic the Hedgehog.

Topher: Now I'm imagining a horde of those bullshit running zombies all chanting "YOU'RE TOO SLOW!"

"don't shout with that thing in my ear again!" Before stomping off.

CaptainPipsqueak: It's in his *ear* now?

"Gee, don't need to shout humpty grumpy"

Calico103: Humpty grumpy, humpty grumpy, humpty grumpy... A little variety would be nice.

BittplexMutt: Humpty grumpy sat on a wall... Humpty grumpy started to brawl.

ToonGuy: All the Ring's rifiers and all the Ring's friends, couldn't make Humpty less shitty again!

Soon...

JofY: The sun will rise?

BittplexMutt: This'll be over soon?

Mononeko: There will be more of this bullshit?

CaptainPipsqueak: There will be blood?

SC276:

A giant robot appeared from the sky followed by Dr. Eggman in his eggmobile as he laughed like a maniac at the fleeing ponies.

SC276: Boy, Eggman managed to get one of his robots made quickly considering that, despite what *Springtrapped* would have you believe, Equestria doesn't have electronics.

BittplexMutt: Eggman's most villainous thing yet: just flying a giant robot to scare ponies.

ToonGuy: That cold hearted snake!

Mononeko: How could one be so evil?

CaptainPipsqueak: I think it's kind of cool.

"Forget Sonic's world, this one seems easier to conquer for my eggman empire!"

JofY: Yes, it's much easier to defeat the beings with magical powers, than simple animals.

BittplexMutt: And five alicorns, if we're counting Flurry Heart.

Mononeko: Considering Flurry is kind of a loose cannon involving magic and, you know, a baby, I'd say four-and-a-half.

SC276: Hmm, animals with magic, humanoid animals that might as well *be* magic... I'd call it even, personally.

ToonGuy: Eggman's dictionary has some interesting definitions for words.

CaptainPipsqueak: Hey, Eggman plays by his *own* rules.

Dr. Eggman said as his red robotic creature used his claws to smash in some roofs which caused crashes and earthquakes.

"What in pony's name?"

JofY: One p, one o, one n, and a y.

ToonGuy: This fanfiction is asking us the deep questions. Like why are we reading this?

A purple pony known as Twilight asked as she rushed outside her home before glancing over to the robot destroying the village.

SC276: OK, Ponyville is bigger than a village, and even Sonic should know that.

Dark Angel: That could be debateable. I grew up in what was referred to as a village. And I'm pretty sure it was bigger than Ponyville.

CaptainPipsqueak: Ponyville appears to be as big as they need it to be.

ToonGuy: Thank you, I assumed that the purple pony was someone else before you brought it up.

CaptainPipsqueak: Well, it could have been that purple pony over there or the other one sitting at the table eating lunch.

"What the?!" A sky blue pony known as Rainbow Dash asked as she looked down at the destruction the robot was creating from the clouds.

SC276: OK, no attempt at characterization. Good to know.

CaptainPipsqueak: It's like the author wants this done quickly, too.

BittplexMutt: [Rainbow Dash] "Meh, not the weirdest thing I've seen today."

ToonGuy: As long as we know what colors they are, that is all that matters!
Mononeko: Well, as previously established, it is in a Sonic shipfic.

"What in tarnations?!" An orange pony known as Applejack asked as she and her family looked at the smoke emitting from the houses.

SC276: We're just going to go through each of them, aren't we.
BittplexMutt: Eeyup.
Mononeko: Great.
ToonGuy: Yes author, you know what colors are, great, move along.

"What in the world?!" A snowwhite pony known as Rarity asked as she looked away from her huge red emerald she just found in the grass.

SC276: ...Took me a moment to remember the Chaos Emeralds came here too.
Dark Angel: If it was red, how'd she know it was an emerald?
BittplexMutt: Great, now I'm imagining Rarity as Snow White.
ToonGuy: Would make an interesting story, at least. Which this isn't.
Mononeko: If Rarity was Snow White, who are the evil stepmother and the prince? I mean, we can use the CMC and four other foals as the Seven Dwarfs...
CaptainPipsqueak: I call Blueblood as the Evil Stepmother.
Topher: Only if Gilda can be Grumpy!
Dark Angel: Would that make Gabby be Happy?
CaptainPipsqueak: No. All seven dwarves would be clones of Spike. They'd fight each other constantly.
Topher: THIS IS NOW CANON!

"Woah, looks like fun!" The pink pony known as Pinkie Pie

SC276: ...that was already introduced...
CaptainPipsqueak: Betcha he does this any time any character makes an appearance. Ever.

asked at the sudden earthquaking ground but then looked at the disruption.
"Ah, oh no!" A yellow pony known as Fluttershy exclaimed at the scared and shivering little critters around her as the earthquakes became worse.
"Ah, oh yes!"

JofY: Suddenly Kool-ade.

Sonic said with relief to not worry about destruction to his world as he looked at the mad doctor with his mad robot.

JofY: [Robot] "What is love!? TELL ME!!!"

"It's time to motor!"

JofY: "Just wait till I get my car! Then you'll be sorry!"
Calico103: Time to... motor? Okay then... Brbrbrbrbrbrbrbrbrbrbrbrbrbrbrbr!
SC276: So I'm just going to *imagine* I'm driving a racecar...

ToonGuy: Clearly we've got this Sonic from Sega All Star Racing.
CaptainPipsqueak: Murder? A guy after my own heart. ... No, wait...*squints* Oh.
'Motor.' ... Shit.

He said with excitement as he ran towards the raging machine. With one dodge from it's claws and one swift kick, the robot was down.

JofY: Okay, most take at least three. How shoddy was this robot?
SC276: Well he apparently made it over the course of, like, two minutes...
Mononeko: It's the first boss, he's supposed to be easy.

"God darn it!" Eggman exclaimed with anger as he looked at Sonic.

Dark Angel: Apparently this fic has been dubbed by 4Kids.
CaptainPipsqueak: And a moderately confused dub as well.
Mononeko: Wouldn't we have had a terrible rap intro if that was the case?
ToonGuy: And now, I'm imagining Sonic with a Brooklyn accent.

"Is that all you got egghead?!"

JofY: [Twilight] "No, I still have my dignity."
SC276: [Sonic] "What? No, I wasn't talking to you. I'm talking about *that* egghead."
[Rarity] "I can tell this is going to get confusing quickly."
BittplexMutt: [Rainbow Dash] "Who is stealing my lines?"
CaptainPipsqueak: [Sonic] "Shut up, blue pegasus; nobody is talking to you!"
Dark Angel: [Spike] "Is anyone else getting a "Who's on first" type feel from this?"
[Owllicious] "Who?"

Sonic shouted at the fleeing eggmobile with a cocky smirk before turning around and got kicked by the recovered robot and flew into a wall.

SC276: Nice job, Sonic.
BittplexMutt: Not just any wall, but *the* wall.
ToonGuy: It was just another brick in the wall.

Before Sonic could do anything, the robot injected him with a needle that had red liquid inside.

SC276: Because punching and kicking clearly hasn't worked so far!
RJ: A needle tears a hole, that old familiar sting...
ToonGuy: Oh well, at least it wasn't a needle that had green liquid. Then we'd be fucked.
Topher: Remember to go easy on the plasmids Sonic, or you'll go mad!
CaptainPipsqueak: You stupid robot! You're supposed to take the blood *out*, not put it back *in*!
Mononeko: That's some weird colored heroin...

Sonic tried to stop him but it felt like his brain was slowing down or something as the red liquid was flowing through his veins.

JofY: I must say, it must have impeccable aim if it were to get right at his veins.

CaptainPipsqueak: [robot] "I AM A ROBOT; WE DO *EVERYTHING* RIGHT. BEEP. BOOP."

Before he knew it the robot was finished and left the scene. Sonic's vision then became blurry afterwards and before he passed off, he saw a purple blur

Calico103: One of those stupid OCs, no doubt...

Topher: Oh shit, I think that may have actually been ADAM.

appear in front of him.

Not long after Sonic appeared in a pitch black background.

SC276: Oh great, *another* visual writer.

Mononeko: Suddenly, Sonic.exe again!

JofY: Damn it, who forgot to activate Windows!?

CaptainPipsqueak: It's okay. One of you *idiots* just crammed it with a bunch of bloatware.

"What the? Where am I?" He asked himself as he looked around and suddenly saw the robot he fought earlier. "You back huh? Ready for another round?"

CaptainPipsqueak: [robot] "BRING IT, BEEYATCH. BOOP. BEEP."

Sonic asked as he got ready to fight. But the robot just simply said, "beyond"

"What do you mean 'beyond'?"

Mononeko: He forgot the "infinity." part.

SC276: No, he forgot the Bed and Bath parts.

CaptainPipsqueak: Or 'Space: Above and'

JofY: Well, there are two options, good and evil, or souls.

ToonGuy: His favorite of the new Star Trek movie.

A confused Sonic asked before he woke up, panting and covered in sweat.

JofY: Vague foreshadowing is frightening.

CaptainPipsqueak: Also vague.

Dark Angel: Today on WatchMojo, the top 10 strangest wet dreams in fanfictions.

"What was that all about?" He asked himself

SC276: I'm asking the same thing myself.

CaptainPipsqueak: Everyone on Earth wakes up some mornings and think this.

ToonGuy: [Sonic] "I had this horrible dream I was in a shitty- You know what, you know the punch-line, I know the punch-line, let's just move on."

before looking around and noticed that he was in bed in an unfamiliar room. "And where am I?"

Mononeko: A Mobian asylum?

CaptainPipsqueak: *looks around* Nnnno....I don't see him here.

After standing up and walking downstairs, he noticed that the moon was beginning to rise.

Mononeko: And then he became a werehog.

SC276: Could only make this story better.

CaptainPipsqueak: LI...Nah.

He walked some more around the house before deciding to stay in rather than going outside. He also heard humming through a nearby door. As he opened up to see who was inside, he began to asked, "Hello, is anyone-". His question was cut short when he realized he was in the bathroom and behind the curtains of the bathtub was a pony.

JofY: And what? About to turn on the water? Else he would have heard it, and known that someone was bathing.

ToonGuy: Oh that Sonic! *cliched sitcom music happens*

Dark Angel: Is anyone else hoping this turns into a Psycho crossover?

CaptainPipsqueak: Depends. Who gets to be the stabby-stabby?

A FEMALE PONY!

Calico103: ...Okay, this fic took me from bored to very uncomfortable in record speed.

Topher: And more importantly, there was also AN ALLIGATOR! I DON'T KNOW HOW TO CHECK THE GENDER ON THOSE!

JofY: Sonic needs to kill her for his mother.

SC276: Both he and most ponies are naked, this is kind of a minimal issue.

CaptainPipsqueak: He found himself getting a hard-on for no apparent reason.

ToonGuy: Because if it was a male pony, that's perfectly okay. I guess. This is stupid.

"Aaahhh!" Twilight screamed in embarrassment as Sonic was thrown out and the door was shut all by her magic horn.

Mononeko: As opposed to her non-magic horn.

CaptainPipsqueak: I'd be kind of worried if she had one...

JofY: Oh no. He saw you as you usually are...

Dark Angel: In a ship-fic, I'd rather not hear about her "magic horn".

"Ow" Sonic exclaimed still with an embarrassed expression before picking himself up.

"I better get outta here..." He said knowing the consequences.

JofY: He'd knew the laws and punishments of Equestria already? Must be a fast learner.

SC276: [Sonic] "I don't want to find out where *this* one keeps her hammer!"

Who would still want a stranger in their house after that transaction?!

Before Sonic could dash off, a voice from the toilet's direction shouted at him.

Mononeko: Oh god, it's that fucking hand from Majora's Mask...

SC276: Or Moaning Myrtle.

CaptainPipsqueak: Or the talking german toilet from DBZA.

ToonGuy: Or a fourth toilet joke.

Dark Angel: I think our jokes are really starting to go down the crapper.

"Wait!"

When Sonic looked back, he immediately blushed at the purple pony with a towel around her lower body.

A/N: Seriously who blushes at a pony in this condition even though it doesn't wear clothes all day long?

Calico103: You don't know? It's your own fic!

Mononeko: Well, Sonic wears shoes and gloves, so he's *kinda* clothed...

Topher: I think it's kinda like a wet t-shirt contest. It just... brings out the detail.

CaptainPipsqueak: Author? Don't... don't do that again.

ToonGuy: Send help!

Dark Angel: I think we're beyond help.

Twilight wasn't happy at all about what happened.

JofY: This was the third time her fantasies of being raped in the shower were dashed!

CaptainPipsqueak: She tried to get Spike involved once or twice, but it was really more creepy than erotic.

SC276: Well if Sonic barged in on me in the shower, that means there *is* a giant kill sat space station in orbit around the planet, and I would most certainly not be happy!

"Look I didn't mean to come in like that-"

"Well maybe you should think about knocking next time!"

JofY: Knock on every single door, even if it just leads to a hallway.

CaptainPipsqueak: Or a bedroom closet. You might see the dresser's underwear if you don't knock and give it a chance to close the drawer.

ToonGuy: It's only the polite thing to do. Knock on every door, until you get an answer, even if no one ever answers you and you're left alone in the cold dark, abandoned. Just like the real Sonic the Hedgehog!

Dark Angel: How was he supposed to know it was a bathroom? I didn't even know it was a bathroom until the narration told me.

Twilight interrupted with annoyance and less anger than expected. "I know and I'm really sorry" Sonic pleaded for forgiveness. "I know you're"

Calico103: I don't think that's how grammar works.

CaptainPipsqueak: ` He is' what?

Dark Angel: [Twilight] "Don't you know who I'm?"

she replied calmly as she began to walk upstairs.

"Where are you going?"

"Bed, and you?"

"Well I just slept so I'll be up for a while" Sonic explained before receiving a nod from the purple pony.

SC276: And it just occurred to me that Twilight doesn't ask how he's feeling even though he got kicked by a robot and injected with a weird red thing- come to think of it, why isn't he trying to ascertain Eggman's location?

CaptainPipsqueak: You know better than that.

ToonGuy: Screw that, HE'S a talking hedgehog, why the hell isn't she questioning that?!

"Oh and urm what's your name?"

"I'm Sonic, Sonic The Hedgehog" Sonic said with a cocky smirk as he stood in one of his famous stances.

JofY: Having lost his sense of class apparently.

"That's strange, you didn't thought hedgehogs could stand and be... Blue..."

Mononeko: Wait, who the hell is talking here?

JofY: I don't know, Toon Guy.

Mononeko: Thanks for the help, Crazy.

CaptainPipsqueak: Ringmaster, BittplexMutt, stop sniping at each other.

ToonGuy: Honestly, Topher, they're always at each other!

CaptainPipsqueak: Too true, Mononeko.

Topher: Yeah, shut up or I'll shoot you, Joy! *Shoots self in head*

Dark Angel: See what you guys did? You made Pipsqueak shoot himself.

CaptainPipsqueak: ...bastards...

Crazy56U: ...okay, then...

"Well in my world there isn't ponies with tattoos on their rears"

RJ: [Sonic] "At least not the ones you take home to mom."

Topher: [Twilight] "Hey! I'll have you know that I paid a lot of money for the cereal that had this tattoo in the box!"

CaptainPipsqueak: [Twilight] "So it's not bad enough you barge in while I'm taking a shower, you were checking out my ass, too?!"

"It's called Cutie Marks"

Mononeko: "It isn't a tattoos."

CaptainPipsqueak: Cutie Marks, a debilitating disease that cause you to slowly become what it appears. Pinkie is even now turning into a bundle of balloons.

ToonGuy: AKA, a more exciting fanfiction than what this is.

"Okay but you didn't told me your name"

Mononeko: Well, enough about cutie marks...

CaptainPipsqueak: [Sonic] "That's cool and I immediately accept that without a second thought."

"Oh sorry, it's Twilight"

"Nice name Twilight"

CaptainPipsqueak: [Sonic] "...wanna fuck?"

ToonGuy: Don't give the shippers ideas.

Dark Angel: Too late.

"Thanks. Well I betta get some rest,

Mononeko: Yeah. I alpha get some sleep too...

SC276: Bullsigma.

ToonGuy: Omega God, wash your mouth out with soap!

Dark Angel: This is not gamma end well, is it?

CaptainPipsqueak: Eh. We've delta with worse.

see you in the morning Sonic"

"Likewise" Sonic said with a smile before she left. Sonic just sat down and thought about what he just dreamt. 'Beyond? What does that mean?'

SC276: Don't know, don't really care.

End Of Chapter 1

Me: Finish!

SC276: What, are you auditioning to be the next announcer for *Mario Party*?

CaptainPipsqueak: Me Captain Pipsqueak. Him SC276.

ToonGuy: Me done!

Dark Angel: Me myself and I.

I know it's short but it's just the introduction.

JofY: Stop talking me! *shoots self*

Conscious: Yeah right idiot!

Calico103: ...Oh good, the author's talking to himself. This'll be *fun*.

BittplexMutt: I really hate when authors do this. It's not charming, it's not funny, it's just plain annoying.

JofY: Yeah. I mean, who would possibly so inane to put their words into a script format!?

Mononeko: Well, it seems we've got another lunatic on our hands!

CaptainPipsqueak: And this time it's *not* one of us!

ToonGuy: How rare.

Me: ...Who was that?

JofY: A poor excuse for a joke.

Conscious: I'm George Washington the 3rd.

Mononeko: No, you're a terrible writer.

I'm your conscious you idiot!

SC276: ...I can't tell, do you mean "conscience," or are you having your brain talk to you?

CaptainPipsqueak: I'mma just gonna scroll down past this; I'm actually getting embarrassed.

Me: Well then keep quiet, you dragging the chapter!

Topher: You call this arguing with the voices in your head? I've got enough people in here that we've formed a senate! They're about as productive as you'd expect.

Me: I'm back with the first chapter excluding the intro!

Conscious: Actually it's the 2nd. You can't exclude anything jack***

Me: You still here?

Conscious: No I'm in your head!

SC276: Call! Fold! Call! Fold! I'm inside your heeeaaaaad!

Me: Please shut up and let everyone read the story

SC276: No, by all means, continue arguing with yourself until you hit the cutoff point.

ToonGuy: Or before someone cuts you off all together.

Conscious: Whatever

Me: Don't own anything except for the storyline

Conscious: Can't believe you starting your pathetic disclaimers again since The Girl At Emerald High

Mononeko: Haha, it's funny because in-jokes.

ToonGuy: Those are the funnest!

Me: ...

Conscious: ...

Mononeko: ...

JofY: Ack! *gets mauled by tumbleweeds*

SC276: [Nelson] "HA HA!"

Dark Angel: Next time on the Discovery Channel, When Tumbleweeds Attack.

Me: ...Let's begin the chapter shall we?

Mononeko: Or you could just stay quiet...

A/N: Don't think differently about me for Pinkie Pie's actions 'k? It's just for fun.

Mononeko: Oh god this can only end up badly...

SC276: Hopefully we'll switch to the next fic before we have to deal with her.

ToonGuy: Well this is going to be fun.

This chapter is for Globe The Hedgehog for being my first review:)

Calico103: Is... is he gonna add an OC for his first reviewer? I wish I was surprised.

Chapter 2: Meet The Mane Six; Emerald Rush

BittplexMutt: Oh boy, I can't wait to meet Emerald Rush.

Mononeko: That's the most terrible name for an OC I've ever heard. And I don't count any of Mykans creations because there's nothing original about them.

Dark Angel: Mycan doesn't make OCs. Mycan just makes Cs. And then we give him Fs for them.

SC276: Also terrible name for an OL: Original Level.

CaptainPipsqueak: Emerald Rush - reminds me of that time I threw up after eating that cake with the green icing.

ToonGuy: Reminds me of that time I tried to inhale crushed emeralds up my nose.....it was an interesting experience, all right?

Dark Angel: It reminds me of when I had to get through Emerald Hill to find the bathroom. Let's just say you don't want to know where the toxic waste from Chemical Plant Zone is from.

Sonic was sleeping soundly on the couch but slowly began to wake up at the sight of someone playing with his nose.

SC276: That is a weird thing for someone to do in their sleep.

BittplexMutt: Somehow, the nose was winning the game of chess.

Mononeko: Better then playing with his di*gets hit with a brick*

JofY: Well, his dick has been played with so many times, according to Deviantart, that he's likely used to it by now.

Topher: *Reaches into bag of bricks* Anyone else?

CaptainPipsqueak: Penispenispenis

Topher: *Places brick back in bag* *Hits CaptainPipsqueak with the entire bag of bricks*

CaptainPipsqueak: ...worth it...

Dark Angel: Isn't Sonic a bit old for the "got your nose" trick?

When he realized it, he quickly shot up and looked at the back to find a smiling Pinkie Pie.

BittplexMutt: Sonic then screamed out in horror.

JofY: [Pinkie] "Cupcake?"

"Morning Humpty!" She greeted with much enthusiasm.

BittplexMutt: [Sonic] "Ugh, is this gonna be a thing?"

Mononeko: Find! Another! Thing! To call him!

Sonic just made an annoyed expression and noticed other four ponies and a small dragon sitting around him as well.

SC276: That makes five. Which one's missing?

Topher: I think the word you're looking for is which one *escaped*.

CaptainPipsqueak: Or possibly 'dead'.

ToonGuy: Which is really an escape in and of itself.

Dark Angel: What color is the cupcake?!

"Uh hey there" Sonic said with a wave as the other ponies greeted back with their names except for Fluttershy who just looked down in shyness.

CaptainPipsqueak: Actually, she was trying to decide whether to put him on her customer list or if he was just passing through.

"My name's-"

"Sonic, you finally awake" Twilight interrupted as she came out of the kitchen and sat down. "Before you explain to us-"

Mononeko: "Why the fuck everybody is talking about daisies getting pushed."

"How cool did it felt to crush and trush and punch and munch that robot into tomorrowland" Pinkie Pie interrupted as she showed off her speech.

Calico103: And she didn't even have to rehearse!

SC276: Can no one let someone finish a sentence here?!

CaptainPipsqueak: No.

ToonGuy: Tomorrowland? You mean he punched a robot into a middle of the road Brad Bird movie? Huh. Nifty.

"Yeah and with one kick too" Rainbow Dash explained as she flew up a bit with a kick.

Mononeko: Wow. Flying up with a kick instead of using her wings.

CaptainPipsqueak: That stunts li'l firecracker!

Topher: You think that's cool? Watch as I fly using BRICKS! *stands on top of small pile of bricks* I'M FLYING!!

Mononeko: *topples over the pile of bricks* Oops...

Topher: *Hits Mononeko with a brick*

CaptainPipsqueak: [Fluttershy] "Ahem. There are easier ways..." *raises eyebrow*

"You guys, that's not what I was going to say.

SC276: [Twilight] "I can see you're going to be idiots in this story."

What I was going to say was about him coming from another universe"

"Woah what now?" Applejack asked with confusion.

Mononeko: What did ya say 'bout them new-fangled 'Alternate Dimensions?' ...The part of Applejack will be played by Granny Smith.

CaptainPipsqueak: She probably thinks 'universe' begins with a 'y'.

ToonGuy: Oh come on, Applejack, this happens practically all the time.

"That sounds so cool!" Pinkie Pie said with enthusiasm as her face was inches away from Sonic's.

"Jus 'n lil closer then I would officially call that a kiss Pinkie"

Calico103: Okay then!

Mononeko: Wait...Sonic is getting shipped with Pinkie? That's impossible! That's against the forces of nature! Paradox! Paradox! Paradox! *crashes*

SC276: Well if they're shipping by color, it makes an odd amount of sense...

CaptainPipsqueak: No. No it does not. Shut up.

ToonGuy: Sense? In this? Pfft, what even is that?

Applejack teased as Pinkie Pie looked away. "Don't come speak nonsense Applejack" she said with crossed hoofs.

SC276: You first.

CaptainPisqueuek: [Pinkie] "You talk all mean. Hurt feelings. 'pologise."

Noone could tell if she was blushing a bit cause of her coat tone.

Calico103: Good, 'cause if they could tell, I'm pretty sure this would be getting a lot mushier.

Topher: Ah, fuck. They're going for a love triangle aren't they?

CaptainPipsqueak: Orgy. I'm calling it now.

ToonGuy: Please don't. I'd like to keep my food where it is in my stomach.

"Look first of all I didn't come to bring trouble or anything and my arch nemesis just sent him and me here with a portal"

Dark Angel: Does this mean that Eggman built Glados?

CaptainPipsqueak: [GLaDOS] "Oh, you wish..."

JofY: [Sonic] "But I'm still fine, both physically and..."

"Really?" Twilight asked with interest before Sonic continued.

SC276: [Twilight] "I'm asking because I don't believe you."

ToonGuy: [Twilight] "This sounds like the plot of a bad fanfiction!"

An half an hour of explaining later...

CaptainPipsqueak:

"What?! Are you saying you have gems at your world called 'Chaos' Emeralds?!"

Mononeko: It took him half an hour to say that?

JofY: Are we just going to have the characters going over the unnecessary exposition anyway?

ToonGuy: Sounds like we are! GOODIE.

Twilight asked, getting a little bit of nervous. "Yeah, what's so bad 'bout that?"

Mononeko: The part of Twilight Sparkle will be played by Applejack.

CaptainPipsqueak: The part of Applejack will be played by a tree.

"Chaos is something really dangerous in our world, especially in Everfree Forest"

SC276: ~I'm sick of all this goodness, give me chaos instead!~

JofY: Discord soon sued for defamation.

CaptainPipsqueak: And mental stress. The irony was palpable.

"Sounds bad" Sonic said, but not changing his mood to worry or scared inside or out.

Calico103: Author being as incomprehensible as ever...

Mononeko: Okay author, where the fuck do you even come from? *checks FF.net*

Okay, you're South African, I can kinda see where you're coming from then.

SC276: Yet another victim of Google Translate...

ToonGuy: We should really start a charity for that.

CaptainPipsqueak: Yes, we could certainly use the money.

Then Sonic noticed Rarity took out a red emerald and started admiring her beauty from her reflexion.

Mononeko: Because that's all Rarity gives a shit about, amirite?

CaptainPipsqueak: Meanwhile, a boulder in a field somewhere begins to fill with impotent seething rage.

He also noticed that the dragon next to her had a dreamy expression but just shook it off.

"Where did you get that?" Sonic asked, pointing at the red emerald inside Rarity's hand.

JofY: [Rairty] "Well, OH GOD WHAT HAPPENED TO MY HOOF AAAAAAAAAAAAAAAH!"

Dark Angel: Please don't tell me they're anthros. Mykan doing that is bad enough.

CaptainPipsqueak: If anthros get brought into this, someone dies.

"Why'd you ask blue boy?" Rarity asked with curiosity.

SC276: Why'd you call him "blue boy," white girl?

ToonGuy: That's racist! *ding*

"Cause that looks like a chaos emerald"

JofY: After all, you wouldn't want to have to write that extra encounter to get it.

"Well I found it Sonic" she said with a strict face.

Mononeko: As is written by our forefathers: Finders keepers, losers weepers.

CaptainPipsqueak: [Sonic] "I'll Death Battle you for it." *draws switchblade*
[Rarity] "You're on, bitch." *pulls nunchaku out of mane*

"I know, just make sure you don't-" Sonic couldn't finish because the door opened and a long claw grabbed it out of a stunned Rarity's hand and went out.

Calico103: Because why not.
SC276: Rarity has hands now?
JofY: My god! They forgot to knock! That bastard claw!
CaptainPipsqueak: Rarity was wearing her foam hands that day.

"...Lose it"

Mononeko: *slow claps*

After running outside, Sonic looked up to see Dr. Eggman with his robot from before laughing menacingly as the robot ate the emerald

Calico103: I can't imagine that's good for one's teeth.
Toph: *Casually snacking on bowl of pebbles* Oh, no it's not. This is actually quite painful. *Continues eating* The shit I do to get a laugh around here, I swear....
SC276: [Sonic] "Those things were made out of rock candy this whole time, and no one told me?!"
CaptainPipsqueak: [robot] "NOMNOMNOM. BZZT. BWEEP."

and grew a bit and changed his no glowing eyes to red glowing eyes.

Calico103: Apparently "no" is a color now. The more you know.
BittplexMutt: I wonder what color "yes" would be..
Mononeko: Simple. Yes.
SC276: I see Eggman decided to make a fake Chaos. Because that wasn't already done.
CaptainPipsqueak: Discord is talking to his lawyer right now.
ToonGuy: Oh look, red eyes. How original!

"Ho ho ho, that's one emerald down, six to go. Now my Egg Terminator, attack!"

Mononeko: [Egg Terminator] "Hasta la vista, baby."
CaptainPipsqueak: Should have just made it Eggs Terminator.

Dr. Eggman ordered before a charging robot flew towards Sonic.

SC276: Not the one that just ate the Emerald, a *different* robot.
CaptainPipsqueak: ROBOTS! EVERYWHERE!

"Not again egghead" Sonic stated before jumping out of the way and in mid-air use his homing attack on the robot. Unfortunately for him the robot caught Sonic and threw him right back in the house and came from the other side out.

Calico103: I think my brain is becoming desensitized to crimes against grammar, but I still have to strain to understand a lot of this trainwreck.

CaptainPipsqueak: Someone said something and then something happened. That's what *I* took from this.

ToonGuy: I feel as though we need a diagram to understand each sentence in this trainwreck.

"Owi" Sonic exclaimed as he rubbed his head.

JofY: [Sonic] "Owi, my money."

"Partner, watch out!" Applejack warned in the house before a floating Egg Terminator appeared and used it's stretching claws at Sonic.

SC276: OK, I seriously can't tell if there's more than one of these things or not.

CaptainPipsqueak: *EVERYWHERE!*

Fortunately for Sonic, Twilight used her magic to force it out of the way. "Thanks Twi"

"Thank me after we get rid of this robot" She replied as she came to Sonic's side before Sonic got an idea.

"Hey, I've got an idea Twi"

SC276: [Twilight] "I know, the narrative already said that."

CaptainPipsqueak: It never hurts to point it out more than once.

ToonGuy: It happens so rarely that it's worth noting.

"Don't be selfish then, share away"

JofY: "Well thank you dear friend, I shall now proceed to share the details of my plan within earshot of our fiendish foe."

CaptainPipsqueak: "And I shall be as long-winded as possible, so the robot can catch and kill us."

ToonGuy: "Here, let me get this megaphone out and shout through it, thus increasing the likelihood of what I just said happening."

"Spin me 'round fast til I say so 'k?"

Calico103: Sonic lost the ability to spin dash by himself? What, was the portal haunted or something?

JofY: I'm more curious how he managed to survive without any rings.

Mononeko: *hums a tune*

"Sure" she said before using her magic to spin the crouching Sonic. As the swing became faster and faster and faster, Sonic finally said, "Now!"

Twilight stopped her magic and Sonic spin-dashed through the robot's chest.

SC276: OK... Don't know why Twilight was needed for that, but OK...

JofY: Hell, what if she didn't realize that he was supposed to be thrown, and just stopped him in midair?

"Now that's what I call a spin control"

SC276: I... I don't think that's an actual phrase.

Calico103: I think you just made that up, Sonic.

CaptainPipsqueak: Sonic: breaking new ground since...whenever.

ToonGuy: Sonic's trying to get his new fangled phrases into the Urban Dictionary.

Sonic said with a smirk before landing in front of a cheering crowd of ponies. "God darn it!"

JofY: *gasps* Language!

Dark Angel: Foul language like that makes me so peeved!

CaptainPipsqueak: Yes, I'm so fucking cheesed off!

ToonGuy: Shit like this just darns my socks!

Dr. Eggman said before using a giant magnet to carry his Egg Terminator away.

Mononeko: [Egg Terminator] "I'll be back."

"Alright guys, I didn't do it alone really, but thanks for the feedback"

JofY: Sonic soon added a subscription service for his work based on that feedback.

CaptainPipsqueak: He got three whole subscriptions that month. *Three!*

Sonic explained as he walked away from the crowd.

Dark Angel: As the crowd exploded.

CaptainPipsqueak: As crowds are wont to do.

"That was great teamwork back there Twilight" Sonic said as he gave her a wink and a thumbs up.

SC276: Completely unnecessary teamwork is still teamwork.

Dark Angel: Oh god. Someone wrote a fanfic with "Sonic Says" skits in it!

CaptainPipsqueak: Sure.

"Sure, thanks. But you defeated the machine Sonic"

JofY: "Ehh... More like was the artillery against it."

"Nah, we defeated it Twi" Just then Rainbow Dash butted in but Twilight was finished anyways.

Mononeko: That would negate the entire point of 'butting in', right?

Dark Angel: Well, Twilight's sentence didn't have a period at the end. Does that count?

CaptainPipsqueak: [Rainbow Dask] "You sayin' my ass is big, buddy?"

"Man you really fast Sonic, but not faster than me!" Rainbow Dash stated with a cocky smirk.

JofY: She instantly feels the need to show off her cock at the slightest provocation.

Dark Angel: Leave Scootaloo out of this.

"Oh really?" Sonic asked.

SC276: Well we know how this is going to turn out.
CaptainPipsqueak: Poorly for all involved.

"Really Spiky Blue,

Mononeko: Spiky Blue sounds like a cocktail.
Topher: It really does, doesn't it? *checks Google* Nope! No cocktail called Spiky Blue. I guess it's up to me! *Opens coat, starts pouring liquids from various flasks into a cocktail shaker*
SC276: Just to be clear, I'm not taste-testing that.
Topher: I didn't ask if you volunteered.
CaptainPipsqueak: If it doesn't kill you within a couple of days, I'll consider drinking it.
ToonGuy: Eh, I have little to live for! I'll take a swig!

Dashie here is the fastest pony in Ponyville! Noone can match her speed!"
Sonic just chuckles at the statement of Pinkie Pie which was getting closer again with curiosity.

JofY: No statement! Bad!

"Why you laughing?"

SC276: y u serious?
ToonGuy: What did the word 'are' ever do to you, author?

"Well not to brag but I'm the fastest thing alive at my world"

Mononeko: "They even sing it in my title theme."

"Oh yeah, well I say we take a race right here right now to settle this!"

Mononeko: Because this cliché needs to happen.
CaptainPipsqueak: *pinches bridge of nose*
Topher: Hang on, let me get my bingo card.
CaptainPipsqueak: Would this be 'pointless filler' or 'rivalry'?
Topher: With these fics? Just consider pointless filler to be another free space.

"Rainbow Dash I don't wanna make a fool out of you"

JofY: Speed is intelligence, right?
CaptainPipsqueak: That explains why the two are so stupid standing still, I guess.
ToonGuy: In this fanfiction? Pfft!

Sonic said trying to walk away from this one.

"You the one going to look like a fool once I'm through with you now come on! You haven't even seen my speed yet"

SC276: Because the Mane Six clearly suck at threat reaction time.

CaptainPipsqueak: Rainbow death-ray the bastard. It's the only way he'll learn.

"That's true, but still--"

"If you win, I promise I'll to give you something"

"Oh yeah, what?"

Mononeko: "My soul."

CaptainPipsqueak: [Rainbow Dash] "My virginity. That'll teach everyone who thinks I'm a dyke!"

Topher: And my axe! Just one of them though. I'm keeping the rest.

Rainbow Dash was interrupted by an enthusiastic Pinkie Pie. "A kiss!"

SC276: Yeah, that'll get him running alright.

Ringmaster: And this is the part where I have to remind everyone that not all samplers end when the chapter does. Anyway, here's Calico's entry, which kind of started off the whole "Sonic multipart" idea when he submitted it a couple months ago. It's a horrible scriptfic by one "TheAwesomeCoolJay" called "My Little Sonic: Friendship is way past cool". If it wins, it'll be done in two parts.

Calico103: You're welcome, everyone!

Dark Angel: If the name is anything to go by, I'm not voting for it. Although, the last one had a ridiculous name, and I actually want to see how it continues.

SC276: Something tells me this fic is going to be less awesome and cool than the author's name implies.

Mononeko: I'll keep in mind to kill you if necessary.

Nox: Thank you Calico.

Topher: You are officially on THE LIST Calico. Granted, everyone was on there to begin with, but I'm going to underline your name!

Nox: How did we *all* end up on THE LIST?

Topher: Oh, various reasons. I have them all written down on THE OTHER LIST. Now, if you'll excuse me, I need to start over on the spiky blue cocktail recipe. Anyone got a spare shaker? Mine dissolved.

Nox: What did I do to get on THE LIST?

Topher: Well there was that one time last week with the marmalade and the jugglers, that was definitely a big part of it.

Nox: How was I supposed to know you were going to put marmalade and sleeping jugglers on the table?

Topher: The sign said "DO NOT SPILL THE MARMALADE!" how could you possibly not notice it?

Nox: I was too busy showing off my dancing skills! Okay.

Topher: Well, you knocked over the marmalade, that set off the machine too early, and I had to spend hours picking juggling pin fragments out of the carpet.

Dark Angel: May I ask why I'm on the list?

Topher: Because your voice is annoying.

Dark Angel: Hey now! That's just uncalled fo- Eh, who am I kidding? Can I at least use the excuse that I can't choose my voice?

CaptainPipsqueak: Meh. I've been on several lists. Momentarily. I'll let you decide what that means.

ToonGuy: Eh. if I ended up on THE LIST, I probably deserved it.

SC276: And now, our feature presentation.

This is something I wanted to do for a while.

Mononeko: Embarrass yourself on FF.net?

ToonGuy: If so, consider your dream achieved! Reach for the stars!

Now we all know Sonic is owned by Sega and My little Pony is owned by Hasbro so that means no sueing.

Calico103: I mean, if this story infringed on copyright, this disclaimer wouldn't exactly help you.

Mononeko: It does infringe on FF.net's rules, but let's face it, the mods probably don't give a shit.

SC276: No one has taken down that *Mega Man* scriptfic I wrote years ago where the Robot Masters re-enact "The Raven," so... yeah.

CaptainPipsqueak: "Do you hear that, kids? Don't sue me, 'kay?"

Note: This is my first story to be in chapters

Calico103: Okay, good for you?

BittplexMutt: So you've been doing oneshots before this? Okay.

Mononeko: *looks at FF.net page* Bullshit.

CaptainPipsqueak: So the others have been messes in a single pool, then.

My Little Sonic part 1

JofY: I call foul, this was supposed to be in chapters, not parts.

ToonGuy: An original title that took ages to come up with, I'm sure.

As are story begins

SC276: Oh boy, here we go...

Dark Angel: Four words in, and I already want to bash my head in from the grammar.

CaptainPipsqueak: Oh *lawdy*. Another author that thinks similar-sounding words mean the same thing.

we find Sonic the Hedgehog fighting his enemy Dr. Eggman, who has all 7 chaos emeralds.

Calico103: The player *really* sucks at the special stages.

Nox: Oh shit, that means I was the player.

ToonGuy: That was quick!

Sonic: Give it up Eggman, don't you get I'll always beat you there nothing you can do from keeping me from beating you.

BittplexMutt: Darn it, this sentence is clearly running on with no punctuation where it will it stop unfortunately we may never know.

SC276: Anyone got some Formula One racecars to chase that hedgehog with?

Dark Angel: I really hope English is NOT the author's first language.

CaptainPipsqueak: The worrying thing here is *we have to guess/assume this*.

ToonGuy: Oooh, goodie. Script format. Yay.

Dr. Eggman: Ohohoho so true hedgehog you maybe able to stop me on Mobius but that all changes here.

Mononeko: Bittplex is right these run-on sentences are getting annoying I hope the entire fic isn't like this.

Topher: You call that a run-on sentence? Your sentence is simply pathetic when compared to other much longer run on sentences the point of such sentences being to exposit as much information as possible with minimal punctuation or none if it would be more advantageous to do so although this does present more of a challenge it becomes much more undemanding to do if you have an extensive vocabulary or even if you are a run of the mill antidisestablishmentarianist sesquipedalian with a minimal understanding of their own vernacular but before I end my ramble I should remind everyone of the need to have a large knowledge base as demonstrated by my astoundingly long run on sentence which I can extend even further by including useless tidbits of information such as the fact there is a flower in the chicago botanical gardens that blooms once every eighty years or that possums have pouches similar to kangaroos as they are both marsupials or that diamonds are made from coal that has been exposed to extreme heat and pressure indeed I feel that I have proven that in matters vegetable animal and mineral I am the very model of a modern run-on general.

SC276: People who make run-on sentences by just taking a bunch of normal sentences and removing the punctuation are fucking *casual* compared to how long I can make some of my sentences, like a quarter-of-the-page paragraph by itself, just with adding intensely detailed add-ons, though I admit they tend to come a lot easier when I'm trying to write fiction and not while riffing, but overall you want to challenge me to being able to keep a sentence going, well you can just bring it on.

JofY: I'm sorry, I wasn't listening. Could you repeat that?

ToonGuy: *looks slightly dazed* I feel like I'm in an episode of Yes Minister.

CaptainPipsqueak: Fags.

Sonic: What's that supposed to mean.

SC276: That is a very good question.

CaptainPipsqueak: Or sentence. We're not really sure which.

Suddenly Eggman pushed a button that put a glass dome over Sonic.

Calico103: Sonic's peripheral vision and/or reflexes need some work.

SC276: "Did you really think I'd be fooled by a fake Emerald?"

JofY: Isn't this the pilot to Sonic X?

ToonGuy: This is truly the most cunning of Eggman's traps!

CaptainPipsqueak: *OH GOD! HE'S GONNA TAN HIM TO DEATH!!!*

Sonic: What, this won't stop me!

He says trying to break out of the dome

Calico103: So clearly it *did* stop you.

Mononeko: Seven lines in and all consistency has been thrown straight out of the fucking window!

Topher: We have windows?

Dark Angel: Only when it's convenient for comic relief.

ToonGuy: Sure as hell explains why this table appeared just so I can do this.

***pounds table in rage* DAMN YOU FANFICTION.**

CaptainPipsqueak: Do we have a fridge? I have the munchies.

Dr. Eggman: Gotcha this time Sonic ever since our time in Station Square our learn their our more worlds out there and thanks to new machine you'll be sent to one random world,

SC276: So... wait, where are we again?

JofY: Well, we're here, but I'm not sure where Sonic is.

ToonGuy: I....have I suffered a stroke?

CaptainPipsqueak: Can you still feel your left side? If yes, then no, you haven't.

and thanks to this special "glass" material

Calico103: Glass™

Mononeko: Eggman is currently suing all glass-production companies over copyright infringement.

Nox: Truly Eggman is the most vile of villains to ever end up on these riffs.

ToonGuy: A technical term there, I wish he'd explain more about it.

CaptainPipsqueak: "Made out of 'carbon', which is also known as 'sand'..."

you'll be the only one who will be going.

Dark Angel: To be fair, this version of Eggman is smarter than in the last fic.

JofY: "You'll go to the zoo!"

ToonGuy: [Sonic] "Ha! Jokes on you, Eggman! I already went before we left!"

Sonic: No can't let him do this. (Sonic thinking to himself)

Mononeko: God this is annoying (Mono thinking to himself)

Topher: I wonder how much of this place is flammable...(Topher thinking to himself)

SC276: I can't believe I'm only on the second one, why am I already considering starting a new solo series? (SC276 thinking to himself)

Dark Angel: I'm with SC on this. Wait, how do I know what SC is thinking? (Dark Angel thinking to himself)

ToonGuy: Oh dear, the voices have finally come back. Better get the happy pills out. (ToonGuy thinking to himself)

JofY: ...

CaptainPipsqueak: I think you should stop thinking to yourselves.

Dr. Eggman: Goodbye Sonic the Hedgehog for the last time.

Dark Angel: That is until next time anyway.

CaptainPipsqueak: [Eggman] "I'm tellin' you this for the last time!"

Sonic: Well if I'm going I'm taking a few things with me.

JofY: God damn it Sonic! We gave you a week to pack!
ToonGuy: Fastest thing alive my ass!

Dr. Eggman: What are you talking about?

Sonic: (Touching the glass with both his hands) CHAOS CONTROL!

JofY: [Sonic] "..."
[Eggman] "..."
"..."
"...You do realize that isn't a chaos emerald, right?"
CaptainPipsqueak: Shh...let him have this one.

With that said a bright light came a disappear in a instant. So was Sonic.

Dr. Eggman: Well with him gone I can use these emeralds to, WHERE ARE THE CHAOS EMERALDS?

Calico103: I dunno, but the correctly-spelled Chaos Emeralds are clearly with Sonic now.

SC276: Not sure how Sonic managed to steal them just by putting his hands on the thing, especially if they were outside the dome to begin with.

Dark Angel: How was he able to use chaos control without the chaos emeralds?
That's Shadow's shtick.

ToonGuy: Dude, we're reading a Sonic/MLP crossover, I stopped questioning things at the front gate. Well, I didn't, but I just go with the flow.

The emeralds were gone Eggman expected to be with Sonic.

JofY: When will the next sudden gay marriage affect you?
CaptainPipsqueak: [Eggman] "Sonic-senpai, why won't you be mine?!"

Dr. Eggman: Clever hedgehog, but I can still conquer Mobius without the emeralds HaHaHaHa.

Calico103: Which is why you took them in the first place.

We now go to Sonic who is hurtling through time and space.

JofY: The Doctor sees him briefly... And decides to start drinking.
CaptainPipsqueak: Watch Sonic *hur*-tle through the cosmos in another turgid episode!

Sonic: AHHHHHH!

Mononeko: ahhhhhhh.
Topher: *Sips a refreshing beverage* Aahhh....
Dark Angel: *takes a piss* Aahhh...
SC276: At least we'll get a respite from that sound when he hits the Fisher.

As it looks like Sonic was going keep on going he was tossed straight through a portal.

Calico103: Crossover writers and their portal fetishes, *grumble grumble*...

SC276: Why is there a portal in the *middle* of spacetime...? This isn't the Astral Plane or anything...

ToonGuy: Clearly this was meant to be a Portal crossover, but the author decided to be a bit more merciful.

CaptainPipsqueak [GLaDOS] Well, *I'm* certainly pleased.

It finally ended for Sonic who was in the air and saw the chaos emeralds scatter over this new world.

JofY: He's messy like that.

ToonGuy: [Sonic] "I swear this never happens to me!"

Sonic: Heh, there they go again, wait a minute I'm falling.

Calico103: Probably should've noticed that first.

CaptainPipsqueak: Most people would.

Sonic then crashed right to the ground next to a castle.

BittplexMutt: Not just any castle, *the* castle.

Nox: Specifically the railroad tracks next to the castle.

Dark Angel: I'm sorry. But your princess is in another castle.

SC276: Meanwhile, the bowl of petunias was thinking, "Oh no, not again."

CaptainPipsqueak: ...and a confused sperm whale went 'splat'.

Then some guards came and took him in to show their princess.

Mononeko: Clearly, the pacing of the fic matches Sonic's speed

JofY: And then Eggman wet himself, the end... Wait, wrong line.

ToonGuy: [Guard] "God, I'm glad due process hasn't been invented yet!"

CaptainPipsqueak: [Guards] "Hey! Hey princess! Look what we found!"

Guard: Princess Celestia we found a hedgehog that has came from the sky.

Calico103: Dude, TMI.

RJ: [Guard] Can we keep him? We'll take care of him better than the last one!

Nox: So that's what happened to Shadow.

ToonGuy: [Celestia] "Okay, Captain, take the rest of the week off. You've clearly been working too hard, or have been hitting the bottle."

Princess Celestia: How interesting a hedgehog falling from the sky.

Calico103: "Now may I *please* resume reading the funnies?"

Mononeko: "Send it to the moon."

CaptainPipsqueak: [Celestia] "I'll turn it to stone. Discord could use a buddy. Get the wheelbarrow ready."

Sonic then gained consciousness and saw ponies all around.

Sonic: Whoa where am I?

SC276: What's going on? Where am I? Who are you people?!

CaptainPipsqueak: STOP STARING AT MEEEEEE!!!!

Princess Celestia: Amazing you can talk.

JofY: But clearly you can't.

ToonGuy: [Celestia] "Aaaaaah. What a shock."

CaptainPipsqueak: [Celestia] "Holy cow, my shit has been wrecked. Guards, has your shit been wrecked."

[Guard #1] That's totals fucked up, your majesty.

[Guard #2] "I'm freaking my shit right fucking out."

Sonic: Thanks, wait a minute you can talk.

Calico103: Dunno about the rest of you, but if someone was surprised I could talk, my first response wouldn't be, "Thanks."

Topher: My response would be "I can do more than that! I can SHIIIIIIIIIIIIIIIIIIIIIIING!" *Every lightbulb and glass in the room shatters* Wow. Rub it in why don't ya.

Dark Angel: (walking out of the bathroom) Would someone explain why the mirror broke when I looked into it? And did anyone else hear an animal dying?

ToonGuy: No. I heard our hopes and dreams dying.....again. Does that count?

CaptainPipsqueak: [Sonic] "My shit has, in turn, been totally wrecked. Ahhh."

Princess Celestia: Where are my manners

SC276: Probably getting away from these run-on sentences.

CaptainPipsqueak: [Celestia] I was too busy freaking with shock to greet you properly."

I am Princess Celestia and you are kind sir.

Calico103: No comma, no question mark. The syntax here leads me to believe she just gave him the title of "Kind Sir".

Mononeko: [Sonic] "No, I'm Sonic."

Topher: [Celestia] "YOU ARE KIND SIR NOW AND YOU ARE MY BITCH."

Sonic: I'm Sonic the hedgehog.

CaptainPipsqueak: "Though I guess I'm now 'Kind Sir.' Whatevs."

Then after a long conversation on how he got here and his battles with Eggman and his acts of heroism.

Calico103: ...Yes? What about after all that?

CaptainPipsqueak: [Celestia] 'You're talking bullshit. To the moon with you.'

Princess Celestia: Well Sonic the hedgehog you sir have nothing to worry my guards and friends across the world will help in finding these chaos emeralds.

Calico103: "They're completely useless at doing anything. In other words, you're screwed."

Mononeko: ""Because due to the rules of bad crossovers, I will aid you in your quest against my better judgement."

CaptainPipsqueak: [Celestia] "After which I will marry you and we will fuck. Our spawn will be horrifying."

Sonic: Thank you Princess Celestia I appreciate it.

Princess Celestia: Oh and for you place of will be in Ponyville until you can return home, there will be a little dragon named Spike you will find and then when you find him you will find very good friends.

SC276: Because *why* can't he bunk in Canterlot again?

Dark Angel: Because Luna is allergic to hedgehogs.

JofY: Because fuck Twilight Sparkle.

CaptainPipsqueak: Probably. At some point.

ToonGuy: [Spike] "Heightist."

Sonic: Thanks again Princess see ya.

Calico103: No, her name's *Celestia*.

Mononeko: Celes-see ya.

Then in a split second he was.

Calico103: But after that split second, he ceased to exist.

JofY: He's a space baby!

CaptainPipsqueak: Wow. Even the *gone* was gone!

Princess Celestia: My what remarkable speed.

BittplexMutt: [Mr. Sukizo] "Remarkable!"

CaptainPipsqueak: [Celestia] "I am both shocked and startled."

Sonic then running had finally found Ponyville

Calico103: "...after searching literally everywhere else."

CaptainPipsqueak: Because he knew exactly where it was. Fuck you; it's hero logic.

then he began his search for the Dragon named Spike.

BittplexMutt: Which shouldn't be that hard to find.

Mononeko: Actually, no. Celestia never gave him an address or a location. Literally the only reason he'd ever find Spike is through sheer dumb luck.

SC276: Or plot convenience.

Dark Angel: Tomayto, tomahto.

Sonic then started to run all over Ponyville until he finds a dragon burning scrolls.

Calico103: [Spike] "Twilight really could've written in smaller print. Three words per page isn't very efficient."

Mononeko: I rest my case.

JofY: It was the everyday Ponyville knowledge burning.

CaptainPipsqueak: ...after plowing through the library door. Unless Spike does this al fresco now.

Sonic: Hey little man do you know where I can find Spike?

BittplexMutt: [Spike] "Are you seriously saying that?"

CaptainPipsqueak: [Spike] "I *breathe fire*. Watch your shit, buddy."

ToonGuy: [Spike] "Oh, THIS ASSHOLE."

Spike: Your looking at him and you are?

SC276: OK, even at Sonic's speed, Spike should at least be getting a notification letter from Celestia by now.

BittplexMutt: Spike's taking the talking blue hedgehog thing rather well.

Mononeko: Twilight's moonshine does a lot of funny stuff with your sense of reality.

SC276: Certainly better than Twilight took a talking blue cat, amirite?

CaptainPipsqueak: Spike hangs with Twilight. He's *seen* shit, y'know?

Sonic: Sonic the hedgehog, Princess Celestia said if find you I will meet new friends.

BittplexMutt: Sooo, Spike's the third wheel, I guess?

Mononeko: Ah, glad to see everything is normal, then.

Spike: Cool I can't wait for you meet the gang but it's it will take a while to walk there.

JofY: Five. Entire. Minutes.

Sonic: Walk heheheh (grabs Spike's hand) hold on tight Spike.

Spike: What do you MEAN! (Spike screamed as Sonic accelerated to Twilight's house).

Calico103: He forgot to *decelerate*, though, and ended up obliterating the library.

Topher: The force of the sudden acceleration also reduced spike to a fine slurry. Ooh! Dragon Slurry! That's EXACTLY what the spiky blue needs! *pours a thick, slippery liquid into the cocktail shaker

SC276: ...I don't want to know how you got that.

Dark Angel: How does Sonic know how to get to Twilight's house?

JofY: Mini-map.

CaptainPipsqueak: I'd say teleport, but you have to have physically visited a place before you can do it.

At Twilight's house the ponies were there waiting for there new friend that Princess Celestia sent a message about him.

SC276: *Messages go through Spike*, good to know you fail at two different universes, author.

CaptainPipsqueak: He's not just a fuck-up, he an *interdimensional* fuck-up!

ToonGuy: Which explains why this fanfiction is currently dividing the universe by zero as we speak.

Pinkie Pie: Can't wait Can't wait do you think this Sonic guy will be funny, cool, or both.

Calico103; Depends. Which game are we talking about?

Mononeko: My guess is neither.

Dark Angel: Pinkie's dialogue actually works with run-on sentences.

CaptainPipsqueak: Poor Pinkie Pie. Placed within *another* putrid piece of piss-poor prose.

Rainbow Dash: With a name like Sonic he must be cool not as cool as me but cool.

JofY: [Dash] "But cool and yet hot while still cool als-"

[Twilight] "She's stuck in a loop again! Run!"

ToonGuy: Someone, the record skipped, again!

Applejack: Hopefully he is not as hyper as Pinkie Pie.

Rarity: I hope this Sonic has a sense of fashion.

Fluttershy: I just hope he'll like us.

Mononeko: I hope you all have at least one more character trait.

CaptainPipsqueak: Aha. You *funny*, Mononeko.

Twilight: Don't worry Fluttershy from what we heard Sonic can get along with us easily.

SC276: So, what *did* you hear?

JofY: Yes.

CaptainPipsqueak: ... I got nothin'.

ToonGuy: Reasons.

As soon as they were done talking the door open and coming inside was Sonic and Spike.

Twilight: Spike your looking a little green.

Spike: I know, if anyone needs me I be on the ground passed out.

Calico103: ...Yeah, that's totally how that works.

CaptainPipsqueak: Anyway, Spike technically *is* a little green.

Applejack: Whoa what happen to him?

BittplexMutt: Uh, I think he's suffering from whiplash. You may want to get him to a hospital.

CaptainPipsqueak: Someone set up him the bomb.

Mononeko: The miracle.

Sonic: Oh nothing. So who are you guys.

SC276: [Sonic] "And do you have any question marks I can borrow. I'm fresh out."

Dark Angel: Seriously, how did Sonic know where to go?

CaptainPipsqueak: The author told him where to go.

ToonGuy: Meanwhile, Spike lies on the ground weeping and vomiting in agony.

Dark Angel: Welcome to the club, Spike.

Pinkie Pie: Oh my gosh you must be Sonic, HI I'm Pinkie Pie.

JofY: Her hi's have become really enforced recently.

CaptainPipsqueak: She likes being very forceful in her helloes. He's lucky she didn't drop a party on him.

Apple jack: Nice to meet ya I'm Apple jack.

Rarity: Rarity, and I must say i love your color.

Calico103:

Mononeko: It looks like it suffers from hypothermia.

SC276: She really likes his mane.

JofY: Yes. His two tone basic color.

ToonGuy: Wrong color, Rarity, get back in your designated ship zones.

Fluttershy: Hi I'm Fluttershy i really hope we can be friends.

CaptainPipsqueak: [Fluttershy] "Or at least...*business* partners. How long did you say you were staying?"

Twilight: Hello it's nice to meet you I'm Twilight.

Rainbowdash: And the best for last sup I'm Rainbowdash.

Mononeko: "I will be your obligatory girlfriend in this fic!"

Dark Angel: I'm willing to forgive someone when they split Applejack into two words. But there's no way I'm overlooking someone spelling Rainbow Dash as one word.

CaptainPipsqueak: Maybe she was just saying it really fast?

Sonic: It's nice to meet you all.

Sonic then explained his predicament to the ponies.

JofY: He's fallen and can't get up.

ToonGuy: Are we talking about the hedgehog in story or his entire franchise? Either could fit the mood.

Twilight: Wow Sonic that's incredible so is there anything special you can do.

JofY: Be a meme.

CaptainPipsqueak: [Twilight] That's so amazing. I'm so wet right now.

Sonic smiled and just told them to come outside with him they all came out and watched Sonic standing next to a tree.

Calico103: Riveting.

Mononeko: Believe it or not, that's actually the most exciting thing that has happened in this fic.

SC276: [Twilight] "How long has this tree that's not my library been next to my library?"

Sonic: Alright listen see that mountain I race to the top and back here in tens seconds or less.

Mononeko: There is no number named 'tens', buddy.

Topher: Yeah, it's called one-ty. Duh.

Rainbow Dash: Ha yeah right there is no way yo-

A split second Sonic was gone, the ponies stood in awe when they saw nothing but the blue blur race up that mountain and back.

Calico103: Apparently their vision of everything else just blacked out.

ToonGuy: That's what happens to me when I'm reading or doing something stupid.

Pinkie Pie: Whoa, how did you do that?

Sonic: Oh it was easy because I'm the fastest thing alive.

Rainbow Dash: Actually fella that title is already taken.

JofY: He'll need to fill out several forms in order to free that up.

CaptainPipsqueak: [Rainbow Dash] "Don't make me call my lawyer."

Twilight: Oh man I smell a race.

JofY: Twilight then suffered a stroke.

CaptainPipsqueak: I smell a bacon sandwich and coffee. *NOM.*

Applejack: Boy howdy this is gonna be good.

SC276: If a race shows up in the first three thousand words of *all* of these stories, I'm going to cry.

CaptainPipsqueak: Ready your tear ducts.

Rarity: This is going to be a magnificent race.

Fluttershy: I just know something bad gonna happen.

Mononeko: Too late, Flutters, we're right in the middle of it.

When Spike came to Pinkie Pie asked him for help passing out flyers to ponies that the race of the century Rainbow Dash vs. Sonic.

Calico103: ...Why would anyone want to come see two random nobodies in a race?

Topher: Are you calling the element of loyalty, reserve wonderbolt, amateur stunt flyer capable of the mighty sonic rainboom best friend to the fuckin' PRINCESS OF FREINDSHIP RAINBOW DASH a NOBODY?! Who wouldn't want to see her race a mutant hedgehog, it'll be like a sideshow!

SC276: They sure came up with those flyers really damn fast...

CaptainPipsqueak: Say what you want about Spike, but the little spud can be *hella* prepared.

Everypony was there even the Princess

Calico103: Yeah, no she wasn't.

Mononeko: ...which one?

Dark Angel: Which one... Damnit, Mono! You beat me to it!

CaptainPipsqueak: Both of them. They can morph themselves into a single body. Looks kind of like an equine version of Doomsday.

ToonGuy: I'll just add that to my book of 'stories that are more interesting than this one'. It's....it's a pretty big book.

they were all on bleachers on the side line getting ready to see the race.

BittplexMutt: They get to see the race go up in flames.

Toph: WHO TOLD YOU ABOUT MY PLANS!?

Dark Angel: How did everyone get ready for the race so fast?! This fic is passing by faster than Trump's chances at being president are dropping!

Spike: Okay guys one lap you will see the checkpoint that's when you come back.

BittplexMutt: Just one lap? That doesn't sound like a very exciting race.

Mononeko: they don't have the budget for more laps.

SC276: Sounds like a very crowded lap too, hee hee, kill me.

Sonic & R.D.: Got it.

BittplexMutt: They can understand terrible grammar it seems.

ToonGuy: They are well trained in the art of the shit fic.

Rainbow Dash got in her stance and Sonic used super his peel out move.

Calico103: I need to see someone in a fighting game shout "SUPER HIS PEEL OUT" now.

CaptainPipsqueak: Fuck that; we should just randomly shout it in public.

Rainbow Dash: Fancy footwork "Chronic".

Calico103: Methinks the author just used the alphabetically-first word in the dictionary that rhymes with "Sonic" and didn't bother to look up its meaning.

Mononeko: She was actually commenting on Sonic's tap dancing skills.

Sonic: Thanks "Dashie".

Twilight: Wow you can just feel the tension.

Calico103: It feels like an empty void!

Mononeko: Yes I can feel the tension. Can you feel the tension because I sure do.

CaptainPipsqueak: I'm so anxious I just don't know what to do.

Topher: Actually, that's because while you were in a bored stupor I put you on the rack. Every time this story pisses me off I give it another turn!

SC276: We missed you, dude.

Topher: It's good to be back, buddy.

Spike: Ready. Set. GO!

They were off with Sonic taking the early lead with Rainbow Dash trying to catch up. Sonic then begin running backwards watching Rainbow Dash and decided to use the 3 words that make people more competitive to him.

Calico103: Are you really going to...?

ToonGuy: Why do you even bother asking at this point?

Sonic: Hey "Dashie".

Rainbow Dash: What?

Sonic: Your too Slow.

Calico103: ...You did.

SC276: I'm guessing, author, your only *Sonic* experience is *Brawl* and the trophies contained therein.

Mononeko: *facedesks*

Topher: *Begins to furiously crank the rack*

CaptainPipsqueak: ...

ToonGuy: I'll just be contemplating things I could have done with the time I wasted on this fanfiction.....it's quite a list.

Rainbow Dash: ... (In her it repeated in her head "Your too slow")

SC276: *Visual. writers.*

Mononeko: It sounded something like this.

Topher: Good fucking lord why did I look at that link.

As both hedgehog and pony have passed the turn Rainbow Dash decided to end by using her Sonic Rainboom

Calico103: Because fuck it, she can just do it on-demand now.

Mononeko: Eh, par for the course in fic like this.

SC276: Maybe if she goes faster, the story will go with it.

she then passed Sonic and was halfway to the finish line.

BittplexMutt: ~Whoa... We're halfway there.~

Mononeko: ~Whoa-oh / Riffing on a badfic.~

Topher: ~Take a shot, 'cause we won't make it so-ber!~

Dark Angel: ~Whoa-oh, this story can suck my dick!~

Rainbow Dash: Ha told you I'm fastest.

Sonic: Heh I'll admit you have some speed but time I end this.

Mononeko: And then he shot Dash in the face.

Dark Angel: The good ending.

ToonGuy: Nah, the good ending is where the fanfiction stops.

As Rainbow Dash look she was going to win Sonic uses his Sonic Boost to past her.

SC276: You mean he just... pressed the X button or something?

And he passes the finish line.

Spike: Sonic wins.

The end of part 1

Topher: *mashes play on a boom box* YES! YES! WE MADE IT! OH MY GOD I WAS SURE WE WOULDN'T SURVIVE BUT LOOK! HERE WE ARE! WE'RE ALL OK!

Part 2

Topher: FUCK.

SC276: And that's not even counting how this is only fic two. Out of *five*.

Topher: FUCK.

CaptainPipsqueak: Ha-HA! SUCK IT, WEAKLINGS!!!!

ToonGuy: Oh wow, this is going to be.....great.

here we go with the second part now what will happen when Rainbow Dash is now second will she sad or will Sonic be able to calm her down

Dark Angel: Uh...42?

Calico103: I think I "will sad" if your terrible grammar keeps up.

SC276: Question marks, motherauthor. Do you speak it?

CaptainPipsqueak: It's another run on sentence don't you know anything you're so silly.

My Little Sonic Part 2

Everybody was cheering for Sonic who won the race.

Mononeko: Because everybody abandons Rainbow like that.

ToonGuy: Thanks for the recap.

Pinkie Pie: WOW that was incredible.

Twilight: I never seen anything move that fast.

Applejack: Well now we really saw who's fastest.

ToonGuy: [Twilight] "Rainbow who? I...I don't know anyone of that name!"

As everybody came to congratulate Sonic, Rainbow Dash walked away as her friends try to comfort her she flew away.

Pinkie Pie: Rainbow Dash wait.

Mononeko: Stop no come back.

SC276: Help. Police. Murder.

Dark Angel: You get nothing! You lose! Good day, sir!

**ToonGuy: We are the music makers....and we are the dreamers of dreams.
Specifically stupid dreams.**

Rainbow Dash: I want to be alone don't follow me!

CaptainPipsqueak: [Rainbow Dash] "I'm so hot for him, but I don't want anyone to know."

Fluttershy: Uh Oh I think one of us should go talk to her.

Sonic: I'll go.

SC276: [Twilight] "Um, we're her best friends, it should probably be one of us-"

CaptainPipsqueak: [Sonic] "Nah; this'll be *funny*."

As soon as he said it he was gone in a flash following Rainbow Dash.

SC276: [Twilight] "OK, nevermind then."

Mononeko: And caused a crash. In the trash.

Dark Angel And jumped in the water to cause a splash.

**Topher: The lot caught fire in a blinding flash, and in the blink of an eye they all
burned to ash. THE END.**

CaptainPipsqueak: And then we all partied. It was a bash.

ToonGuy: And everyone forgot about this painful bit of whiplash.

**Dark Angel: I had to pay for it with a lot of cash. But would anyone like a helping
from my marijuana stash?**

Sonic then found Rainbow Dash on a cloud crying.

SC276: Somehow, given he shouldn't know pegasi can be on clouds.

Rainbow Dash: I can't believe it I lost my title of being the fastest. All that work to the Sonic
Rainboom and that wasn't even enough to beat
that hedgehog. Maybe I should just give up on being fast.

Calico103: How exactly does one "give up" on having an innate physical talent?

Topher: Step one: Open the bag of chips

CaptainPipsqueak: And then...*EAT ONE!*

Mononeko: From that moment, Rainbow Dash decides she'd become a turtle.

Sonic: Well that's stupid.

Calico103: *This* is supposed to cheer her up?!

SC276: Sonic must have learned from the Popka class of motivational speeches.

ToonGuy: Don't quit your day job, Sonic.

Rainbow Dash: Huh, Oh it's you. (She said wiping away her tears) Who you calling stupid.

Mononeko:

Sonic: Not you but what you said are really give up on trying to be fastest because your pretty fast.

CaptainPipsqueak; Her pretty fast *what?*

Rainbow Dash: Look your nice for trying to cheer me up but your just too fast I'm out of my league.

Sonic: But Rainbow Dash I'm maybe the fastest thing alive but you still have your title of being the fastest Pegasus alive I can't do anything about that can I.

Dark Angel: Fun fact, Sonic actually isn't naturally fast. His speed comes from the fact that his shoes are enchanted.

Mononeko: Suddenly, Sonic transformed into a pegasus.

Topher: Hey! You stole my OC Sonic the Pegasus! See?

Mononeko: *eyes begin to bleed* It feels weird to be on the receiving end of this...

Crazy56U: No comment.

Rainbow Dash thought to herself about what Sonic said and he was right.

Rainbow Dash: Wow your right thanks Sonic and maybe if train hard enough one day I might be fast enough to beat you.

Sonic: Heh heh please I'm 20 years old and I show no sign of slowing down.

Calico103: Debatable.

Mononeko: "The sales of my games, however..."

SC276: You don't know how character ages work, do you author...?

CaptainPipsqueak: Please. He doesn't know how *characters* work.

Rainbow Dash: Will see about that.

CaptainPipsqueak: [Rainbow Dash] "Yes, I will check up on that."

ToonGuy: Iron Will vs Sonic does sound like a good idea.

As both speedy hedgehog and pony raced back to Ponyville

Mononeko: Funny rifiers sighed in desperation.

Topher: Funny is debatable. I have been told that my riffs are better described as "Disturbing."

Dark Angel: Some people consider disturbing as funny.

SC276: And I think I've been off-track on "funny" lately. Granted, it's not like I got something interesting to work with...

ToonGuy: Oh, I was never funny. I just come here for the free table turning.

Nox: I mean... my riffs end up being kept so maybe I'm funny?

Rainbow Dash looked at Sonic and began to blush.

SC276: *Two for two.*

CaptainPipsqueak: They had time for a quickie. ... Heh.

Well that's the end of part 2 oh yeah sonic will not fall in love Rainbow Dash will just have a crush she won't be like Amy now for the next chapter what will happen when Sonic makes a promise but not just any promise a Pinkie Promise see you next time please review guys.

Mononeko: And if anybody can say that sentence in one breath, he or she will be crowned king.

Topher: *Inhales Mightily* Well that's the end of part 2 oh yeah sonic will not fall in love Rainbow Dash will just have a crush she won't be like Amy *spontaneously combusts* I made it about halfway, can I at least be an earl of something?

Hello guys it's me again thecoolj

Mononeko: No, you're TheAwesomeCoolJay. Stop lying to us!

now let's see if Sonic will survive the wrath of Pinkie Pie remember I own nothing

SC276: And know nothing.

all Sega, all Hasbro enjoy

Mononeko: So this fanfic goes out to all the executives at Hasbro studio's? I'm sure they'll be pleased about that...

It was a nice day in Ponyville

SC276: It was a bright sunny day.

Mononeko: As opposed to it raining like hell for once.....

Dark Angel: It's always sunny in Fillydelphia.

Topher: Because the weather pony was too busy fucking about with a hedgehog.

Good lord that came out wrong, although probably not inaccurate.

CaptainPipsqueak: Well, let's just say that each hopes the other isn't super-fast in *all* respects.

and Sonic was having a little walk around town checking out the small shops and admiring the peace.

SC276: [Sonic] "This is some sweet peace you got going on here."

CaptainPipsqueak: [Sonic] "It'd be a shame if something...*happened* to it..."

ToonGuy: Because this is a thing that Sonic does apparently.

Sonic: Wow this place is great, nice people, uhh ponies the only thing that would make this place perfect is chili dogs but, beside that I like it here.

Then from out of nowhere Pinkie Pie came out of no where.

Calico103: Brought to you by the Department of Redundancy Department.

BittplexMutt: Somehow, it just keeps repeating some how.

CaptainPipsqueak: No...she came out of no where out of nowhere. *Totally* different.

SC276: You stop stealing my verbal tics, you!

Dark Angel: Redundant fanfics really feel Redundant. It's like how the apple farmer, Applejack is an apple farmer. Or how the rainbow colored pegasus, Rainbow Dash is rainbow colored. Or how the moronic Moron Mykan is a moron.

Pinkie Pie: Hi there Sonic.

Sonic: Oh what's up Pinkie Pie.

Dark Angel: Without a comma, that statement sounds so wrong.

CaptainPipsqueak: Or so right, depending on the reader.

ToonGuy: [Pinkie] "The sky, silly!"

Pinkie Pie: I was just wondering winning that big race and all you want to do something fun.

Sonic: Fun, what do you got in mind?

Mononeko: [Pinkie] "Baking cupcakes!"

Dark Angel: [Sonic] "Why are those cupcakes blue with rainbow frosting?"

Pinkie Pie: Me and the gang talk about and came to a vote on swimming in the lake.

Sonic: Hey that sounds nice, wait a minute did you say swimming?

SC276: It literally took you a moment to process that word?

ToonGuy: Sonic has given up on this fanfiction ust like us.

Pinkie Pie: Yeah swimming.

Sonic: Like in the water.

Calico103: Nooooo, in lava.

BittplexMutt: Like in the flames.

Dark Angel: Like through the fire and flames.

CaptainPipsqueak: No, in toxic runoff. What the fuck didja *think* she meant, you fucking mutant?

Pinkie Pie: Yeah, noting but the briny blue.

Mononeko: Pinkie is a pirate now.

SC276: I didn't know that was a saltwater lake...

CaptainPipsqueak: Not salt water. Tears. Possibly sweat.

Sonic: Sorry P-Pie but no can do.

Pinkie Pie: Oh come on.

Sonic: Sorry.

Pinkie Pie: Please Please Please Please Please Please Please.

Mononeko: Such majestic prose...

ToonGuy: Beauty.

Sonic: Alright Pinkie Pie.

Pinkie Pie: You promise.

Sonic: Heh Heh yeah (Crossing his fingers).

Pinkie Pie: Sonic uncross your fingers.

Sonic: Hey how did you know.

SC276: [Sonic] "You don't even have fingers! You shouldn't even know what that means!"

Pinkie Pie: I didn't (she said getting in close to Sonic's face with a angry face)

Mononeko: Author, if you wanna describe this shit, *don't write in script format!*

CaptainPipsqueak: he hasn't listened yet, don't bother trying.

now listen Mr. Hedgehog you will come to the lake and have a nice swim with us and YOUR GONNA LIKE IT!

SC276: I've never known Pinkie to *strongarm* a friendly outing.

Topher: [Pinkie Pie] "And maybe we'll get ice cream afterwards, and it'll be fucking delicious or I'll slit your throat."

CaptainPipsqueak: [Pinkie] "An' I'mma tell some jokes an' you're gonna *laugh* or I'll take a crowbar to your knees and elbows!"

Sonic: Okay sheesh I'll come I promise.

Pinkie Pie: No, no more regular promises you must a Pinkie Promise.

Sonic: What ok I Pinkie Promise.

Pinkie Pie: Good now say the oath: Cross my heart, hope to fly, stick a cupcake in my eye.

Sonic Hahaha Oh Pinkie Pie you can't be serious.

Pinkie Pie: Say. The. Oath.

BittplexMutt: Yes. We. Get. It. Stop. Repeating. Yourself.

Dark Angel: Redundancy. Is. Redundant.

CaptainPipsqueak: [Pinkie] "Don't. Make. Me. Fuck. You. Up. I. Have. A. Crowbar."

ToonGuy: I. THINK. THIS. IS. A. LITTLE. EXTREME.

Sonic: Seriously Pinkie Pie.

BittplexMutt: [Pinkie] "I'm not Seriously Pinkie Pie, I'm Pinkie Pie!"

SC276: [Pinkie] "Seriously Pinkie Pie lives next door!"

Topher: You can recognize her by the fact that she upgraded her party cannon to the more strategically viable party ICBM.

CaptainPipsqueak: She drops entertainment on them from orbit. It's the only way to be sure.

Pinkie Pie: SAY THE OATH NOW! (In a deep demonic voice)

Calico103: (sigh) I'll call the priest.

Mononeko: *attempts to drown himself in holy water*

Dark Angel: *looks at Mononeko* Isn't that the "Spiky Blue" Topher was working on?

CaptainPipsqueak: *Holds Mononeko's head under water* *I'M HELPING!*

BittplexMutt: [Twilight] "Pinkie, were you playing with Pazuzu again?"

SC276: ZUZUZUZUZUZ- OK, *no one here* is going to get that.

Topher: *Sigh* I'll get the necronomicon. Also, I got it. Exorcist 2, right?

Sonic: Oh boy you are serious. Can't believe I'm doing this "Cross my heart, hope to fly, stick a cupcake in my eye."

Topher: That'll make things difficult considering that he's only got one gigantic eyeball.

Pinkie Pie: Good see you soon.

Sonic: Whoa she is almost like Amy but with no hammer.

Calico103: Pink = Amy. Got it.

Mononeko: Congratulations, Calico! You figured out the thought pattern of the average Sonic fan!

SC276: At some point, you have to wonder: why crossover?

CaptainPipsqueak: You shouldn't. You *really* shouldn't.

Topher: MLP gets the hits.

At the lake the ponies are setting up a picnic and were getting ready to swim but they realize Sonic was not here.

Twilight: Hey Pinkie Pie you did tell Sonic about swimming right.

Pinkie Pie: He should be here soon Twilight beside he made a Pinkie Promise.

SC276: [Twilight] "Did you at least remember to ask him with a question mark-? OK, I'm done caring now."

ToonGuy: [Sonic] "I feel like I've just sold my soul. Oh wait, I'm kind of used to that, I work for Sega."

Two hours later

Mononeko: *looks around* Where did that French narrator come from?

Spike: Uhh Pinkie Pie I don't think his coming.

SC276: I wonder if anyone's tried riffing a visual novel... That'd definitely be interesting.

Dark Angel: Do reviews count? Because I think Linkara includes riffing in his comic book reviews. And he is a confirmed fan of MST3K.

SC276: Visual novel, not *graphic* novel. Guess I'll take that as a no.

Pinkie Pie: He made a Pinkie Promise and still he lied.

Rainbow Dash: This is not gonna be pretty.

ToonGuy: Stop talking about the crossover, Rainbow, and focus on the 'story'.

Pinkie Pie and the gang then proceed to find Sonic. Who was chilling under a tree.

Sonic: Sorry P-Pie but I just don't do the water.

SC276: Don't know why he said that, because there's no indication he would even know she's there, much less be afraid of her.

ToonGuy: [Sonic] "I have to ask her out first, and get her flowers!"

But then he felt strong vibrations underneath him

Mononeko: Sonic's pickin' up good vibrations.

Sonic: Whoa earthquake.

Pinkie Pie: Sonic YOU BROKE YOUR PINKIE PROMISE!

SC276: This was a lot funnier in "The Last Roundup." Because it made fucking sense. And had *timing*.

CaptainPipsqueak: And was funny.

Sonic: Yikes!

Sonic then ran away already breaking the sound barrier leaving the ponies in the dust but that didn't stop them. Sonic then ran up a tree with the ponies coming to that tree.

Calico103: [Sonic] "Damn, I forgot trees don't grow infinitely upward!"

Pinkie Pie: Sonic come down NOW!

Sonic: Never.

Pinkie Pie: Applejack.

Mononeko: That's a weird response...

Applejack: Got it.

Applejack began kicking the tree causing it to shake.

Sonic: Whoa! (He then fell)

Mononeko: Nooooooooooooooooooooo.

Dark Angel: [Applejack] "This is a strange look'n blue apple."

ToonGuy: But not as fast a fall as this fanfiction's originality.

CaptainPipsqueak: (he began to roll his eyes)

Pinkie Pie: Get him.

CaptainPipsqueak: [Pinkie] "Try not to kill him; I have...plans."

The ponies then jumped on Sonic to keep him from running.

SC276: Since when did the others obey Pinkie Pie like Pikmin...? ...Shoot, are there *Pikmin* crossovers? Now I'm curious.

Dark Angel: *does a search* Oh my god, one exists! It's in Spanish, but it exists!

Piking Flowers. Is anyone else interested in using Google Translate so we can riff it?

SC276: Fairly sure the rules don't allow that, but it's the thought that counts.

Pinkie Pie: Why did you break your Pinkie Promise Sonic.

Sonic: Because I can't swim.

Mononeko: Then why the fuck didn't you say so?

SC276: Honestly, it's probably the most in-character thing Sonic's done this entire sampler.

Dark Angel: Actually, the shows have confirmed that Sonic can swim.

Nox: Sadly I can remember only seeing him swim in specifically *The Adventures of Sonic the Hedgehog*.

Dark Angel: Let's see, Sonic SatAM, Sonic Underground, and implied in one episode of Sonic X.

Twilight: If that was the problem Pinkie Pie can teach you.

Sonic: Sorry but me and water just don't mix so (standing up) I'm outta.

Calico103: ...Outta what? Gas? Chili dogs?

Mononeko: Sight? Mind?

SC276: Mind, definitely mind.

CaptainPipsqueak: Oxygen? Aw fuck...*collapses*

ToonGuy: Of this fanfiction?I live in hope, all right?

He tried to run but Twilight stop him with her music

BittplexMutt: Twilight Sparkle is now a siren.

Mononeko: *gets flashbacks to *my little falls**

ToonGuy: *gets flashbacks to *Starpops**

CaptainPipsqueak: *gets flashbacks to Vietnam*

Nox: *gets flashbacks to last year's snowball fight*

and they all proceeded to the lake. Twilight then drop Sonic into the lake.

Ringmaster: Sonic then fell straight through the water and the lake floor below, never to be seen again.

SC276: And that is why I got a Wii.

Dark Angel: Oh god, THAT music!

Sonic: Help no help can't swim help.

SC276: That is definitely the sound of panic.

Dark Angel: You know, regardless of whether the shows say Sonic can swim or not, why can't he just wade in shallow water?

Nox: Didn't one of the shows say he was outright hydrophobic?

CaptainPipsqueak: [Sonic] "Gargle gargle. I'm going under for the last time. Glub."

Pinkie Pie: Don't worry I'll help you.

Sonic: Thanks Pinkie Pie.

Pinkie Pie: In ten seconds.

Mononeko: Flat.

Dark Angel: I feel like I made my drowning music reference too early.

Sonic: Say what.

Mononeko: ...What?

Pinkie Pie: That's the penalty of not keeping your Pinkie Promise.

Everybody then began laughing while Sonic who was smiling and trying not to drown.

Ringmaster: He failed nine seconds in. The funeral was on Monday.

Calico103: All right, I'll do the honors.

Mononeko: Ha ha ha Sonic is drowning!

Dark Angel: I knew I made my reference too early.

ToonGuy: Well fuck, this version of the Mane Six are AWFUL PONIES.

Well that's the end for now next time we shall see Sonic build the confidence of a certain shy pony.

BittplexMutt: You better not...

See ya guys.

BittplexMutt: Oh no you don't, you don't get to walk out on us that easily.

SC276: I'm not sure whether or not we're lucky to not know where the chapter breaks are...

Dark Angel: Good, it's done. *about to walk away*

Hey again guys

Dark Angel: FUCK!

sorry for the long wait just been doing stuff so here we go with chapter 4 hope you like it

Calico103: Spoilers: We won't.

CaptainPipsqueak; Y'know, there are people out there for whom the term 'die in a fire' was *made* for.

On a fine sunny day we find Fluttershy in the forest tending to a bird who has broken it's wing.

Dark Angel: "She had just come back from Sonic's funeral. Coincidentally, it was a burial at sea." Seriously, are we not gonna learn what happened?

CaptainPipsqueak: We should be that lucky.

Mononeko: ~Blackbird singing in the dead of night / Take these broken wings and learn to fly.~

SC276: ~If only, if only, the woodpecker cries / the bark on these trees was as soft as the skies...~

Topher: [Fluttershy] "Just stay still and It'll all be over soon. It won't even hurt, i promise!" *Cocks rifle*

Fluttershy: Don't worry Mr. Bird you'll fly again.

Then suddenly a tree branch broke and was about to hit Fluttershy and the bird. But as soon as the branch could hit her Sonic came just in time to catch the it.

Mononeko: Because Sonic is God/Jesus/in a poorly written crossover.

ToonGuy: Or, alternatively, all three.

Fluttershy: Thanks Sonic.

Sonic: No problem Fluttershy, so you got time to walk and time.

Fluttershy: What do you mean?

Calico103: Yeah, seriously, Sonic. That sentence made no sense.

SC276: Let me try running it through this parser I have- *KABOOM* ...this parser I had...

Dark Angel: Oh god! The redundancy is becoming sentient!

CaptainPipsqueak: [Redundancy] "I am alive and living!"

Sonic: Well you seem so quiet but I know there is something cool inside of you.

SC276: Well it's definitely not that typo.

Mononeko: Fluttershy's heart is made out of pure ice.

CaptainPipsqueak: No, she's broken into a cold sweat. Sonic'll do that to you.

Dark Angel: ~You're as cold as ice. You're willing to sacrifice our love.~

Fluttershy: Oh you think so.

Sonic: I know so.

So they began to walk and talk told some funny stories and even shared a pie.

Mononeko: Truly the biggest sign of friendship.

SC276: Where did they even get that...?
Dark Angel: I didn't know Maud was visiting.
CaptainPipsqueak: 'And... then... they... fu' - Nah.
ToonGuy: Oh MY.

They were having a wonderful time but something was following them.

Calico103: Uh-oh, they're onto us!

Fluttershy: Wow Sonic no wonder your so brave.
Sonic: What do you mean?
Fluttershy: Your not afraid of nothing

Calico103: So... he *is* afraid of *something*. Thanks for that very helpful info.
SC276: He doesn't afraid of anything.
ToonGuy: DID YOU NOT SEE THE LAST CHAPTER, FLUTTERSHY?

I wish I was more like you.

Calico103: Nah, having a legion of idiotic fanboys really isn't all it's cracked up to be.
SC276: Kinda wish I knew that from personal experience...
CaptainPipsqueak: You mean blue and stupid?

Sonic: Well there is where your wrong.

Calico103: Sonic's become self-aware.

Fluttershy: Huh.
Sonic: I'm afraid of losing my friends.
Fluttershy: Your friends back home.

Calico103: Question marks are apparently a foreign concept here.
Mononeko: No, his friends on Mars.

Sonic: Yeah and the new friends I made here like you.
Fluttershy: Whoa I didn't know you care like that.
Sonic: Heh heh.

Mononeko: Waluigi number one!
SC276: People caring is hilarious!

Then suddenly they felt the ground shake they both turned around to find a giant Dragon behind them.
Fluttershy: ...

Mononeko: "This is total bullshit."
SC276: Eh, it's only the first boss. Probably got 20 HP tops.
ToonGuy: [Dragon] "Huh. Tip toes works apparently."
CaptainPipsqueak: Spike had another growth-spurt!

Sonic: Fluttershy are you okay.

Sonic then put a finger on Fluttershy and she was trembling in fear he knew she was scared so he had to protect his friend.

Sonic: Fluttershy run.

Mononeko: SONIC SMASH!

Fluttershy: What about you.

Sonic: Please all that size is just for show

Calico103: Uhhhh... UHHHHH... Yeah, I'll just... not make the comment I was gonna make here.

Dark Angel: ...Oh god.

CaptainPipsqueak: Hurrhurrhurr...

i can take him just go.

Fluttershy Then proceeded to run but she went to hide in a bush to see what will happen.

SC276: Fluttershy, you suck at running.

Dragon: Rrrrrrahhhh!

Mononeko: *bursts into laughter* Okay, I just can't take this seriously in this format.

SC276: I don't know how anyone would take it seriously anyway.

Dark Angel: Apparently the dragon was just there to cheer them on.

CaptainPipsqueak: Suddenly, Winona showed up.

Winona: Bark!

Sonic: Hmph it's about time i got in some action.

The Dragon then tried to burn Sonic with his fire. Sonic easily dodged.

SC276: Dry Bones dodges.

Sonic: This is gonna be fun.

Mononeko: No.

ToonGuy: Nuh uh.

CaptainPipsqueak: Fuck no.

Sonic then jumped in the air and used his homing attack to hit the Dragon in the face.

Mononeko: Suddenly, Dragonshy!

The Dragon began to shoot fireballs at Sonic but Sonic was dodging them with ease making the Dragon angrier. The Dragon then used his tail to smack and keep Sonic down.

Sonic: Oh great I gotta move or I'll be hedgehog barbeque.

Calico103: Chin up. I hear it's a delicacy in... somewhere.

Mononeko: *googles* Yep, it exists.

CaptainPipsqueak: Wonder if it tastes good?

SC276: Well that can't be the case here. This fic is half-baked.

Fluttershy who was still watching Sonic and his battle with the Dragon was still scared but she knew Sonic was about to be hurt.

BittplexMutt: About to be?

SC276: This fic is already hurting...

So she dug deep inside herself and every bit of courage to protect Sonic.
Fluttershy: Alright that's enough!

Ringmaster: Seems like it's enough for this sample, too. And now, Crazy's submission. It's another fic in that same series as the one above, but it's basically, like, the *Starfleet Humans* to its *Starfleet Magic*, to use a horrible but relevant comparison. "My Little Sonic: Equestria Girls meets Mobian Boy" could be done in three parts.

Mononeko: Beautiful ending there, Ring.

SC276: OK, the third *Digimon Adventure Tri* movie is finally off premium on CrunchyRoll, so I'm just going to absorb nostalgic digital goodness for a bit before moving on...

Dark Angel: The sample hasn't even started and I already hate it.

ToonGuy: I hate everything! That's my secret!

What's up everybody it's me TheAwesomeCoolJay and I got to say that this story is NOT CANON!

Mononeko: Really?

CaptainPipsqueak: Thank God he made certain to inform everyone. Just think of the chaos otherwise.

Meaning that all the events that happen here won't really happen, and when I make a Fanfic on season four that's is when it is really happening.

Mononeko: What?

CaptainPipsqueak: I'm trying to parse that, but I think my mind just said 'fuck it' and started playing Pong.

SC276: If it's not canon, *why are you writing it?*

Remember I own nothing half belongs to SEGA and the other half is Hasbro, ENJOY!

Right now our story takes place with Sonic the Hedgehog making the portal between Mobius and Equestria, thanks to the seven Chaos Emeralds he has.

Mononeko: Wait, is this a sequel to the sample above?

SC276: You need to start paying attention to the intro...

ToonGuy: Well it's got better grammar so far. So that's a start. I feel bad for defending this.

Sonic entered the portal, but unknown to him Dr. Eggman, on his Eggmobile

CaptainPipsqueak: ~nanananananananana, Eggman...~

followed him through the portal, and both were traveling through space and time.

Mononeko: Like a really shitty version of Doctor Who.

Dark Angel: You mean like this?

They finally made it to Equestria and thanks to Sonic and the Chaos Emeralds they were in the Crystal Empire,

Mononeko: Because Sonic can control where portals warp you to.

SC276: Why would he even want to come back? I mean, the other story probably says so, but I don't give a shit.

ToonGuy: Huh, that was quick.

Eggman quickly activated his cloaking device and in the blink of an eye he was invisible to the world.

SC276: Because a large ham like Eggman would *totally* make himself invisible at any point.

There to greet Sonic was the Mane Six and Spike

SC276: Good thing they all happened to be in the Crystal Empire at the same time as Sonic arriving despite the multi-hour trip.

Dark Angel: Perhaps he sent them a letter...through time and space...somehow. Or maybe he was given a magic journal like what Sunset Shimmer has.

CaptainPipsqueak: Don't defend him.

telling him that this adventure might be his greatest one yet.

Sonic: Are you sure, because a ton of my other adventures was pretty great too.

Mononeko: Was they now?

SC276: Eh, at best this would top *Sonic '06* because *Sonic '06*.

Dark Angel: Fun fact...or maybe not-so-fun fact, *Sonic '06* wasn't even originally going to be a Sonic game.

CaptainPipsqueak: And it *still* wasn't!

Rainbow Dash: Yeah, but this one is gonna top it.

Sonic: So can somepony tell me what's going to happen?

Mononeko: [Twilight] "We're sending you to heaven! *kills Sonic*"

Calico103: [Sonic] "Great! I'll bring back a souvenir for you!"

ToonGuy: [Twilight] "I'm glad you asked. Here's the rulebook for this crossover, because fuck trying to do anything different."

Rarity: We could, but we don't want to ruin the surprise for you.

SC276: They're going to push him through the mirror, aren't they...

CaptainPipsqueak: Or off a cliff.

Sonic: Well I do like surprises, well I'm off to see the princesses, you coming Twilight?

Mononeko: Twilight was shocked because Sonic didn't acknowledge her as a true princess.

ToonGuy: He accepted that rather quickly, didn't he.

Twilight: Sorry, Sonic I still need experience on how to be princess, so I need to stay.

Mononeko: "I have to learn how to get kidnapped properly."

Dark Angel: [Spike] "Your princess is in another castle."

CaptainPipsqueak: [Sonic] "Well *duh*; that's why I'm going to visit her. You little mutant."

Sonic: Okay, but to me your already a princess.

Mononeko: Okay, when the hell does this take place?

SC276: Clearly nowhere in canon, I can tell you that much.

ToonGuy: I feel like the author accidentally posted the sixth chapter first by mistake.

Our blue hero blasted off at the speed of sound to the castle,

SC276: Is he rolling around at that speed?

CaptainPipsqueak: ...tearing the skin off of his friends who were standing too close...

but the invisible Eggman

CaptainPipsqueak: ~googoogachoo...~

wasn't far behind. As quick as possible the hedgehog made it into the castle, but he accidentally bumped into a royal guard.

SC276: Shouldn't Sonic bumping into someone send them both tumbling to the ground?

Dark Angel: No. The guard is supposed to go 'poof' and release a small animal.

Sonic: Sorry about that um-

Flash: Flash Sentry, your majesty.

Mononeko: *clenches his fist* Goddamit Fla-wait a minute...*reads that sentence again* IS SONIC FUCKING ROYALTY NOW?!

Nox: He's been royalty since *Sonic and the Black Knight*.

CaptainPipsqueak: Sonic and the Scrappy.

Sonic: Hey dude you can just call me Sonic.

Flash: Okay dude, I mean Sonic, sorry I'm a big fan.

Mononeko: [Sonic] "Really? A fan? Prove it!"

[Flash] "I willingly played Sonic 06. And liked it."

Nox: [Sonic] "That doesn't make you a fan. That just makes you an incredibly sad individual."

CaptainPipsqueak: Flash then proved his point by rotating his head back and forth, making a humming noise and breathing into Sonic's face.

Sonic: It's alright, so Flash you think you can tell me where the princesses are?

Flash: Yes sir their right down there.

Calico103: Again, Sonic's vision sucks.

SC276: Must be tunnel vision from all that running.

Sonic: Thanks.

The blue blur ran down through the throne room and saw Princess Celestia, Luna, and Cadance.

Sonic: Hello ladies.

Dark Angel: The part of Sonic will be played by Val Venis.

Celestia: Good to see you again Sonic.

Luna: Are you ready to know why your here Prince Sonic?

Sonic: Well is it flying practice or magic practice, because I'm not gonna lie I haven't mastered these yet.

Mononeko: He get's flying and magic lessons too? BECAUSE FUCK IT, ANOTHER ROUND!

Calico103: ...Did I miss something? Is Sonic a pony now? What the hell is going on?!

Dark Angel: If you try to make sense of it, you're only gonna hurt yourself.

ToonGuy: That's why I have officially stopped giving a rat's arse!

CaptainPipsqueak: None of us want your rat arses anyway. Seriously, stop handing them out. It's gross. ... Pervert.

Cadance: No silly, it's time for you to experience your element.

Sonic: Whoa, Whoa, Whoa, my element is Love and I really don't do the falling in love thing.

BittplexMutt: Wait, what? Sonic has an Element? And it's Love? WHAT?

SC276: Boy that last fic ends on a *fucking whammy*.

Mononeko: WHAT'S THAT? YOU WANT THREE? HERE YA GO!

Nox: You want a list of things that would be a better element for Sonic?

ToonGuy: HUH.

Celestia: Yes, but remember you created Love,

Mononeko: HOW?!

Nox: Freedom, Attitude, Hope, Adventure, Fighting, Running, Plumbing, Carpentry, Lifeguarding, Collecting, Shuffling, Dancing, Drug Dealing, Chaos, Demolition, Pinball, Dodging, and a shitton of other things I'll let someone else add.

Dark Angel: If love is an element, then why isn't Cadence the element of love?! She's the princess of love for fuck's sake! Mykan may be a dick, but at least he acknowledges this fact!

CaptainPipsqueak: LOVE LOVE!

so that means you represent it.

Dark Angel: What the fuck am I watching?!!

Mononeko: *calms down* Okay, after looking the author up on FF.net, I discovered that yes, all of his fics are sequels to one-another. A SonicMLPShitVerse, or SMSVerse, if you will.

Nox: Why don't we do the one where Sonic somehow creates LOVE?

SC276: Oh so you're voting for the second one, I'm guessing.

Nox: Oh boy.

ToonGuy: Well this is just peachy!

Sonic: But my life is all about being fast and falling in love will slow me down.

Calico103: I dunno if he's like this in the games, but if you can sum up the entirety of a character's personality with the word "fast", it's kind of a bad sign.

ToonGuy: I'd make a joke about him being a bit too fast in the bed, but....I'm above it.

CaptainPipsqueak: **LIES!**

Luna: Maybe, maybe not, Sonic if you would just experience love maybe instead of slowing you down, it will push your life forward.

SC276: Why is this an Equestria Girls thing when this is clearly a plot crying out for changeling involvement?

ToonGuy: Because reasons, and those reasons are SONIC AND MY LITTLE PONY CROSSOVER.

CaptainPipsqueak: Well, something will get pushed forward, anyway. And then pulled back. And then pushed forward...

Sonic: Okay lets just say if I was to experience Love how would I do it?

Mononeko: In other words: *~I want to know what love iiiiis~*

SC276: *~What is love? Baby don't hurt me, don't hurt me, no more...~*

CaptainPipsqueak: Sonic...you so stupid...

Cadance: By going through here.

Mononeko: And then they showed him a portal to hell.

ToonGuy: So, Sonic Boom?

The three alicorns stepped out of the way to show Sonic the magic mirror.

Mononeko: Experiencing love = going through a magic mirror to an alternate dimension...

CaptainPipsqueak: Yes, clearly one can't figure out love without further interdimensional travel.

Sonic: Well you all just have an answer for everything, don't you.

Princesses: Yes.

Calico103: (laugh track)

Mononeko: No. No laugh track. That's giving too much credit.

Sonic: So um what's the deal with this thing.

SC276: Well it's clearly not supplying enough question marks.

Celestia: This magic mirror is a gateway to another world that opens once every thirty moons.

Eggman: *turns off cloaking device* That's all I needed to hear!

Sonic: What the Eggman,

Calico103: Well that's an interesting euphemism.

Mononeko: What the Walrus!

SC276: GOO GOO G'JOOB TO YOU TOO, ASSHOLE

Dark Angel: Let's just leave here and go live in a yellow submarine.

CaptainPipsqueak: Boy, that Sonic can sure show excitement, cant he?

what are you doing here?

Eggman: I was going to try to conquer this world again, but that new world sounds promising, but I need the Chaos Emeralds.

SC276: ...What?

ToonGuy: I sometimes wonder if maybe I've hit my head and this is all just the result of a severe concussion I should have had looked at before.

Sonic: Who says I'm gonna give you the Chaos Emeralds.

Eggman: Me say goodnight hedgehog.

Calico103: And *me* say goodbye sanity.

Dark Angel: And *me* say hello years of therapy.

Mononeko: The part of Eggman will be played by a caveman.

ToonGuy: Me say hello gun! Why yes, me will shot meself!

CaptainPipsqueak: And me Grimlock!

The mad scientist pressed a button on his machine and it shot out sleeping gas, which knocked out Sonic.

SC276: [Celestia] "...So, are we going to do anything about this, or...?"

A couple of hours passed, but finally waking up Sonic saw the Mane Six, Spike, and the princesses were surrounding him.

SC276: [Celestia] "Welp, guess not."

Sonic: Aw man what happen?

Calico103: Eggman set up you the bomb!

ToonGuy: LET THAT EGGMAN ALONE.

CaptainPipsqueak: I'mma call you 'Big Blue'.

Twilight: Sonic, Dr. Eggman has taken your emeralds and went through the magic mirror.

Sonic: Okay looks like I gotta stop him.

Luna: And experience your element.

Mononeko: Make out with Eggman!

Dark Angel: Oh, for fuck's sake. That image is gonna give me nightmares.

ToonGuy: I NEVER NEEDED SLEEP WHY DO YOU ASK.

Sonic: Really? I gotta do that too.

Cadance: Yes this is still the task you must complete.

Sonic: Okay anypony got anything else to say.

SC276: [Sonic] "Perhaps request twenty bear asses while I'm there?"

Calico103: I do. Ahem... "This story sucks."

Mononeko: I'm more a fan of using body language. *flips the story off*

Dark Angel: There aren't enough middle fingers in the world to express how I feel about this story.

ToonGuy: There's a certain word, but unfortunately, I feel like I'd blow out my vocal cords screaming it.

CaptainPipsqueak: [Celestia] "Bring us back a loaf of bread, a container of milk and a stick of butter." Betcha nobody gets the reference.

Celestia: Originally this magic mirror was limited to only three days, but thanks to the power Chaos Emeralds the time has no limit.

Mononeko: Because fuck suspense, amirite?

SC276: You mean the Chaos Emeralds that *aren't there* anymore?

Sonic: That's a good thing to here, well here I go.

CaptainPipsqueak: Yes, but is it a good thing to *there*?

Rainbow Dash: Good luck Sonic.

The blue blur gave them all a thumbs up and jumped through the magic mirror. Sonic was spinning in a multicolored vortex that made him pass out again.

SC276: [Sonic] "Would it kill me to stay awake for five minutes?!"

Awakening Sonic saw he was in the new world and began his search for Eggman and the Chaos Emeralds, but the second he got up Sonic felt strange. He saw a glass window and decided to look at himself.

Mononeko: Thank goodness for that random glass window.

Dark Angel: That's basically what Twilight relied on, right?

Sonic: Okay what has happen to me this time, *looks at the window and sees reflection* well... This is new.

What does Sonic look like?

Calico103: Gee, it's not like the audience of the source material—as in the people most likely to read this fic—*already know*.

Mononeko: I mean come on, it's obvious he's becoming a dog!

CaptainPipsqueak: I'm thinking gerbil.

SC276: I would like to point out now, that if he has trouble walking just like Twilight did in the movie, that's definitive evidence that the author doesn't give a shit.

Dark Angel: [Sonic] "Why do I look like Amy?"

Will our blue hero actually fall in love?

Calico103: Given your very poor foreshadowing, yes.

Mononeko: Unfortunately.

Dark Angel: The twist is that he falls in love with Derpy.

ToonGuy:See, you joke, but that actually sounds like a legitimately sweet fanfiction. *pulls out book and adds it to the long list*

Where is Eggman and the Chaos Emeralds? Find out next time.

SC276: Let's not and say we did.

Aw yeah that's how I end it! I might get mixed reviews for what I do,

Calico103: I mean, technically one positive review among indefinite negative reviews counts as "mixed", but don't get your hopes up.

but please support when I do this.

Calico103: No.

SC276: Hell no.

Dark Angel: No way, José.

CaptainPipsqueak: And might I just add a hearty 'fuck you' and a suggestion about car doors and your hands.

ToonGuy: Eh. Pass.

Please remember to Review, Favorite, or Follow PEACE!

Mononeko: Fuck you, I follow WAR!

SC276: ~WAR! What is it good for? It's good for you. It's good for me.~

Hey everybody it's me TheAwesomeCoolJay and I'm here give you another chapter in this non-canon story. Thanks again everybody for the positive reviews and to answer a random question, that I made up myself. "Who is cooler Batman or Superman?"

BittplexMutt: Um, we can't really answer that without having a complete war on our hands.

Calico103: Wait... is he really doing an unrelated character poll in the middle of—?!
Eh, whatever. It's not like this is his first violation.

SC276: How many more offensives until corporal punishment is justified?

CaptainPipsqueak: I think it's dependent on the person.

ToonGuy: You did not make that question us, that....that is older than most of us here.

Well one is a alien with every superpower and one's Batman so the answer is clear.

BittplexMutt: Um, no... I'm still confused.

Calico103: Oh, so it's not even a poll. He just really likes one of those characters.
Perfect.

SC276: Gee, thanks for *wasting our time*.

Dark Angel: Besides, it's obvious that Batman is cooler.

I own nothing half is SEGA and the other half is Hasbro,

SC276: Not that they want either half.

ToonGuy: Or even a quarter.

ENJOY!

BittplexMutt: No, we are not certainly enjoying this.

Mononeko: I enjoy ripping it to shreds...does that count?

Our story begins with our hero Sonic still looking at his reflection, he wasn't a hedgehog no more, our hero was human!

BittplexMutt: **gasps** Oh wait, we already knew about this coming in.

Calico103: It's not like the source material makes this a given or anything, nope!

Mononeko: Dammit!

His blue fur was gone, the only hair he did have was his spiky blue hair on his head.

BittplexMutt: That's completely bull, I'm pretty sure he has hair in other places.

Mononeko: He was instantly freaked out by his lack of eyebrows.

Dark Angel: Is it weird that I'm picturing him with Phoenix Wright's hair?

CaptainPipsqueak: I could probably whip something up if I had an hour or so, but almost all shots of Sonic's head are at a slight angle.

His skin was all peach now, he had clothes on,

Calico103: Thank heavens.

SC276: The author remembers that he's seen humans before, right?

he was wearing blue sweatpants, an unzipped blue cut sleeve jacket and under that jacket was a white T-shirt that had a blue logo on it that said SEGA.

BittplexMutt: Oh... there's... that... WHAT.

Calico103: I'm gonna save myself some pain later and just assume that that's never going to be explained.

SC276: There *is* an explanation, and that explanation is- (is hit by a train)

Mononeko: ...Topher, can you hand me that Spiky Blue please?

Topher: Hang on! Just a little more goat's blood... a splash of root beer, and There we go! *pours cocktail shaker into a martini glass* Now drink up before the glass goes limp!

Mononeko: Thanks *drinks up the cocktail and promptly vomits* Urgh...I expected I'd drop dead...

Topher: Give it time, It's not as much as a drop as it is a slow disintegration.

ToonGuy: *takes a drink* I see nothing wrong with... hold up. Ah yes. There goes my liver. And my kidneys. And lungs. Ahhhhh, sweet release of death.

CaptainPipsqueak: Meh. I'll stick to my coffee.

The only thing Sonic did keep was his white gloves, but when looked down he saw his iconic red sneakers were replaced by his old Scorchers/Nitro soap shoes.

SC276: *What are you fucking talking about?* I know he's gone through a shoe change, but you've done a shit job identifying *which* shoes he has now.

Calico103: Y'know... "He was human and had different clothes," might've sufficed, but I'll just try to remember every last detail whenever Sonic is mentioned, sure.

CaptainPipsqueak: 'Also his penis is a couple of inches longer.'

Sonic: This is all too weird, *looks at his T-shirt* what the heck is SEGA?

Mononeko: Ha ha ha ha not funny.

Topher: It's an ancient word meaning "Fallen from grace."

Man *looks at his shoes* I haven't wore these since in while, well time to go save the world.
?: Young man where do you think your going?

Mononeko: God is tired of your shit, Sonic.

CaptainPipsqueak: I'm more depressed, really.

Topher: Why do we keep getting this shitty script formatting?

Sonic That voice, Princess Luna is that you?

Luna: Actually it's Vice *Principal* Luna,

SC276: Why isn't the "Vice" also italicized? Forgot how a title works?

ToonGuy: She is remarkably calm about being called princess. Does this happen often?

what are you doing outside of school?

Sonic: I'm sorry did you just say school?

Mononeko: I'd be more surprised over the 'Vice Principal' part, but to each their own, I guess...

Tophers: Oh boy, It's My Little Sonic, Starfleet Humans.

SC276: Worse; it's the dork age of the Archie Sonic comics.

CaptainPipsqueak: You mean *any of it*?

Luna: Yes school, High School to be exact, I'm guessing your new because I have never seen your face around here.

Sonic: (Just go with it Sonic)

Mononeko: Glad to see the narrator is giving him advice.

ToonGuy: Knowing the author, it's not going to be good advice.

Yes I'm new.

SC276: Yeah, "go along" with the *truth*.

Luna: Okay then lets go get you enrolled.

CaptainPipsqueak: [Luna] "First, take off your pants."

[Sonic] "Are you sure about tha..."

[Luna] "THIS IS HOW IT'S DONE HERE."

Our hero followed the vice principal into the school and what he saw surprised him, he saw all the humans who looked a lot of ponies from Equestria. They finally made it to the principal's office where Principal Celestia was putting seven gems into a case,

Mononeko: Timing!

Tophers: She was also storing the Rainbow Rod, the Elements of Harmony, the Sorcerer's Stone, the Necronomicon Ex Mortis, the Vault 13 Water Chip, the One Ring, the Ark of the Covenant, Marcellus Wallace's Briefcase, the Galaxy on Orion's Belt, Red and Blu Team's Intel, the Epsilon Memory Unit, the Arkenstone, the Holy Grail, the Map to Luke Skywalker, the Stars Bowser Stole, the Declaration of Independence, the Dragonballs, the Oletheometer, Journal #3, all the Infinity Stones, the allspark, several elder scrolls, the triform, the octavo, the ruby slippers, um... you know what? Why am I rattling these off? You have the internet, just go to TVTropes.

ToonGuy: You forgot the Matrix of Leadership.

CaptainPipsqueak: Technically that's the Allspark.

SC276: How the fuck did Eggman even lose them?! Unlike the Element of Magic, they didn't go through the portal before everyone else!

Sonic quickly realized that those were the Chaos Emeralds.

Luna: Sister we have a new student.

Celestia: Oh that's great,

SC276: [Celestia] "Hopefully *this* one will listen to authority that isn't the superintendent."

what's your name young man?

Sonic: I'm Sonic, Sonic the - um just Sonic.

Mononeko: Sonic the Justsonic?

Topher: QUIT STEALING MY OCS!

The Shit I do to get a laugh around here...

Mononeko: *eyes begin to bleed* He's not even human what the hell?

Topher: DON'T STIFLE MY CREATIVITY!

Mononeko: I'M SORRY YOUR CREATIVITY IS MAKING MY FUCKING EYES BLEED!

Topher: SHUT THE FUCK UP MY ART IS GREAT NOW BUY A FUCKING COMMISSION!

CaptainPipsqueak: DO YOU TAKE MONOPOLY MONEY, GOOD SIR?

TOPHER: WHY YES I DO!

Celestia: Well hello Sonic and welcome to Canterlot High, I'm Principal Celestia.

Sonic: Hey Principal Celestia just a random question, where did you find those gems?

Celestia: Well I found them in our gymnasium they appeared here like magic.

Calico103: So you stole them and put them up on display?

Topher: [Celestia] "It's our standard policy. Any unknown, suspicious objects are kept in the same building as the students."

CaptainPipsqueak: Did that with some plutonium once. Was kind of funny up to a point.

SC276: So... they *ran away* from Eggman? *That's* all you got?!

Sonic: Really. (The emeralds are so random)

BittplexMutt: Just like Pinkie.

SC276: *You can't even come up with a decent excuse?!*

CaptainPipsqueak: Hey, the emeralds do their own shit. You can't give *them* orders!

Luna: Right now we don't know who they belong too.

Celestia: So we decided to hold them until the rightful owner comes to claim them,

Calico103: Okay, that's better, I guess.

Topher: The correct answer is "Yeah, about that, those are mine."

CaptainPipsqueak: [Celestia] "Or until we can find a buyer willing to shell out enough."

but enough of that it's time to get you to your classes.

Nox: [Sonic] "I am the rightful owner of those gems."

[Celestia] "Okay." The End.

Sonic: I was hoping you would forget about that.

Celestia: Okay here you go,

Mononeko: Accurate response!

gives Sonic a schedule and have a nice day Sonic.

SC276: So, you just have freshmen schedules just... lying around? Does Canterlot High not have electives or anything?

CaptainPipsqueak: No. No it does not.

The blue haired teen left the office and began to look at his schedule while he was walking down the halls.

Sonic: Six periods okay that's not that bad, oh man I got Science first, now could someone tell me where it is?

Mononeko: Science is all around us, Sonic.

Topher: It's also in this cocktail shaker! For a drink called the "Spiky Blue" It sure does change colors a lot! Also the smoke smells funny.

Dark Angel: *takes a sniff* Huh, the smoke actually smells like my grandma. And just for reference, my grandma has been dead for years and was cremated.

CaptainPipsqueak: Yes, but how does she *taste*? ... I'm not apologizing.

Dark Angel: Like burnt chicken skin.

Topher: Dude, what the fuck? And that's ME saying that!

CaptainPipsqueak: What? It's *his* grandma.

Not knowing where to go Sonic decided to ask the janitor,

SC276: He specifically sought out the janitor. And not, like, a map directory. There should be a map in the main office...

ToonGuy: Truly the source of all wisdom.

CaptainPipsqueak: Of course. Janitors know *everything*.

when Sonic called for him the janitor turned around and Sonic had a huge smile on his face. The janitor was Dr. Eggman who was sweeping up some trash, Sonic could not stop laughing.

Nox: Now Eggman can wipe up this shit story.

Mononeko: Impossible. There's just too much shit in this story

Dark Angel: The entire story is composed of shit.

Topher: We're going to need to divert a nearby river to clean up all this shit.

MYTHOLOGY REFERENCE!

Mononeko:

Sonic: HAHAAHAHAHAHAH, Eggman your a janitor?

Eggman: Oh shut up kid, wait a minute Sonic is that you!?

Sonic: Yeah, but forget me look at you, your wearing a janitor's uniform.

Eggman: Don't remind me, traveling to a new world is so much trouble,

Calico103: They're... they're just chatting it up like old friends now, aren't they?

SC276: What is this, *Sonic Boom*?

CaptainPipsqueak: It's like a magical trainwreck made of magic. And wrecked trains.

first I passed out when I got here, second I lose the Chaos Emeralds, third I find them, but this school's principal has found them first.

Mononeko: "Forth, it turns out I'm in a shitty crossover!"

CaptainPipsqueak: [Eggman] "Ratzen frutzen principal...Nice tits, though."

Sonic: Okay that explains some stuff, but why are you a janitor?

Calico103: [Eggman] "The author thought it would be funny."

Topher: ...Yeah, I think that is the reason. I honestly can't think of a good reason.

SC276: It was the only thing he was qualified for.

Eggman: I tried to get close to the emeralds by getting a job here as a science teacher, but they didn't have anything open right now, so they made me janitor!

CaptainPipsqueak: That's kind of a stretch: 'We don't need a science teacher, but how good are you at cleaning up vomit?'

Sonic: Heh heh, its really funny you went from mad scientist to mad janitor, you really bumped down.

CaptainPipsqueak: See? Even *he* thinks it's funny!

Hey since your not a threat no more can you tell me where I can find the Science class?

Eggman: Sure it's right down there.

Calico103: Not sure whether to bet on Eggman sending him to the wrong room or on the author being incompetent at writing villains and—actually yeah, nevermind.

SC276: If this were *Boom!* Eggman, this would make so much more sense.

Dark Angel: Actually, you'd be surprised how accurate this tends to be.

Sonic: Thanks see ya later, oh and Eggman you missed a spot.
The teen left laughing at his foe who was steaming angry.

Mononeko: Hooray for cliched dialogue!

SC276: Hooray for visual language!

Toph: Ooh! Steamed angry, my favorite!

CaptainPipsqueak: I prefer my anger boiled.

Eggman: You forget boy I still have my powerful mind, I'll get those emeralds, conquer this world, and destroy you Sonic.

Nox: [Eggman] "But first I'll wait for you to realize I sent you to the girls bathroom."

SC276: I'm not feeling the conviction in this. Once more, with *feeling!*

We go back to Sonic who is at the door of his science class when he entered the class he saw six familiar faces.

Mononeko: The guys from Friendship is Manly!

Sonic: Well it's about time I saw them.
Who is Sonic talking about?

Calico103: DBZ-style endings don't work when we already know the answers to the questions!

SC276: The bigger question is why the fuck is Twilight there.

ToonGuy: Reasons. And the author's not very good.

Will Eggman make a comeback and what's the next chapter gonna be about? Find out next time.
When Sonic goes to gym class.

Calico103: Gym, not science? Huh, guess I bet wrong.

Mononeko: Eggman sent him to the gymnasium instead.

Well that's the end for part two, you got to see how Sonic looks and what I did to Eggman. Review, follow, favorite or subscribe to me on youtube for different reasons and PEACE!

Nox: I found him on Youtube and he has 800+ subscribers. I'm happy for him.

Mononeko: Yeah, I'm happy for him as well.

Toph: I am SO. FUCKING. HAPPY! NOPE. NOT. BITTER. AT. ALL.

CaptainPipsqueak: Guys, you have to remember: this is FanFic.net you're talking about.

Hey everybody it's TheAwesomeCoolJay and it's time for another chapter. RANDOM QUESTION TIME!
If you had superpowers what would you be a hero, a villain, or the anti-hero?

Calico103: ...This is gonna be an every-chapter thing, isn't it?

Mononeko: Need you even ask?

ToonGuy: That depends. What would ending this fanfiction make me?

CaptainPipsqueak: Well, I *often* think about killing people, so...

Personally I would be the anti-hero it's cooler,

Calico103: Of *course*.

Toph: PFFT! Come back when you're with the cool kids. *Turns around to reveal "BORN 2 DESTROY" embroidered on the back of his coat*

SC276: But the villain gets the *cool* toys!

Dark Angel: Is "other" an option?

ToonGuy: I'm going to go with 'being beyond morality' for two hundred, Alec.

but it's time to read the story, I own nothing half belongs to SEGA and half belongs to Hasbro, ENJOY!

SC276: No, I refuse.

Our story starts with science class ending and the students going to their next class.

SC276: Your cliffhanger resolution sucks!

CaptainPipsqueak: His *cliffhangers* suck.

Sonic saw the human versions of his pony friends getting up, leaving the classroom, and going to their separate classes. Sonic checked his schedule and saw that he had P.E. next, he was about, but he realized he didn't know where it was.

Mononeko: Also he didn't even bother to go after the girls despite implying so at the end of last chapter.

A teen boy saw Sonic was having trouble on where to go, so he went over and helped Sonic out.

BittplexMutt: Big mistake.

CaptainPipsqueak: OH NO! *INTERACTION!!!*

Toph: Calling it now, It's Flash Sentry.

?: Dude you need some help?

BittplexMutt: [Sonic] "Nope."

ToonGuy: [Sonic] "The State my franchise is in, yes."

Sonic: Yeah, I'm new can you tell me where to find the gym class?

?: Sure man, I'm about to go there myself.

Sonic: Thanks uh?

Flash: Flash Sentry, but you can just call me Flash uh?

Topher: CALLED IT!

Mononeko: Wait, if this is just a retelling of the first Equestria Girls movie with Sonic instead of Twilight, does that mean Flash and Sonic are gonna hook up?

SC276: Of all the times for Scarlet to be absent...

Dark Angel: Why does he want to be referred to as "Flash Uh"?

CaptainPipsqueak: Shouldn't it be 'Flash! AH AHFFFH!'?

Sonic: Sonic, nice to meet ya Flash, (wow meeting this guy again what are the odds)

SC276: About the odds of this being a scriptfic, actually.

so I think I might need you to tell me where all my classes are?

Flash: Okay that's cool let me see your schedule? *receives schedule from Sonic*

Calico103: Because we're unable to infer that he did that from context.

Topher: Does this entire story take place in a Lucasarts game?

CaptainPipsqueak: I hope not; a lot of those were good.

Aw cool we got every class together.

Sonic: Aw man that's awesome.

Calico103: [Sonic] "Just kidding, I hate my life."

Mononeko: Aww, man, this is usually how these terrible romance stories begin...right?

ToonGuy: I'm torn. On the one hand, it's different, but on the other, it's a shitty Sonic crossover.

Flash: I know, we better get to the gym or were going to be late.

The two teenagers hurried to their gym class and they made it in right before the bell rang.

SC276: Talk about saved by the bell...

Dark Angel: *hears crickets chirping* Where did all these crickets come from all of a sudden?

Sonic looked around and he saw three familiar little girls sitting in the bleachers with some paper, a pencil, and a camera.

Sonic: What are they doing?

Flash: Oh their just a part of the Student newspaper.

SC276: [Flash] "I don't know what it's called, but I know they're part of it."

Dark Angel: [Flash] "It's called the Foal Free Press. I still don't know why they chose a name like that."

CaptainPipsqueak: I think someone was drinking. Or high. Maybe both.

Sonic: But why are they in the gym?

Flash: Because it's today

Mononeko: [random student] "No, it's Wednesday."

CaptainPipsqueak: Bullshit. Friday.

were playing Dodgeball with the girls.

Calico103: You know your school paper's having a bad day when "Boys Play Dodgeball With Girls!" is your front-page headline.

Mononeko: Eh, slow news day. Kinda odd that that's the 27th slow news day in a row...

Topher: It's better than the last story: "Soda machine restocked."

Mononeko: Hey! That was their best article since "Toilets clogged"!

ToonGuy: How can you forget the masterpiece that was "Slippery Floor Fixed"?!

CaptainPipsqueak: Is it shirts versus skins?

Before he could respond to that he saw a ball flying in the air and hitting a guy in the face. He fell down and the remaining two fell down with him,

SC276: ...What?

Mononeko: Ah, they're distant relatives of the conjoined twins from 300.

the female coach cheered for her girls, while the male coach got angry and yelled.

Spitfire: Calm down Soarin, but you gotta admit that my girls totally owned your boys.

Soarin: No, I'll never admit it, one more game!

Spitfire: Okay, but lets make this interesting, if my girls win you give me fifty bucks and we get the gym for the whole semester.

Soarin: Seems fair, if I win you buy me apple pie for our lunch break for a week.

SC276: Aaaaaaand I'm bored of this subplot already.

Calico103: That is literally the most unfair bet I've ever heard.

Mononeko: You forget that Soarin is a one-dimensional fuckface who only cares about pies and sports.

CaptainPipsqueak: Sometimes he thinks about fritters.

Topher: Yeah, It's so lame when a character only has one or two interests!

continues thinking about mindless violence and causing general mayhem through twisted cartoonish antics

Spitfire: Okay then, Gilda, Lightning Dust, Rainbow Dash, can you girls win again?

Lightning Dust: No problem.

Gilda: It's not even a challenge.

Rainbow Dash: Since I'm on the team coach there's no way we'll lose.

Nox: [Spitfire] "For the last time Rainbow, GET OFF OF ME!"

SC276: Y'know, if this takes place after *Friendship Games* and Rainbow ends up breaking out the pony cosplay, this fic would make much more sense. Which is of course why that will not happen.

ToonGuy: Sense? In this story? Pfft!

Spitfire: So Soarin who's gonna face my ultimate team.

Soarin: Um okay lets see

Mononeko: [Soarin] **"*thinking* Damn the lack of male characters in this series..."**

CaptainPipsqueak: [Soarin] "Um...Hey, it's Principal Celestia!" *runs away*

sees Sonic and Flash those two Flash and uh-
Sonic: Sonic.
Soarin: And Sonic, they'll beat them.

Calico103: ...Yeah, the author has a very loose grasp on fairness.
Mononeko: [Spitfire] ``*starts to roll over the floor laughing*''
SC276: At least have Snips and Snails...
CaptainPipsqueak: Hey, Snails *kicks ass* at sports.
ToonGuy: This is the best of plans.

Flash: Coach I did this last time and it ended badly so I'm just gonna sit this one out.

Mononeko: Really great of ya, Flash, abandoning your soon-to-be-boyfriend.
ToonGuy: BOO! The OTP has been broken!

Soarin: Okay then, Sonic you think you can beat them?
Sonic: I don't think I can beat them, I know I can beat them.

Calico103: Overused movie lines, GO!
Mononeko: "I've got a bad feeling about this."
Topher: "They're not gonna stop us, we're on a mission from god."
CaptainPipsqueak: "I say we take off and nuke the entire site from orbit. It's the only way to be sure."
SC276: ...I just remembered the *last* alien that had super-speed in Canterlot High and showed up everyone. It was not fun.

The whole gym went quiet when Sonic said that, everybody stared at him. Everyone thought Sonic was crazy for going up against the top three athletes in the school.

Topher: OOH! A new story for the school paper! "Teenage Boy shows Bravado!"
SC276: "New Student Exhibits Death Wish!"
ToonGuy: "Student Dies Due to Dodgeball."
CaptainPipsqueak: "Who Is This Sonic Person, Anyway?"

No one said anything until Sonic walked out on the court and lined the balls up by himself and went back to get ready for the rush.

Apple Bloom: Wow this is gonna big news!
Sweetie Belle: Yeah, new kid gets beaten by Dodgeball trio.
Scootaloo: Take him out Rainbow Dash!

BittplexMutt: [Scootaloo] "On a date, that is."
Mononeko: [Sonic] "Sorry, I'm dating Flash already!"
CaptainPipsqueak: [Sonic] "We've already exchanged phone numbers. We'll be exchanging spit under the bleachers within a week."

Sonic: Well that shows how much support I got.

SC276: You literally just got here. You've had no time to *build* support.

Spitfire: Three vs. one this is gonna a quick game.

SC276: [Sonic] "Yeah, it is. Maybe I should hold one hand behind my back to make it fair."

Alright, Ready, Set, GO!

The girls ran towards the balls, while Sonic just stand there, he knew he could easily get all the balls with his speed, but he decided to make this a little fair for them.

Calico103: By which you mean "play dumb for the first half of the game, then suddenly wipe them all out," right? I'm noticing a trend involving dumb movie clichés.

ToonGuy: It's a Sonic/MLP badfic, THEY'RE MADE OF DUMB MOVIE CLICHES.

The girls got all ten balls

SC276: They only have six hands between them. How are they doing that?

CaptainPipsqueak: Um...'magic of friendship'?

and Gilda and Lightning Dust began to mock Sonic.

Gilda: What a wimp, he didn't make a grab for them.

Mononeko: Gilda apparently suffers from an extreme identity crisis thinking she's Lightning Dust.

CaptainPipsqueak: She's *such* a dweeb.

Lightning Dust: What's the matter Sonic you scared?

Rainbow Dash: (What's he up to?)

CaptainPipsqueak: (I didn't know you could talk like this. Why didn't anyone tell me we could talk like this?)

Gilda and Lightning Dust threw their balls at Sonic

CaptainPipsqueak: I thought they were female? ... *Still* not apologizing.

, but all he did was step out the way and the balls went flying by Sonic. They threw there balls again, but this time Sonic caught them with no trouble at all.

Lightning Dust: Wait what just happen?

Gilda: I have no idea.

Calico103: He, uh, caught the dodgeballs you threw at him. Was it *that hard* to notice?

CaptainPipsqueak: Also he set up you the bomb.

Sonic: Your out, I don't know what's so hard to understand about that.

Calico103: Don't steal my lines, Sonic.

SC276: Fastest plagiarist alive.

The two left the court and Flash started to cheer for Sonic, while everyone else told cheered for Rainbow Dash.

Mononeko: *Sonic blushed and smiled at the blue-haired boy. Despite the entire school rooting for the opposite team, he was the only one who'd show his support for him. He was the only person in this universe that actually cared for him, showed kindness and appreciation for him during the admittedly few moments he spent in this school. As he continued to stare at the boy, he started to feel something deep inside of him. A flicker of warmth started to grow in his che-what the fuck am I doing?*

Topher: I don't know, but we need to keep it from ever happening again! Drink this!
Pours another Spiky Blue

ToonGuy: No thanks, learnt my lesson from the last time.

Rainbow Dash: Look Sonic don't take this personally, but I'm the greatest athlete in this school so I hope your ready to lose?

Sonic: Well don't take this personally Rainbow Dash, but now that I'm here, I'm the greatest athlete at this school.

Mononeko: [Rainbow] "Stop repeating me!"

[Sonic] "Stop repeating me!"

SC276: This is the point you realize we rified this scene last year.

Mononeko: Jokes on you, I wasn't here yet in 2015!

CaptainPipsqueak: You're only a year old?

Angry at what Sonic said RD threw two balls at Sonic, the teenage hero ducked for the first one and front flipped over the second one.

Mononeko: And I flipped something else! ***flips the story off***

Dark Angel I have something else to flip. ***flips the table***

CaptainPipsqueak: ***sighs and flips page***

Rainbow Dash: What's wrong Sonic not man enough to throw a ball at me?

Sonic: Look I don't want to hurt you.

Rainbow Dash: Aw please just like you I'll dodge the ball, but I'll do it twenty percent cooler.

Calico103: Fuck off.

Mononeko: ***bangs his head against a wall***

Topher: I'm going to burn it all. It's all going to go away in a red blaze of heat and light. I will bask in the glory as it is all reduced to blackened dust...

SC276: How about you vote for not-this, so that you can burn it as soon as possible?

CaptainPipsqueak: I'm going to drown this author. I'm going to drown him like a sack of kittens.

Sonic: Alright if you say so.

Sonic grabbed a ball and held it tight in his right hand, he began to spin around crazy fast.

Mononeko: It looked really fucking stupid.

SC276: Is that *really* necessary? Can't you just throw it instead of doing a Lightning Dawn-brand pirouette?

CaptainPipsqueak: Then he spun around *bonkers* fast.

Everyone thought they were looking at a human tornado, Rainbow Dash was scared a little bit, but she got in her stance and prepared to catch the ball.

Sonic: Hope your ready for this fast ball! *Lets go of the ball*

SC276: However, he forgot to aim. Applebloom will be missed.

CaptainPipsqueak: By whom?

Rainbow Dash: Please I can catch this eas-

She couldn't finish her sentence because the ball hit her in the face, the hit was so hard it knocked out Rainbow Dash.

Mononeko: -'s teeth.-

Topher: -'s entire skeleton.-

CaptainPipsqueak: -'s blood.

Dark Angel: And thus, the MLP/Undertale crossover was born.

When Rainbow Dash got everyone quiet except for Coach Soarin.

Soarin: Yes, APPLE PIE FOR A WEEK!

Mononeko: Because that's your only personality trait.

SC276: A student just got fucking assaulted! Get your fucking priorities in line!

Captainpipsqueak: Fuck that. Apple pie, man.

Scootaloo: Did Rainbow Dash just I-I-lose?

Topher: Ah, disillusionment! So much fun to watch!

Sonic was about to celebrate, but he quickly stopped when he saw Rainbow Dash struggle to get up. He went to go see if she was alright, but all she did was storm out of the gym.

Dark Angel: I thought she was struggling to get up.

CaptainPipsqueak: She rolled out of the gym with a look of fury on her face.

He tried to run after her, but the guys came to congratulate him for beating the top athlete in the school, but Sonic didn't feel cool with.

Calico103: What kind of emotion is "cool with"?

SC276: Where were these guys during the rematch?!

Sonic: (Aw man she hates me now and if she hates the rest are going really hate)

Can our hero make peace with Rainbow Dash and the other five?

Mononeko: What do the other five have to do with anything? And now that I mention it, why the fuck is Twilight even in this story when this written, and thus we can assume it's set, before we knew the existence of Sci-Twi?

Topher: I'm just glad he didn't say "You're too slow" again.

Dark Angel: Would I be right in assuming that we're gonna cut to the next sample before we get an answer? I mean, the answer is obvious anyway.

Will Sonic make more enemies in this school?

SC276: Only if we're lucky.

Find out next when Sonic finally meets all the girls after school.

SC276: All of them.

ToonGuy: Oh god I'm having Flutterbat's Harem flashbacks and that is not I want to have.

See what I did there drama bomb!

Mononeko: More like drama party popper.

SC276: Drama by characters acting like complete idiots isn't drama, it's excruciating.

CaptainPipsqueak: Go fuck yourself with a rake, author.

Well Review, Favorite, or Follow PEACE!

Ringmaster: This next one would actually be another multi-fic multipart, because the following sample is of a fic that's one-shot length, however its *sequel* is 45K and much dumber. Combined, the two fics here in the "Sonic and Shadow in Equestria"(by Will Atkinson) series would take four parts to riff.

SC276: Talk about a *ton* of crap.

Dark Angel: So far, my vote is still for the first piece of shit we sampled.

ToonGuy: Wow, I'm impressed.

Sonic and Shadow in Equestria

By Will Atkinson

Chapter 1: Discord's Return

SC276: Well this isn't always handled terribly.

(Sonic X theme starts to play)

<https://youtu.be/VTHsOSGJHN0>

BittplexMutt: Oh stop that, we already had enough problems with Mykan as it is.

Mononeko: Aaaaaand I stopped giving a shit already!

Topher: I'll mix more Spiky Blues. We'll need 'em.

SC276: CAN WE HAVE A WRITER THAT'S NOT FUCKING PRETENDING HE'S WRITING A TV SHOW, THANK YOU

CaptainPipsqueak: And you said it wasn't always handled terribly. Two lines in and you've already had the shit disillusioned out of you.

(Song ends)

It was a beautiful spring day in Ponyville

SC276: It was a bright sunny day.

CaptainPipsqueak: Suddenly a shot rang out!

ToonGuy: Are we in a groundhog day loop!?

Dark Angel: ~It's a beautiful day in this neighborhood. A beautiful day for a neighbor. Would you be mine? Could you be mine?~

and Twilight, Rainbow Dash, Applejack, Pinkie Pie, Fluttershy, and Rarity were enjoying a nice day by the lake.

Mononeko: Spike however, was left in the library doing ~~slave labor~~ really important assistant work.

CaptainPipsqueak: And cataloguing the 'candid' photos he had of Rarity.

"Now this is what ah call relaxation Twi." Applejack said, who was relaxing under the umbrella.

"I couldn't agree more Applejack and it looks like Pinkie, Fluttershy, Rainbow, and Rarity are enjoying their little game of marco polo."

Mononeko: ...you know what? I'm not even gonna address the problem in that sentence, it's that obvious.

Topher: I kinda feel like flying above the pond is kinda cheating when Pinkie is Marco.

Dark Angel: Huh. I would've never pictured Rarity to be into Marco Polo.

Twilight who was reading a book

CaptainPipsqueak: Cliche character action!

said.

The two looked back and saw their friends chasing around each other, while one was trying to get who.

Mononeko: Doctor Who or Cindy Lou Who?

Topher: No, THE Who.

SC276: Who was no more than two. The author's brain, I mean.

After a bit, Rarity walked back, a little exhausted from running around a lot.

"I've been meaning to ask you Twilight, where's my little Spikey Wikey?" Asked Rarity.

SC276: Narrative limbo.

ToonGuy: Not in this fanfiction.

CaptainPipsqueak: Somewhere safe and, if I know him, with a bottle of lotion.

"Well, he's still at the library fixing up the mess he made yesterday." Twilight explained while putting her book away.

Mononeko: *shrugs* My comment was kinda accurate...

ToonGuy: And my mind went to horrible places. It does that from time to time.

"I hope he comes soon." Pinkie Pie said bouncing to them.

CaptainPipsqueak: Depends how much lotion he uses.

"Yeah he's gonna miss all the fun." Rainbow Dash added while flying above them.

Topher: [Rainbow] "and by 'He's gonna miss all the fun' I mean 'We're out of soda and I need him to go get more.' Pinkie drank the last Hetap."

CaptainPipsqueak: Who did she have to kill?

SC276: [Pinkie] "*GIANT BURP*"

"I umm I'm sure he will be here shortly." Fluttershy quietly added.

Suddenly, everything started to shake, "Apples and buckets it's an earthquake!" said Applejack.

Mononeko: Ah yes, Applejack's famous catchphrase.

Dark Angel: Well, you can't fault the author for at least trying to use original dialogue. It already makes him better than Mykan.

Topher: Well, so are millions of monkeys at millions of typewriters, so that's not really much in the way of praise.

Dark Angel: Cover a worm in ink and let it crawl across your paper and you have something better than Mykan.

"Hurry everypony get to cover NOW!" Twilight said.

They all left the lake and ran for their little town, ponyville.

SC276: Kinda a long way to go for cover, ain't it? I mean, aren't you next to a tree?

Meanwhile the quake rumbled all over Ponyville as everypony ran for cover. "There!" Rainbow Dash pointed,

Mononeko: -in a nonspecific direction-

CaptainPipsqueak: Yes! That way. Over there! Where I'm pointing!

"The library hurry!"

SC276: That's the closest shelter? The thing with *all the things* to fall off shelves in an earthquake?

ToonGuy: Why would you hide in a 'Library hurry' in a earthquake?

They quickly got into the library. The rumbling continued, until it came to a slow stop.

SC276: Pretty crap earthquake if nothing fell over.

Dark Angel: Ironically, it's actually more realistic than you think.

SC276: You're some sort of celestial being, "realistic" is out the fucking window.

Dark Angel: Do I need to call my cousin, Cupid, to come and confirm how realistic I am?

"Oh....oh my." Fluttershy said, still shaking up a bit,

Dark Angel: That must be one extremely localized earthquake if Fluttershy is the only one shaking.

CaptainPipsqueak: Fluttershy generates earthquakes. Confirmed.

"That was s....scary."

The ponies caught their breath and collapsed on the ground, relieved it was over.

SC276: I see they've never been to California.

"Hey, you girls alright?" A little purple dragon asked who just came out of a room.

Mononeko: Thanks for reminding us what Spike looks like. Or that he exists at all for that matter...

Dark Angel: [Rainbow] "Hey, Spike, can you go get me a soda? Pinkie here drank them all."

CaptainPipsqueak: "Bring us six, or someone is dying."

"Yes Spike were alright." Twilight said to the little dragon while they all got up.

"Oh Spikey Wikey." Rarity said, running toward Spike and hugging him, "Are you alright?"

"Yes Rarity I'm fine." Spike said.

Rarity continued to hug him, not knowing he was having a hard time breathing,

Topher: That wasn't the only HARD time Spike was having if you catch my drift!

ToonGuy: *claps reluctantly* Have to give you that one.

Dark Angel: This fic is coming dangerously close to a mature rating.

CaptainPipsqueak: Well, this probably shouldn't be read by children on general principles, really...

"Oh I was so worried that you were hurt and-"

Just then Rainbow Dash interrupted, "OK Rarity let the poor kid breath."

SC276: [Rainbow Dash] "We might actually need him for this story."

Rarity looked down and saw Spikes face a little blue, "Oh I'm so sorry Spikey Wikey."

Dark Angel: Stop calling him that! This fic has already reached it's quota for how many times Rarity can call him "Spikey Wikey"!

Rarity said, letting go of Spike.

"Oh it's alright Rarity." Spike said, blushing a bit.

SC276: Are we at the crossover bit yet...?

ToonGuy: NOPE.

After the results of the short, but strong earthquake, the ponies began cleaning all of Ponyville but what they didn't know was that the quake damaged Discord's stone statue prison.

Mononeko: What the hell is Discord's statue doing in Ponyville?

Topher: Celestia chose to take the statue on tour to put the fear of God in the citizens.

CaptainPipsqueak: Well, the fear of *her*, anyway.

The statue slowly cracked and was starting to break until suddenly it split open and Discord fell onto the ground.

BittplexMutt: Huh, well, that was easy.

ToonGuy: [Discord] "Oh god, a Sonic crossover. I'm outta here!"

He pulled himself up and rubbed his head, and he realized he wasn't frozen anymore. He smiled evilly,

"Ah YES, YES, YES, I'M FREE ONCE AGAIN!!!!" He said in victory,

"Now that I'm free I can get my revenge on those blasted ponies for locking me up for the second time."

He knew he wanted a good plan,

Dark Angel: He's the god of chaos. He doesn't make plans. I don't think you needed to see the season 6 finale to come to this conclusion.

CaptainPipsqueak: 'Planned chaos' doesn't really work.

so he thought for a moment, while tapping his chin with his eagle claw, "But how when they have those stupid elements of harmony?" He asked himself.

SC276: Well, you could steal them again?

Dark Angel: Or make one of them promise never to use her element against him ever again?

He continued tapping his chin and thought hard, "OK I need to think, so come on think Discord, think, think, think."

Topher: And that's when Discord had an idea. Discord had a terrible, AWFUL IDEA!

Then, a plan popped into his head, and he smirked evilly, "I know. I'll steal the gem of power oh YES, YES, YES, YES!!!!"

Mononeko: Why the fuck is he orgasming as he's saying this?

Dark Angel: He's the God of chaos. Like Pinkie, it's probably best not to question it.

CaptainPipsqueak: Let him have his fun.

Oh Discord you are a genius you are. HAHAAHAHAHAHA!!!!" He said while laughing.

Discord turned to the city known as Canterlot

SC276: And formally known as Prince.

and smiled evilly, "So look out princess Celestia, cause I'm coming for that gem of power

Topher: How delightfully ambiguous!

Mononeko: Ah, yes the ever so famous "gem of power" that we've all heard of.

CaptainPipsqueak: You fool! You've never heard of the powerful gem of power?!

Dark Angel: I'm gonna go out on a limb and assume the "gem of power" is a chaos emerald, if not the master emerald.

HAHAHAHAHAHAHA!!!!" He then snapped his fingers and disappeared.

Meanwhile in Canterlot, Princess Celestia was cleaning up the mess in the castle that was caused by the quake,

SC276: Because a quake in Ponyville can clearly be felt in Canterlot, *the hell's going on.*

ToonGuy: Eh, I gave up on caring a long time ago.

just then she heard the glass of the window behind her shatter she turned around and there was Discord.

"DISCORD!" Celestia gasped.

Mononeko: [Discord] "Oh Celestia, you shouldn't repeat the narrative."

Dark Angel: Strangely enough, that sounds accurate to what Discord might say in canon of the show.

"Well hello princess." Said Discord with an evil grin on his face, "How are you doing? Did you miss me?"

SC276: Well we're not going to miss this story.

CaptainPipsqueak: [Celestia] *pulls out rifle* "Let's see if I do."

Celestia looked at Discord and said in a stern tone, "No. I have not and how did you get out of your stone prison?"

"Oh just thank that timely earthquake my dear." He snickered, "But enough of that, tell me my dear where's the gem of power?" Discord Asked with a smirk on his face.

SC276: [Celestia] "Not sure why you'd think I tell you. Especially when you aren't talking with puns."

Dark Angel: [Celestia] "Does this gem by any chance have holograms that go with it?"

Celestia went wide eyed when he mentioned the jewel of power,

SC276: No, he said *gem* of power. Pay attention already.

CaptainPipsqueak: Next he'll call it the jewellery of power.

but then laughed and said, "Ha, like I would tell you anything, guards seize him!"
The door opened and the pony guards surrounded him.

Mononeko: Because that would help...

Dark Angel: This is why Celestia is so useless when fighting against powerful foes. It's not that she can't fight, it's that she makes stupid decisions. Kinda makes you wonder how Equestria is still functioning.

CaptainPipsqueak: The two of them are figureheads; they're so screwed up they think they raise the sun and moon.

Discord shook his head in disappointment, "Oh Celestia I guess we have to do this THE HARD WAY!"
With that he snapped his fingers and froze the guards in their tracks before they could grab him.

SC276: Just... froze them? Really? You *really* don't know how to write Discord.

ToonGuy: He's not Maleficent, DO SOMETHING CHAOTIC.

CaptainPipsqueak: I'd have turned them into stop-motion clay figures, but the guards mostly don't move anyway.

Dark Angel: For being the "hard way", that really didn't seem that hard.

He then walked up to Celestia,
"Now lets try this again princess." He said, "Where is the gem of power?" He asked starting to lose his temper.

SC276: We've long since lost our patience.

CaptainPipsqueak: And interest. It's just a sort of horrified curiosity at this point.

"If you want it so badly, you have to take it from me." said Celestia while her horn glowed in a golden aura.

Topher: [Discord] "If I want it, I have to take it? You don't say!"

"Very well, but instead of fighting you for it what if I just do this to you." Discord said . He snapped his fingers again, and Celestia froze as well, and her aura from her horn stopped.

"Oh how I love being the god of chaos." He said with an evil smile on his face.

Mononeko: And we love you for it. If this was another fic that is.

SC276: *This is not that much better than turning ponies to stone.*

Dark Angel: So, Discord in this fic is no better than a cockitrice?

CaptainPipsqueak: You keep using that word. I do not think that word means what you think it means, Discord.

He then saw a faint glow on Celestias golden crown, and when got closer to it he could see that it was the gem of power.

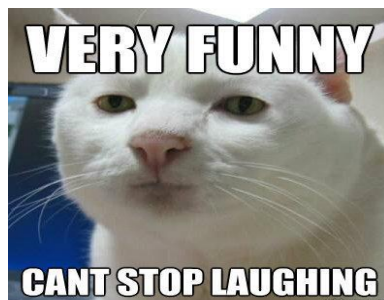

"Ah, so this is where you hid it, after all this time." he said and took it off of her crown.

Mononeko: Aaaand here's where the story officially becomes bullshit.

Dark Angel: Wait, it's only now becoming bullshit?

SC276: *Where is Sonic?*

He admired it, while it gave off a small white glow, and saw his reflection off if it, "Now that I have the gem of power I think I'll put it to the test on your ponies. Ta ta Celestia. HAHAAHAHAHAHAH!!!!!"

BittplexMutt:

ToonGuy: *watches as a tumbleweed drifts on by* Huh. Neat.

CaptainPipsqueak: ... I got nothin'. Again.

With that he vanished into thin air.

SC276: With any luck, he won't unvanish.
Dark Angel: Why doesn't anyone ever vanish into fat air?
CaptainPipsqueak: Because it's rude to call it fat.

As soon as he was out of sight the spell lifted and the guards and Celestia were free.
"This isn't good. I've got to warn Twilight and the others." Celestia said. She quickly went to her room and started to write a note to warn Twilight and the others about Discord's return.
Meanwhile,

SC276: Hopefully where something interesting is happening...
Dark Angel: So, a different fanfic then?
CaptainPipsqueak: ...in the Hall of Justice...

Twilight and the others were cleaning the library when Spike coughed out a note from the princess.
Spike ran up to Twilight saying, "Twilight, Twilight a letter from the princess."

SC276: Do we have to go over every exacting detail?
CaptainPipsqueak: You know better than to ask questions like these.

"Thanks Spike" She said and took the scroll from him.

Mononeko: [Twilight] "I'm a Nigerian prince in need of money..."

"Oooooooooo a note from the princess. Come on Twilight what does it say? What does it say?" Asked Pinkie while bouncing up and down.
"Whoa Pinkie, calm down there darling." Rarity said trying to calm her down.

Topher: See? She said "darling!" that mean's it's totally Rarity's character! I swear, most of these fanfics make Rarity say "darling" more than Rick says "Morty."
Mononeko: Eh, less annoying than the shit they do with Pinkie.
ToonGuy: Or Applejack. Her accent's thicker than Mykan, sometimes..
Dark Angel: Is that even possible?
CaptainPipsqueak: Anything is possible if you believe.

"Twilight can't read it with you jumping around all over the place." added Rainbow Dash.
"Oh um...Twilight what does the letter from the princess say?" asked Fluttershy.
"Let's see..." She said and opened the letter with her magic and began reading.

SC276: About time.

Dear Twilight,
"I'm sending you this urgent letter to tell you that Discord has returned."
Hearing that Discord escaped the ponies eyes open wide.
"What he's back?" said Rarity.

Mononeko: ~Guess who's back, back, back / back again, -gain, -gain.~
SC276: ~Discord's back, back, back / Tell a friend, friend, friend...~

"Oh this is bad, this is very, very, very, very, bad." Said Pinkie.

**SC276: The part of Pinkie Pie will be played by Keesha from *The Magic School Bus*.
CaptainPipsqueak: Does this make Spike liz?**

"That Discord, he just doesn't give up does he?" Rainbow asked stomping her hoof.
"How on Equestria's name did he escape Twi?" Asked AppleJack.

**SC276: Presumably by "Twi" not being there?
CaptainPipsqueak: Twi wasn't up to snuff, so Discord escaped from Twi.**

Twilight thought for a moment then and then came to a conclusion, "That earthquake must have done it."

**Mononeko: Twilight Sparkle, Ace Detective!
SC276: If this is the second episode of *My Little Investigations*, I'll scream.
Dark Angel: That fic was a big enough headache as it is.**

"Well, go on and read the rest of it sugarcube." said Applejack.
"OK." Twilight said as she continued to read the letter.

**BittplexMutt: "By the way, you might want to turn off your oven."
ToonGuy: "This message will self destruct!"
Dark Angel: "This message was brought to you by the letter C."
CaptainPipsqueak: "Did you know they were bringing back 'Pushing Daisies'?"**

"He came to the castle and stole a gem of great power called the gem of power

**Topher: It was created by the Order of The Redundant Magicians' Order of Magicians
for Redundancy.
SC276: Sorry, could you repeat that?
CaptainPipsqueak: [Celestia] '*Ironically, it's not all that powerful; we were using it
as a doorstep. Still, it's the principle of the thing: get it back for us. Chop-chop.*'**

and I'm afraid that the elements of harmony won't work on him this time. So I'm going to meet my sister and see what we can do about this.

**BittplexMutt: Yeah, where was she when all of this was happening?
CaptainPipsqueak: Partying like a beetch.**

So please take care Twilight and be careful. It would break my heart if anything happen to you or your friends."

SC276: "Like, I dunno, a surprise crossover."

Your mentor,
"Princess Celestia"
"So what are we gonna do darling? Rarity asked .
"Well, we can't just stay here and let Discord make off with that gem. I say we go and kick his butt."
Rainbow Dash said pounding her hooves together.

Topher: I'm not sure his anatomy even *includes* a butt.

Mononeko: Who's to say he can't conjure up one?

Dark Angel: Considering that he has the power to remove body parts from other ponies, he could probably just use someone else's butt. But then, would that qualify as kicking Discord's butt if he's not using his own butt?

CaptainPipsqueak: ... Shut up.

"But you all heard what the letter said, our elements of harmony won't work on him if he has that gem on him." Applejack said .

SC276: How do you know? Have you *tried*?

ToonGuy: This fanfiction's trying my patience....does that count?

Dark Angel: Does being tired count if you rearrange the letters?

"I know." said Twilight, but then looked up at them with determination,

Dark Angel: I thought this was a Sonic crossover, not an Undertale crossover.

CaptainPipsqueak: Where's Toriel? I wanna stab her.

"I know what the letter said, but girls, Rainbow Dash is right. We just can't sit here and do nothing so let me get the elements of harmony out so we can stop Discord."

SC276: You just have those lying around?

Mononeko: "Let me get the stuff that I was just informed won't work against him."

CaptainPipsqueak: Hey, they can throw them at him. Maybe hit him in the eye.

"Well alright sugar." Said Applejack,

Mononeko: The part of Applejack will be played by a sassy black woman.

"Lets do this."

"Yes, let's do it yes." said Pinkie.

"I...um...I'm..not...sure..this...is..going to um work." said Fluttershy.

Mononeko: That's a terrible Shatner, Flutters.

ToonGuy: But it's a great Goldblum!

CaptainPipsqueak: So Goldblum Shatner, then?

"Now don't you worry darling." said Rarity, "Everything will be just fine ok?"

SC276: No it won't, as indicated by the fact we're riffing it.

CaptainPipsqueak: Yup. You're already dead. And we're dead *inside*.

"O..ok." said Fluttershy.

"Alright that is settled then." said Twilight, "Lets do it girls! TOGETHER!!!!" She shouted raising her hoof up.

"TOGETHER!!!!" They said together with their hooves up as well.

SC276: Aaaaand that's this fic's exclamation mark budget for the week.

ToonGuy: At least this has explanation marks.

As soon as they got the elements of harmony they set off to stop Discord.

SC276: Well that was fast.

CaptainPipsqueak: They skipped the cutscene.

But as soon as they opened the door

SC276: Wherever that door is.

CaptainPipsqueak: There are doors everywhere. Except here.

Discord was already there waiting for them.

"Well," well," well." He said, "How are you darling girls doing?"

"Save it Discord." said Dash.

"We stopped you two times before and we know that we can stop you again." said Rarity.

Mononeko: Wait, two times?

Dark Angel: When is this fic supposed to be taking place?

"Not this time ponies." said Discord, "Now that I have the gem of power I'm unstoppable
HAHAHAHAHAHAH!!!!!"

SC276: Yeah, as unstoppable as a brick wall.

"Oh yeah, well then lets see how powerful it is." Said Applejack.

As the ponies began to use the elements Discord wield up the power gem and a beam of light shot forth and hit the ponies and they laid unconscious with Discord laughing over them.

Topher:...Well. That happened.

Mononeko: Accurate sound effect for this situation.

SC276: *Somepony* forgot to level grind.

CaptainPipsqueak: Didn't put in the cheat code properly.

"YES, YES, YES, YES I DID IT I'VE WON HAHAHAHAHAHAHAH!!!!!" He trumpeted in victory, "Now I will see you ponies soon I'm going back to the everfree forest and begin on how to use this thing correctly.

SC276: You won without even knowing what you're doing?! Admittedly, it's how the author writes, but c'mon!

ToonGuy: Come on, where's Sonic!? I never thought I'd ask this, but where's the crossover?!

Then, I will come back and destroy you and all of Ponyville and then all of Equestria will be finally mine, all mine! HAHAHAHAHAHAHAHAH!!!!!"

SC276: Because he can't just destroy them *now*.

CaptainPipsqueak: He wants to make an evening of it: a good dinner, a bit of wine and then the dismemberments.

With that he slithered away,

Mononeko: Because Discord is a snake now.

ToonGuy: Okay, this is clearly not Discord, this is Scales from Starpops.

leaving Twilight and the others still out cold.

When the ponies awakened they found themselves at the castle with princess Celestia and princess Luna standing over them.

"You used the elements of harmony didn't you?" Asked Celestia.

Topher: [Celestia] "I told you not to, but you did. And now you're probably grievously injured."

SC276: I can't tell; did it not work because the gem is an attack reflector, or is it just capable of bigger friendship lasers?

"We're sorry princess Celestia." They said together.

"Now don't you worry ponies we know that you were only trying to help." Said princess Luna.

CaptainPipsqueak: [Luna] "...but you fucked up, so it's to the 'time-out' corner with you!"

"But it doesn't matter now. My sister and I may have found a way to defeat Discord once and for all." said Celestia.

BittplexMutt: [Celestia] "Like, for reals this time."

CaptainPipsqueak: [Luna] "Yeah, we totes got ourselves figured."

"Really how?" Asked Twilight.

"Me and Luna are going to make a portal to an alternate universe and go and find two of the strongest heroes." Said Celestia.

SC276: About fucking time.

Topher: And to think that for a brief, happy moment I forgot this was a crossover.

Dark Angel: So, if it's two heroes, does that make them Sonic and Shadow? Or are they just going to subway?

CaptainPipsqueak: Double meat, double cheese and bacon! Discord won't know what hit him.

"Is that even possible?" Twilight asked surprised.

Celestia nodded, "Yes, however this spell hasn't been used in over many moons. One slip up could bring disaster to us all."

SC276: Disaster upon this fic? Ooh, that'll be some pretty fireworks.

"I hope it works." Said Applejack.

"I do too." said Twilight.

Mononeko: I don't!

CaptainPipsqueak: That goes without saying.

"Don't worry we will be fine and will be back soon." said Luna.

"Now you all stay here and wait for our return." Said Celestia.
"You got it princess Celestia." Said Dash.
"Alright, ready Luna?" asked Celestia.
"Yes I'm ready Tia." Said Luna.

SC276: Um, you don't seem to have gone anywhere...
ToonGuy: So, like this fanfiction, then?

With that Celestia and Luna's horns started to glow then a portal started to formed in front of them.
As they finished, the two breathed a little heavily.
"Are you two okay?" Twilight asked with concern.

SC276: Please say no.

"Yes. The spell just drained a lot of our magic, but don't worry, we have enough to return. We'll be fine." Celestia said.
"You all be careful you hear." Said Applejack.
The two alicorns nodded as they disappeared into the portal.

Mononeko: Well, they're dead!
ToonGuy: They were dead inside already.

Sonic and Shadow in Equestria
By Will Atkinson

Chapter 2: Equestrian Princesses meets Mobain Heroes
(IT DOESN'T MATTER FROM SONIC ADVENTURE 2 PLAYS)

<https://youtu.be/xTke7eiWm7Q>

Mononeko: Fuck you.
CaptainPipsqueak: And make it double.
SC276: This fic doesn't matter, alright!

On the planet of Mobius Sonic the hedgehog and Shadow the hedgehog were training after Sonic's victory over the sinister Dr. Eggman.

Topher:

So Sinister...

Mononeko:

You were saying?

Topher: JESUS! We went from Jamie Hyneman to Darth Killrape real quick!

CaptainPipsqueak: I always liked that version.

Shadow came at him with fury punches, and Sonic got hit by every one of them, causing him to fall to the ground.

Topher: And die.

ToonGuy: And explode.

CaptainPipsqueak: And start singing the Toreador song, for some unknown reason.

"Come on Sonic." Shadow said disappointingly, "Is that the best you can do?"

"Come on Shadow give me a break will ya." Said Sonic getting back up. "I just got off from kicking Eggman's butt and all you can think about is training."

SC276: Are we sure this is the *Sonic* universe, and not a *Sonic/Dragon Ball* crossover?

"Oh whats wrong Sonic?" Asked Shadow in a taunting voice "Getting tired at your old age?"

Mononeko: [Sonic] "Aren't you the same age as me?"

[Shadow] "Shut up."

Upon hearing that, Sonic smirked."OK Shadow. It's on now. Come and lets see what you can do."

SC276: [Sonic] "You're at least thirty-five years older than me anyway!"

Shadow smirked. "Now that's more like it, now just don't hold back Sonic." He said getting into his battle stance.

"I won't Shadow." Said Sonic as he charged and attacked Shadow. He threw a series of punches and kicks while Shadow dodged all of them.

"SONIC WIND!" Sonic threw one of his attacks Sonic wind.

Mononeko: Oh my god this is becoming more and more like *Starfleet* kill me now.

SC276: Sure! (attempts to punt Mononeko in the way of the Sonic Wind, but he bounces off the fourth wall and crashes back into him) Ow.

ToonGuy: *looks at watch* You're taking your time, fanfiction.

CaptainPipsqueak: *looks at ToonGuy's watch* You're five minutes fast.

Shadow saw it coming and countered it with an attack of his own.
"CHAOS SPEAR!"

Dark Angel: At least Shadow is using a real attack.

Shadow launched his Chaos Spear and the two attacks landed onto each other and exploded, creating a lot of smoke. When it cleared up, both Sonic and Shadow stood there panting a little.

BittplexMutt: They had suddenly become dogs.

CaptainPipsqueak: Suddenly, for no apparent reason, they became really hot for each other and began making out.

Topher: WILL YOU MOTHERFUCKERS STOP STEALING MY OCS?!

Nox: MY EYES! THEY BLEED!

"Amazing. He's gotten stronger than before. Now it's time to kick it up a notch." Shadow thought.

"Alright Sonic. I think it's time that we step it up." Said Shadow.

Knowing what Shadow is planning, Sonic smirked.

"Oh your on Shadow lets do this SUPER SONIC and SUPER SHADOW style!!!" Said Sonic.

Mononeko: Ok, I'm not really knowledgeable on Sonic. Can somebody confirm if this is complete bullshit or not?

SC276: Basically, yes.

ToonGuy: It's in this fanfiction, therefore it's bullshit.

Dark Angel: Well, they have worked together in their super forms in the past. Twice if you count Sonic '06.

CaptainPipsqueak: So bullshit, then.

The chaos emeralds appeared

SC276: Boy those things have been showing up a lot this week.
CaptainPipsqueak: They should keep the stupid things in a safe or something.

and started to circle around Sonic and Shadow and then they turn into their super forms. They looked down at each other with determination and fire burning within their souls.

Topher: Also fire burning within their organs!
SC276: ~Fire in once lifeless eyes / Motivated by their cries...~

In a different part of the valley,

SC276: A lot of fics this week also suck at setting.
CaptainPipsqueak: Well, it's good to have many things in common.

princess Celestia and princess Luna arrived through the portal and landed on the ground.
(Song end's)

Topher: *Twitch*
Dark Angel: The song is only now ending?!
CaptainPipsqueak: And yet the nightmare continues.

"So this is where the portal has taken us?" Asked princess Luna looking around in thier new location.
"Yes Luna." Said princess Celestia. "Now all we need to do is to find the heroes of this planet and ask them if they could help us to defeat Discord."

Topher: Oh yeah, so many adventures start with a polite request. For example, the Chicago fire started when I asked someone if they wanted a cup of tea! I may have gone a teensy bit overboard with the kettle.
SC276: When did the barn come in then?

Just then, they heard faint battle cries and then BOOM!!!! A huge jolt of energy jolted Celestia and Luna to the ground.

Mononeko: Not only that, but it was so forceful it required five exclamation marks!
CaptainPipsqueak: At least no-one of value was harmed. Granted, in this story that's interpretive, but still.

"Whoa what Equestria's name was that?" Asked Luna getting up to her hooves.
"I don't know sister but we're going to find out come on." Said Celestia.

Topher: I think it's an episode of Dragon Ball Z!
CaptainPipsqueak: Impossible We'd be here a week if it were.
Dark Angel: Then they could use the Dragon Balls to wish Discord away.

Then they flew off to where the sound came from. As they moved forward, they saw flashes of yellow and blue light in the distance.

Topher: This is in no way disproving my claim.
Mononeko: Somebody's holding a rave!

SC276:

Some time later the two princesses arrived at the place where they heard the loud boom. As they looked around they saw Sonic and Shadow as they were on the ground laughing together the princesses watched them in amazement.

Mononeko: Are they high? I mean, I wouldn't hold it against them, especially in this fic, but just for the sake of confirmation...

"Tia, are you sure these creatures the ones who can help us defeat Discord?" Asked Luna.
 "I'm sure of it Luna." Said Celestia. "I can sense a lot of energy coming from these two."

Mononeko: ""Their midichlorian levels are extremely high.""

knowing that, these two must be the heroes of this world, who can help us defeat Discord once and for all."

Topher: Luna and Celestia then proceeded to suck all the energy out of Sonic and Shadow before dumping their dessicated husks in the void between dimensions.

Luna nodded and the two advanced towards the two hedgehogs.
 "Woooo that was a blast you've gotten stronger since we last met Shadow!!" Said Sonic getting up a little.
 "Yeah you've improved a lot yourself as well Sonic." Said Shadow.

SC276: Blah blah blah shonen shonen blah.

CaptainPipsqueak: Blah blah blah power level over eight thousand blah blah.

Sonic then looked to his left and saw two horses with horns and wings coming toward them.
 "Shadow, we got company."
 Shadow looked up and saw the two horses

CaptainPipsqueak: It's 'pony of uncertain morals'.

walking up to them. The two hedgehogs got up on their feet and got into their battle stances just in case if they were enemies.

SC276: Eggman's robots tend to be obviously robots, so...

"Who are you two?" Asked Sonic.
 "Are you two friends or foes?" Asked Shadow getting ready to charge up a Chaos Spear attack.
 "You may calm yourselves. We come in peace."

Topher: DO NOT RUN. WE COME IN PEACE.

Nox: [Shadow] "Well you're about to leave, *in pieces!*"

She said in a motherly tone. Upon hearing her motherly voice and gentle nature, the two know the ponies were not threats.

Mononeko: Remember kids: if ya wanna know if you can trust somebody, listen to their voice.

Topher: Listen to my voice. This is what you want to watch out for.

CaptainPipsqueak: [Sonic] "...mommy?"

They calmed down and lowered their battle stances.

SC276: The author's really obsessed with battle stances...

"Please allow me to introduce ourselves. My name is princess Celestia and this is my sister princess Luna." The white pony greeted.

"You two are princesses?" Said Sonic and Shadow together in shock.

Topher: [Sonic] "I thought government was something that only existed in fairy tales!"

Mononeko: [Celestia] "No, that's a *functional* government."

"Yes, and we come from a planet called Equestria to get you to help us." Said Celestia.

Dark Angel: [Celestia] "For some reason, the name of the planet is also the name of the country I rule over."

CaptainPipsqueak: I come from Earth, located on the planet Earth.

"Uh, help you with what exactly?" Sonic asked.

"Our planet is in trouble by the god of chaos named Discord." Said Luna.

"Discord huh? Who is he and what has he done?" Shadow asked.

"Well like my sister said before. He is the god of chaos for what he did is that he stole a gem of great power called the gem of power." Celestia began.

Topher: Ok, the author wrote that several times, HOW DID THEY NOT REALIZE HOW FUCKING DUMB IT IS?!

Mononeko: Because authors like this usually have as much creative talent as a rotten walnut.

ToonGuy: *yawns* Meh.

"Hmmm, Interesting. So what does this gem of power do?" Asked Shadow

SC276: Stuff that wasn't explained to the Mane Six.

BittplexMutt: Umm... it makes the user OP as all heck?

Nox: CONGRATULATIONS Bittplex! You win the grand prize!

Topher: A lifetime supply of Spiky Blue! *Holds up a slightly saggy-looking bottle of multicolored liquid*

CaptainPipsqueak: I'd prefer Hetap myself.

"Well. It gives the one who is holding it tremendous amount of power and makes the user who controls it almost unstoppable." Said Luna.

SC276: Sounds like the most boring artifact ever.

Dark Angel: In other words, a Mykan creation.

Mononeko: Oooh, so is that why your sister fucked up so hard against Chrysalis?

CaptainPipsqueak: Twice. Though, to be fair, Luna and Cadance were there too the second time.

"Correct. Before he stole it, he was a threat to Equestria, and me and my sister imprisoned in into stone, but a thousand years later, he broke free, and tried to take over Equestria again, but my little ponies stepped in and used the Elements of Harmony to re-prison him again.

Mononeko: WE KNOW!

SC276: MOVE ON ALREADY!

Dark Angel: YES, GET ON WITH IT!

However, an Earthquake freed him yet again, and now that he has the gem of Power, the Elements of Harmony have no effect on him, which is why me and Luna are here to seek your help." Celestia explained.

"What are the elements of harmony if I may ask?" Shadow asked interested about them.

Topher: [Celestia] "They're MacGuffins."

SC276: [Shadow] "Moreso than this gem of power?"

CaptainPipsqueak: [Celestia] "Not really, but they're flashier."

"The elements of harmony are 6 magical items that signifies the magic of friendship. They are known as Kindness, Laughter, Generosity, Honesty, Loyalty and Magic. " Luna explained.

Mononeko: "Although sometimes there's some bullshit seventh element."

CaptainPipsqueak: "Usually wielded by a red and black alicorn with razor wings and an edgy name."

"Me and my sister were once the wielders of the Elements, but my ponies took over and are now the wielders of the gems." said Celestia.

Mononeko: Ummm, Celly, they're not "your" ponies...

SC276: Do they *really* need to explain all this to the hired help? ...On camera?

"But now, without the elements of harmony and with the gem of power in Discord's hands he could rule all of Equestria and possibly the entire Universe. Including yours."

SC276: Didn't you need a dimensional portal to get here? Pretty sure they're in a different universe.

Dark Angel: Do you really expect the author to be able to recognize something like that?

Sonic and Shadow looked at Each other for a sec, believing what they had told them was true. If Discord wins, he might be able to take over Mobius when he conquers Equestria.

SC276: Bit of a large "might" there, isn't it?

"That definitely sounds like trouble. So you want us to help you to fight this Discord guy?" Sonic asked.

Topher: [Celestia] "No, we needed some change for the snack machine, so we decided to pop over and see if you had any."

**Mononeko: [Sonic] "Okay, okay! I can hear the sarcasm."
[Celestia] "What sarcasm? We were serious."**

"Yes. Will you please help us?" Celestia asked.

Sonic and Shadow thought for a moment then Sonic said to princess Celestia and to princess Luna.

**Topher: [Sonic] "No."
THE END.**

"I'm in. It's been awhile since I had a good adventure.

SC276: You mean besides the one you apparently just finished?

Dark Angel: I think that's referencing the quality of the games. It's been a while since he's been on a *good* adventure.

Going to another world will be a blast.

Topher: Assuming the conditions in Equestria won't kill someone from your world on the spot of course. You're cool with a mustard gas atmosphere, right?

What about you Shadow, you in?" He asked the black and red hedgehog.

Mononeko: [Celestia & Luna] "*thinking to themselves* Oh my god, his name actually is Shadow? Jesus, this guy is an edgelord."

Shadow thought for a sec, until he heard a familiar voice.

"Please help them Shadow."

"Maria..." He remembered his promise to her to help any way he can.

Mononeko: I don't think that matters much in this situation, Shadow..

SC276: Aaaaaaand there's the pain. Took its sweet time.

Dark Angel: Wait, did Shadow just hear Maria's ghost? Or are his memories talking to him? Because if it's the latter, I think he needs some psychiatric help.

Getting his final answer, he looked up and smiled at Sonic.

"I'm in." He answered

SC276: And we're outta here!

Ringmaster: And now for our final pick, my own submission. This one's a bit odd, as it's actually a sequel to another fic, but the first was so goddamn generic that you can start with this (much worse) one without going through that whole slog. It's another EqG fic, but this time a bunch more of Sonic's friends come along with him...

right in the middle of Rainbow Rocks. It's "Sonic - EGRainbowRocks" by NerfSonicRD - Books, doable in four parts.

SC276: *I see hyphens dancing in the sky...!*

Mononeko: This is gonna be confusing...

ToonGuy: Oh, it's Ring's pick. This is going to be BAD.

Dark Angel: My vote is still for the first fic. Let's see if this fic changes my mind.

It's been long since Sonic left Canterlot High School in both Mobius and CHS, for time went the same way it did for both universes.

SC276: Backwards. Someone left the gear in reverse.

Dark Angel: Oh god...the grammar...it hurts...

A year since Sonic had last seen his best friend and girlfriend Rainbow Dash.

SC276: Not even three sentences in, and we already get slapped with the obvious.

Dark Angel: This is one of the reasons why I want to go with the first fic. It doesn't do the stereotypical SonicDash ship.

Ever since Amy had known about that, she wasn't with Sonic's team anymore and left Mobius to try and find a new life in a different place.

Mononeko: She became emo and started dating Shadow.

SC276: You would not *believe* the amount of webcomics.

ToonGuy: I don't want to believe.

Our story starts with, yep you guessed it, with Sonic the Hedgehog running along Green Hill Zone doing his usual stuff.

SC276: The *Sonic* equivalent of "It was a beautiful sunny day." ...I really should double-check what the running gag *is*.

Though he was enjoying his life back home, he really missed Rainbow. *"Man, I really miss her."*

SC276: We know, man, the narrative already told us.

Dark Angel: But he didn't specifically think it yet. How are we supposed to know he's thinking about how much he misses her if the author doesn't specifically point it out?

I wish there was a way to go back and see her," he thought.

Then as he was still running, he heard someone talking to him in his head, *"Sonic, it's me Shadow, can you hear me?"* it asked.

Mononeko: [Sonic] "GAAAAAAAH! GET OUT MY HEAD!"

Sonic slowed down and stopped running so he could focus and communicate with Shadow, *"Yeah, I hear you Shadow, what's up?"* Sonic asked.

SC276: Now I want to know who the Kyubey running *this* telepathy network is.

ToonGuy: [Shadow] "The sky!"

"Meet me, Tails, Silver, Knuckles, and Manic at Angel Island.

SC276: Wait, *Manic*...? Dude, leave *Sonic Underground* out of this!

Dark Angel: Personally, I think things actually got more interesting.

Tails said he has a surprise for you," Shadow said.

SC276: The surprise is PAIN!

"All right, I'll be there," Sonic said as he then ran down the path to get to Angel Island.

SC276: Y'know, so named because it's *floating in the sky*.

Later, Sonic arrived at Angel Island.

Dark Angel: Somehow.

Tails, Knuckles, Shadow, Silver, and Manic were waiting for him near the Master Emerald's resting place.

SC276: Author, I don't think you know how Mobian geography works.

ToonGuy: And even if he did, I don't think he cares.

"Hey guys, I'm here," Sonic said.

"Glad you came, bro," Manic said, "Check out what Tails made."

SC276: Let's not and say we did.

Sonic saw that Tails was working on his arm cannon.

SC276: And leave *Sonic Battle* out of this too!

"Oh, don't tell me he's trying to travel to a different universe again," Sonic stated.

SC276: [Sonic] "We know how well the *last* one went!"

BittplexMutt:

"Actually, this is our way back to CHS," Tails said.

"I don't think that's a good idea, 'cause- wait, really?" Sonic asked.

"Yep, and I tested it out, and guess what? It works," Tails said.

SC276: What was the test? Throw a rock through with a note tied saying "tie a selfie to this rock and throw it back?"

ToonGuy: "True, Big is now a huge burnt out lump of fried cat, but that's semantics."

"D-does this mean I'll get to see Rainbow Dash again?" Sonic asked.

"Mm-hmm," Tails answered,

CaptainPipsqueak: [Tails] "We gonna have ourselves an orgy."

Mononeko: The part of Tails will be played by Marble Pie.

"And we decided to come along as well. We have the Chaos Emeralds.

SC276: Because of course you do.

Here, you take two of them," he gave Sonic the blue and cyan emeralds.

Topher: Five bucks says Sonic and Rainbow wield their corresponding colors later.

Mononeko: Sucker's bet.

"All right," Sonic said as he took the emeralds, "So are we gonna go?"

"Yeah, we are," Tails said as he activated his arm cannon and fired a bright yellow beam.

SC276: [Shadow] "OW! WHAT THE FUCK, TAILS?!"

Where the beam fired opened a white vortex, the portal back to Canterlot High. "Leaders go first," Tails said.

"Wait," Sonic started, "Are we going to end up looking the same, or turn to humans?"

Mononeko: Well, considering an actual blue hedgehog and a two-tailed fox running around CHS would be slightly interesting...

"From my calculations, yes, we'll turn into humans," Tails answered,

SC276: ...so of course it's the not-interesting choice.

ToonGuy: Because of course.

Dark Angel: As if we'd expect it to be any other way.

"Oh, and just before we go, look what I've got."

Tails tapped a button on his arm cannon, and a screen appeared on it. Sonic and the others looked at it and they saw some things on there that surprised them each. They were items from the Mushroom Kingdom; Fire Flowers, Super Mushrooms, 1-Up Mushrooms, Raccoon Feathers, Cape Feathers, and Stars.

Mononeko: Uh, what?

BittplexMutt: Because why not?

SC276: I see the author has already decided he doesn't give a shit.

ToonGuy: At least he's honest.

Dark Angel: Is the author's main series called Super Smash Brothers?

Tails said, "Mario decided that if we go on another adventure, we should use some of his items. He just gave me a lot of most of all items from the Mushroom Kingdom."

Topher: Unfortunately, all Mario and Sonic will do together is play in various boring olympic events.

BittplexMutt: And brawl that one time.

"Let's remember to give him and 'Thank you' note some time," Sonic said, "All right, let's go."

SC276: Let's not and say we did.

Sonic jumped in first excited to see Rainbow again. Tails jumped in next, then Knuckles, then Silver, then Shadow, and Manic last.

Ringmaster: I'm actually going to have to do a bit of a skip here, because this first chapter has this scene right in the middle that's basically just a scene from Rainbow Rocks (the one where Twilight comes back to the EqG universe and catches up with the others) with minimal changes. It wouldn't exactly make for the best sampler, so it's being omitted here.

Topher: Here, now we have a proper transition.

Mononeko: This or any one of these would also work.

BittplexMutt: Transition Music, Go!

Dark Angel: MLP is owned by Hasbro, so perhaps this is more fitting. Although, since we're also including Mario's involvement, perhaps this is suited.

Later, at Canterlot High School in the party in the gym, everyone was in their own groups while glaring at others. The main six's group known as The Rainbooms and Twilight

Mononeko: AKA. My friends and Zoidberg.

were at a snack table keeping an eye out for people who they called the Sirens.

SC276: I thought they introduced themselves as the Dazzlings- aaaaaaand I've stopped caring.

ToonGuy: Well Lightning's not there, so this is already better than whatever the fuck Starpops was.

Pinkie was only stuffing multiple chocolate chip cookies in her mouth.

Topher: Which is odd, because she normally multitasks her snacking.

Two familiar teenage boys named Snips and Snails were showing off gang moves at students. Snips was showing a challenging move at Flash Sentry. Flash raised his fist and was about to punch Snips. But he then grabbed an empty plastic blue cup and sighed in frustration.

Topher: Yes indeed, folks! There is no conflict that a Spiky Blue can't solve! (although I can't recommend serving it in plastic. The result of doing so are technically banned by the Geneva convention.)

Mononeko: Impressive, considering the Geneva conventions focused on the health treatment of war victims.

Topher: Well, the spiky blue in and of itself is considered an act of chemical warfare, so anyone who is exposed to one is considered a war victim.

Dark Angel: Can I have one? *holds out a titanium margarita glass*

Topher: Well, I've never really seen what it does to titanium before, so sure! *pours Angel a drink* Wow! I've never seen smoke that color before!

Dark Angel: I've never seen my drink glass cause a drink to bubble like that either. *takes a drink* Ooo, it's got a kick to it! Kind of tangy. And do I detect a slice of life mixed in? *steam starts billowing out of his ears as his skin starts to turn purple*

"I'm gonna get more punch," Flash said as he walked away from his band.

SC276: Wasn't Snips just about to give you some? *ba bum tish*

As he walked towards the table, he didn't watch where he was going. He and Twilight bumped into each other by accident.

Topher: *Of fuckin' course you did.*

Twilight was about to fall when Flash caught her by her waist with his hand. When he saw her face, he looked a little surprised, "Twilight?"

"Uh, bumped... into... always... doing..." Twilight couldn't come up with the right words to say while she was slightly blushing.

Mononeko: *heaves*

SC276: We don't care, we don't care...

ToonGuy: *checks watch* Almost there!

Flash smiled and was happy to see his friend was back as he stood Twilight back up on her feet. "What are you doing here? You came back for the big competition, right?" he asked.

SC276: [Flash] "Gonna try and win it with Marzipan's radish?"

"Something like that," Twilight said.

"Huh, not that there's gonna be any real competition," Flash said proudly, "No one here wants it as bad as my band does.

Mononeko: *wiggles eyebrows*

SC276: Wants... what again?

ToonGuy: HA! Sex joke.

By the way, how's Sonic doing?"

SC276: By the way, how's your sex life?

Topher: Know any virgins?

"Not sure, but I would say he's doing pretty great," Twilight said.

SC276: [Twilight] "I'd be lying, but I would say it."

While Twilight and Flash were talking, the main entrance doors to the gym opened. Rainbow Dash noticed three girls that were there. Those three girls were the Sirens, aka the Dazzlings.

SC276: aka what's your point?

Topher: I thought their widely accepted name was "The Dazzlings." I don't think anyone just calls them "the sirens."

When Pinkie was about to take a bite of another cookie, Rainbow took a piece of chocolate from it and threw it at Twilight. It got stuck in Twilight's hair, interrupting Twilight's moment with Flash.

SC276: ...Why?

ToonGuy: Oh, that Pinkie Pie! *wacky sitcom music*

Twilight pushed the piece of chocolate out of her hair and looked at Rainbow. Rainbow then motioned her eyes at the mysterious girls.

SC276: Surely there are ways of getting someone's attention that *aren't* stealing your friend's chocolate chips.

Topher: Yeah! Why doesn't anyone ever try my method? *throws brick at Toon Guy* NOTICE ME TOON-SENPAI!

Twilight turned and saw the three girls looking around and walking to another area in the gym. Twilight then turned to Flash and asked as she slipped away, "Can you excuse me for just a minute?" The other girls followed Twilight while Pinkie stashed some more cookies in her hair.

Mononeko: This really annoyed Twilight.

The three strange girls looked around and saw everyone arguing. The lead girl who had yellow skin with luminous vivid orange hair with luminous vivid gold highlights tied up in a puffy pony tail and violet eyes named Adagio Dazzle mocked a surprise, "Oh no! No one's mingling! It's like there's some kind of underlying tension that could bubble to the surface at any minute!" Adagio was wearing a short lavender purple short sleeve jacket over a dark violet purple shirt, a gold belt with spikes and a gold emerald on the front,

Dark Angel: Wait, how'd Adagio get a chaos emerald?

dark violet purple shorts with tight-fitting amethyst purple pants with a design of iris purple triangles, lavender purple fingerless gloves that went about two inches past her wrists, and eggplant purple heel shoes with the heels being wood brown with gold spikes on the back. She also had a black necklace with a red gem on the front.

The second girl who had cyan skin with moderate cerulean and dark blue hair tied up in a pony tail and violet eyes as well named Sonata Dusk looked at the drink in her hand and said worried, "It's the fruit punch, isn't it? I knew I used too much grape juice."

Sonata was wearing a raisin purple jacket with elbow-length sleeves, a magenta collar, a bit of cyan blue on the front, and a music symbol near the right shoulder, magenta purple wristbands with silver spikes on her wrists, a lilac purple skirt, and magenta purplish pink boots in a shoe design with white on the feet. She also had the same necklace Adagio had.

Mononeko: Thank you so much for that description of the sirens...

BittplexMutt: We know Author, almost all of us have seen the movie.

SC276: (shakes head) Wait, where am I? I saw a giant wall of unnecessary descriptive text coming and zonked out.

ToonGuy: Ugh, same. *massages head* Got a massive migraine as well.

Adagio sighed, "It's *not* the fruit punch, it's US."

SC276: Look, the States haven't been doing too well this year, but they have nothing to do with this. Directly.

"But the punch is awful too,"

SC276: Not as awful as this story.

Dark Angel: *rimshot* Has anyone else lost the ability to see the color green?

the third girl with purple skin, moderate purple hair with moderate turquoise highlights in two ponytails and purple eyes said. Her name was Aria Blaze.

Aria was wearing a parakeet green jacket with the sleeves looking like they were ripped off over a buttermilk tan shirt, three eggplant purple wristbands going half-way through her arms, violet purple tight-fitting pants with long pockets that had white dots on the outside and an eggplant purple belt with a silver star in the middle, and short dark violet purple heel boots. Even she had the same necklace as Adagio and Sonata.

Mononeko: Ten bucks saying you copied those colors from a wiki.

"What do you know about good fruit punch?" Sonata questioned Aria.

"More than you," Aria answered.

"Do not," Sonata protested.

"Do too," Aria protested back.

Mononeko: Tanks for the exciting fruit punch argument.

BittplexMutt: Also tanks for pretty much ripping the dialogue from the movie off.

SC276: Also, tanks! (drives an Abrams across the room)

Dark Angel: You probably won't want to be in that thing if Topher pours some Spiky Blue in that.

Topher: Why would I spill a perfectly good drink?

"This is just the kick off party, girls," Adagio said evilly, "Imagine what a tissy they'll be in when the Battle of the Bands starts."

Mononeko: Ummm...

Nox: There's four completely different fucking definitions.

"There isn't gonna be a battle of the bands," Twilight said getting their attention, "We're gonna make sure of that!"

SC276: Twilight, you *dip*.

ToonGuy: You square!

Mononeko: Wait a minute...*73 minutes later* This entire scene is directly ripped from the movie itself! And I don't mean just the dialogue, I mean the entire thing!

Sunset Shimmer nodded as her friends prepared to attack the Dazzlings.

"All right, girls. Let's do this," Twilight said as she and her friends joined hands.

While they were doing that, white energy started to form above them. No one was noticing that except the Dazzlings who were looking worried about what was happening.

SC276: OK, what the fuck is going on. This is a *crowded gym*. You do not have the clearance necessary for friendship lasers, and I don't think you guys are fully aware you have magic anyway at this point.

"Friendship is-" Twilight started when...

FLASH!

Mononeko: Friendship is the savior of the universe?

A massive white vortex suddenly appeared above the groups. Everyone saw this and was shocked. Then the vortex closed as an object fell out of it and fell to the floor yelling, "WHOOOOAAAAA!"

BittplexMutt:

The object flipped in the air and landed on its feet between the two groups. When it stood up, everyone except the Dazzlings gasped to see that it was a teenage boy.

SC276: The entire early climax, fizzled because of sheer WTF.

Dark Angel: *gasp* A teenage boy?! In a high school?! *falls to the floor* I think I just lost all motor function in my left leg.

His skin was bright peach. He had admiral blue spiky hair with emerald green speed glasses in it, and green emerald eyes. He was wearing an unzipped cut sleeve cerulean blue vest hoodie with navy blue streaks on the bottom over a white long sleeve shirt with the sleeves folded up to his elbows. His lower half contained azure blue jeans with a couple rips to the knees, and bright red and white shoes with gold buckles on the sides and white sports tape on the front, middle and ankles. For accessories, he wore a bright chocolate brown colored bandana around his neck, on his hands were white fingerless gloves, white sports tape wrapped around the hands excluding the fingers going halfway up the lower arms, and even a sapphire blue wristband on each wrist. He was also wearing a bright cobalt blue backpack with bright scarlet red and gold yellow streaks on it on his back.

Mononeko: NOBODY CARES WHAT SONIC IS WEARING!

SC276: YOU PROBABLY COPY-AND-PASTED IT FROM THE LAST STORY ANYWAY!

The stranger smiled at Twilight and her friends, mostly Rainbow. Rainbow looked at the boy for a moment before she spoke, "S-Sonic?"

The stranger smiled again. It was indeed Sonic. "Hey, Dashie. I'm back."

Rainbow gasped with tears of joy as she let go of her friends' hands,

SC276: [Twilight] "*Rainbow, we're in the middle of VANQUISHING EVIL here!*"

ran up to Sonic and gave him a bear hug while everyone else cheered that Sonic had come back.

SC276: DID THEY JUST COMPLETELY FORGET THAT THEY WERE TRYING TO RAINBOW-LASER VILLAINS?! JUST BECAUSE A *BOY* SHOWED UP?! See, this is why no one likes Flash!

ToonGuy: Oh boy, this is some dumb shit.

Dark Angel: Considering how awkward the original attempt at the mcguffin beam was, I think this was a plus.

Tophers: At least the failed attempt was kinda funny.

"Oh, I missed you, Sonic," Rainbow said.

"I missed you too," Sonic said as he returned the embrace.

Then Sonic and Rainbow kissed each other on the lips passionately and their cheeks flared up red while everyone else was still cheering.

Mononeko: Uurgh...now I know what Unknown feels like if guys in fics like this flirt with Sunset...

ToonGuy: Well, fuck. Of course they kiss *kill me*.

This made the Dazzlings confused.

SC276: For good fucking reason!

Twilight and the others came into a group hug with Sonic and Rainbow.

"It's great to have you back, partner," Applejack said.

"Oh, I'm so glad you've returned, darling," Rarity said.

Sonic saw Sunset who wasn't in the hug, "Hey, Sunset."

Sunset was a little surprised, "Y-you're not mad at me now?"

"Of course not," Sonic said, "You're different now, and what happened before is all in the past now."

Mononeko: How would you know?

SC276: You literally just got here!

"Thank you," Sunset smiled as she joined the hug.

"Hey, Sonic," Flash said as he walked over to the group and offered a fist bump to Sonic.

"Hey, Flash," Sonic said as he accepted Flash's fist bump.

SC276: This is... *literally the most cliché Marty Stu behavior I've ever seen*. Like, seriously, he just shows up out of nowhere and the entire world starts revolving around him within two seconds!

"Ahem," Adagio spoke to get the group's attention, "Please forgive me for my rude interruption, but who is this boy?"

Mononeko: Somebody who shouldn't be here.

"I'm Sonic, Sonic the Hedgehog. Adventurer and the fastest thing alive," Sonic answered.

Adagio and her sisters were in utter shock. "*He's a hedgehog? Then, that must mean he's from another world too,*" Adagio thought.

SC276: [Adagio] "Or completely insane, but sure, another world makes more sense."

ToonGuy: [Sonata] "Looks like I picked the wrong weak to quit smoking glue!"

Dark Angel: [Aria] "Did somebody spike the punch with a Spiky Blue?"

Then the white vortex opened again surprising everyone and out came another object. It landed on its feet as well. "I'm here, bro," it said.

It was Tails.

SC276: *Tails is not an object.*

ToonGuy: Eh, he's got the personality of one in this story.

Topher: HEYO!

He was a human too. He had peach skin as well, and orange-yellow hair with specks of white on the tips. He was wearing a canary yellow jacket with his logo on the back over a white shirt, carob brown pants and his same bright red and white striped shoes. He also had brunette engineer goggles in his hair, his same white gloves and sky blue eyes, and his cannon on his right hand.

Mononeko: Don't care.

SC276: Neither do I. I've just been skipping these description paragraphs.

Topher: He still had the two tails, he just had them tucked in his pants if you catch my drift!

When Fluttershy saw the way Tails looked, a blush slowly began to form on her cheeks, *"Oh, my, he's so cute like a fox,"* she thought.

Mononeko: Hey! Colorshipping!

ToonGuy: Cute like a fo-Okay, I'm going to ignore that, because I like having braincells left.

"Everyone, this is my little brother, Tails the Fox," Sonic introduced.

Mononeko: [Tails] "*thinking to himself* I am so gonna kick his ass after this..."

SC276: We'd kick his ass right now, but there's a fourth wall in the way.

All the bands greeted "hi" to Tails. Tails walked over to the Rainbooms. "Hello."

"Hello, Tails," the Rainbooms said.

SC276: What is this, an AA meeting?

ToonGuy: Feels like I'll need to attend one after this.

"So you're that two-tailed fox we saw at the Fall Formal?" Fluttershy asked.

"Yep, that's me," Tails answered as he put away his cannon, "And they're very useful, 'cause I can use them to fly."

"Oh my, this is amazing," Fluttershy said blushing.

"Uh, yeah, it is..." Tails said blushing as well while scratching the back of his head and then thought, *"Strange, why do I feel connected to this girl? Just like I was when I met Cosmo?"*

SC276: Because the author ships you. Literally no other explanation.

Then the vortex came back again.

SC276: Even though the one firing these vortexes everywhere is here.

Now out came what Sonic assumed to be Knuckles. It was Knuckles and he turned to a human too.

SC276: Surprise, surprise.

He had parmesan tan skin,

SC276: He had *what* on his skin?

Topher: In no way, shape, or form is parmesan tan. I have shoveled enough pasta into the greasy garbage disposal that is my mouth to know this.

his same violet purple eyes, and currant red hair that went down to his shoulders. He was wearing a brick red vest with a yellow/gold zipper over a garnet red T-shirt with a small white crescent on it, white fingerless gloves with his spikes on his hands, navy blue jeans, and his same red and orange shoes. His muscles on his arms looked really strong.

Mononeko: DON'T CARE!

"Whoa, who in tarnation is that?" Applejack asked in her head as she began to blush, *"He looks very strong and mighty good looking."*

SC276: Are you fucking serious, are you going to color pair fucking everybody?!

WHO'S SHADOW GOING TO GET THEN, NIGHTMARE MOON?!

ToonGuy: You say that, but it's legitimately a possibility.

"This is Knuckles the Echidna," Sonic said.

"Hi," Knuckles said as he came to the group.

"You're that red echidna?" Applejack asked first.

"Correct, and the last of my kind," Knuckles said.

"Hey, what's with the spikes on your hands?" Applejack asked pointing at Knuckles' spiked hands.

"Oh, these? I dunno, I was just born with them," Knuckles said as he lifted one of his gloves off revealing his spiked hand.

Mononeko: He was then laughed at for being a freak of nature.

SC276: Why would *THAT* of all things carry over to human form?!

Topher: This is in no way disproves my "Tails has two dicks" joke.

The Rainbooms stared at Knuckles' hand with awe. "Well, I'll be. That's crazy," Applejack said.

SC276: [Applejack] "Also completely fucking stupid."

"Yeah, I know," Knuckles agreed, then he started to blush and thought, *"What the... this felling..."*

SC276: You know that *How NOT to Write a Novel* has a section about *not* writing love like it's mind-control?

Then for the fourth time, the white vortex opened again. This time, it was Silver as a human as well.

SC276: Wait, was it Silver or Shadow- actually I'm angry enough that I don't give a rat's ass.

Dark Angel: They were both there.

He had peach skin like Sonic and Tails, his hairstyle was very similar to his hedgehog quills; five points to the top pointing up in the front and two long locks going down to his back while a few shorter points were in front of his forehead, and he still had his bright gold yellow eyes. He was wearing a dark green sweatshirt with white fur lining around his neck and cyan blue streaks on each side of the body over a white shirt, cloud grey pants and his same boots with the rings and cyan streaks. He also had white fingerless gloves on his hands, but they had the same symbols and rings as his original gloves.

Mononeko: DON'T CARE!

Rarity blushed at Silver, *"Oh, my, he looks really handsome,"* she thought.

SC276: (slams head against wall repeatedly until the whole wall crumbles)

Mononeko: You get a boyfriend, you get a boyfriend, everyone gets a boyfriend!

ToonGuy: You know, I'm just too tired to care at this point, whatever.

Dark Angel: Color coordination does NOT equal love.

"This is Silver the Hedgehog," Sonic said, "And he's from the future of my world."

"He's from the future?!" Twilight immediately exclaimed.

"Um, yes, about 200 years to be precise," Silver said.

SC276: I'm surprised calendars still exist after the cataclysm.

"It's really nice to meet you, darling. My name is Rarity," Rarity said as she looked over Silver's clothing, "And I must say, your clothing is really fabulous."

"Um, thanks..." Silver said.

"Even your hair style... it's so divine," Rarity said as she stroked Silver's hair and blushed red.

Feeling Rarity's touch in his hair made Silver blush deeply. He suddenly felt butterflies in his stomach,

Mononeko: And then he threw up.

Topher: Turns out it wasn't butterflies, it was a swarm of interdimensional super-locusts. They ate everything in all dimensions and everyone died. THE.

FUCKING. END.

"What is this feeling? I haven't felt anything like this ever since I met Blaze," he thought.

SC276: Oh my god shut up.

Rarity was feeling the same thing Silver was feeling, *"Why do I feel this way? Must I have a crush on him or something?"* she thought blushing deeply.

SC276: OH MY GOD SHUT UP, NO ONE'S INTERESTED IN YOUR SHIPPING!

Now again, the white vortex opened and out came Shadow.

SC276: I've been wondering where you've been!

He was a human too. He had peach skin like Sonic, Silver, and Tails, he had his same crimson red eyes, and his hair was black with red highlights. He was wearing a midnight black jacket over a metal black T-shirt, a silver dog tag with his symbol on it, pitch black jeans with a scarlet red and white spiked kneepad on his left leg, and his same crimson red, white and black hover shoes with the rings. He also still had his gold inhibitor rings on his wrists, now had ink black fingerless gloves and what looked like a coal black belt with a pistol holster on the right side.

Mononeko: **DON'T CARE!**

Topher: **Needless to say, he was immediately tackled by a team of doughy school security guards, and the collective weight snapped his spine.**

Now it was Sunset's turn to have a small blush form on her cheeks, *"He's cute,"* she thought.

SC276: ***Sunset, are you fucking kidding me?!***

ToonGuy: ****looks at watch* And the award for the longest waste of time goes to....***

"This is Shadow the Hedgehog," Sonic said.

"Greetings," Shadow said.

"Nice to meet you," Twilight said.

"Hey! What's with the frown?" Pinkie asked.

Shadow didn't want to act violent around the students, so he crossed his arms and said, "I guess I have no idea."

Mononeko: **He didn't want to act violent, so he acted like an asshole.**

"Hmm, maybe you need... to smile!" Pinkie suggested.

Shadow then knew she was trying to make him feel happy. "Well, here you go," he said as he smiled.

Mononeko: **[Pinkie] "AAAAAAAAAAAAH! It's...it's horrifying!"**

"Perfect!" Pinkie said.

Then Shadow noticed Sunset Shimmer and thought, *"Who is that? Well, I have to admit, she does look pretty cute."*

And yet again, the white vortex opened. "All right, last one," Tails said.

SC276: **Wait, I don't remember Rogue, Big, Omega, the Chaotix, or anyone else at that previous scene. Who's left?!**

After the vortex closed, Manic was the last one to come,

SC276: ***Oh right, you. THE ONE IN THE WRONG CONTINUITY.***

and just like the others, he too was a human. He had peach skin like his brother, Tails, Silver, and Shadow. He had parakeet green hair that looked the same as his quills that were in the look of a rock style. He still had his sapphire blue eyes, and a black earring in each ear. He was wearing an unzipped garnet red vest over a white T-shirt, shamrock green pants with ebony black streaks on the side of the legs, a hickory brown belt that had a pocket for his drum sticks, and his same crimson red and white

shoes. He also had his drum medallion around his neck, and white fingerless gloves with the same black and silver spiky bracelets.

Mononeko: Say it, Todd!

This time, it was Pinkie's turn to blush, "*Holy moly*," she thought as she looked in Manic's eyes.

SC276: This is *literally* only because Amy isn't here. Let's see, who's *not* shipped at this point. Rainbow, Applejack, Pinkie... oh right, Twilight's left. Human! Blaze might be this fic's one saving grace.

"And this is my other brother, Manic the Hedgehog," Sonic said.

"Sup, people?" Manic said with a wave of his hand.

SC276: Shut up, little drummer boy.

All the students were surprised Sonic wasn't alone this time.

SC276: They also couldn't believe they all needed individual portals.

One by one, each student came over to the Mobians and asked each of them none-stop questions.

Mononeko: "Why are your descriptions so drawn-out?"

The Dazzlings just stood where they were very confused.

SC276: [Adagio] "Um... *hello?! Supervillains* here! You were about to blast us when the plot suddenly derailed harder than a train hitting a penny!"

ToonGuy: Currently the smartest characters in this. Not saying much, I know, but still.

"I don't understand," Sonata said, "What is so special about all those strange boys? Especially that blue spiky haired boy?"

SC276: You mean besides how they spilled out of holes in spacetime?

Mononeko: They're crossing over, honey. Better get used to it.

"My only guess is that they met him before," Adagio said.

Out somewhere in the city,

SC276: Because the plot's completely given up on the gym.

in the middle of an ally area,

SC276: *LEARN TO SPELL.*

things were quiet. No one was around. Then something began to happen. Then a part of the ground near a dumpster began to slowly crack apart, and it made a hole. Soon a mysterious red mist had slowly risen out of it and began to appear in the form of a body.

Mononeko: If the Demonites are gonna appear in this shit, I'll break something.

Topher: What's this about deadites? Because if this becomes an *Evil Dead* crossover things can only improve. It is my firm belief that anything can be improved by the inclusion of Bruce Campbell.

As the mysterious red energy formed itself, it said in a scary demonic voice, "Twelve years. Twelve years I have been trapped in the ground, in that blackness.

SC276: Well if it's not the Demonites, it's fucking close.

Mononeko: Well, at least it isn't a thousand, or we'd have to deal with that cliché too.

I couldn't see anything, I couldn't feel anything, but I could still hate someone who I had hated since the beginning."

SC276: Who is this supposed to be, GLaDOS?

The energy began to stand on legs as it continued, "Oh, but finally, I am free. And I can finally have my revenge. I will make you pay for everything that you have done to me... Sonic the Hedgehog."

Mononeko: And now that's done, let's end this sampler with a Sonic Says.

SC276: THIS STORY'S NO GOOD.

Ringmaster: And there you go, the five samples. Since we won't be having a strawpoll of any sort for this vote, you guys will just have to talk amongst yourselves below for why your pick(or picks) should be the next multipart, and why those other ones should be skipped over. Have at it.

Topher: I've got two things to say! I did use a fan-made pegasus base to make Sonic the Pegasus. Gotta credit my source. Also Sonic. And the dog. Secondly...

HEY KIDS! Are you the kind of delightfully impressionable sponge-brain who thinks my antics are tantalizingly imitable? Well now you too can be just like me and mix your very own Spiky Blue cocktails! Just follow THIS simple recipe, and you and your friends will be drinking refreshing drinks in no time! They make great holiday treats, and a bottle of Spiky Blue an absolute must-have for any gift basket! It can also be used to unclog drains, and just one gallon of the stuff poured into your municipal reservoir adds a lovey, fruity aftertaste to your city's water supply, AND you don't have to go to school afterwards! Try a Spiky Blue today!

Dark Angel: And for some extra kick, use a titanium martini glass. I give the Spiky Blue a two thumbs up. *gives two thumbs up before thumbs melt off* Well, I did give it two thumbs up.

Mononeko: Thank you for that, Topher. And now your vote please? As for me, I'm kinda torn. The first fic, despite being kinda generic plot-wise, had such terrible storytelling that I just want to see how bad it'll get. Reading the second fic was a blast, I was in stitches during almost the entire thing. Again, the grammar and the storytelling in that fic, oh my god was that stupid! The third fic was admittedly kind of hard to understand without reading basically anything else the author shat out (courtesy of the SMSVerse, I believe), but it's the only fic where I've skimmed ahead a bit, and it becomes stupider and stupider as time goes on (author even wrote a bullshit christmas chapter with literally no fourth wall). The fourth one was admittedly kind of hard to work with, but I'm gonna go off of Ring's comment saying the sequel is even stupider. The fifth fic, lastly, has a bad case of the My Immortal

disease, where too much time is spent on how the character's look. However, it had the perfect 'ending' with what looks like a generic villain which is always a blast. If I had to vote, I'd vote for all of them except the fourth and fifth one, because of the slowness of that first fic, but if it gets chosen and if its sequel turns out to be as stupid as Ring says, you won't see me complaining, and even though the things I said about the fifth fic are still true, I began to hate that fic after realizing it was the most blatant rip-off imaginable.

Nox: I'm pretty torn between the second one and the fifth one. The random villain at the end of the fifth one has caught my eye, but during the third sampler SC hinted that the second one was the one where Sonic created the element of *love*. And I don't know about you guys, but I really want to see what bullshit series of events leads to *that* barrel of inanity.

Topher: Honestly, I can't choose. They're all so bad and so strangely similar. One fic just seemed to blend into the other in a never-ending maelstrom of shit. But If I had to choose, I'd say the equestria girls ripoff, the one where Eggman is a janitor.

SC276: I'm not sure I can count them, because that fifth one *completely wrecked* my already terrible memory. Fuck that one, not voting for that; the plot *literally ground to a halt* and the heroes *forgot to kill the Dazzlings* because *SHIPPING*. Continuing with this fic would *probably literally kill me from stress*. Two and three are scriptfics, so fuck both of them, but fuck three in particular for Sonic being the next Lightning Dawn, so not voting for that. Fuck four for generic plot, doing Discord wrong, giant stream of clichés, and no one being themselves, but not enough of a balance to ensure its readers it was a crossover so not voting for that. So I'm voting for one and two, one because it's my submission so might as well, and two because at least that one paired Sonic with *Fluttershy*. **FUCK EVERYTHING!!**

ToonGuy: Ooooh, these were stupid. But in a way, very fun to riff upon. I'm a glutton for punishment. Picking going to be hard.....at the moment, I'm thinking third one. Sounds like the sequel's a bloody nightmare, but I'd also like to see more of the fifth one. Because oh boy, that one was some stupid ass shit, and Ring knows how to pick them. So, yeah, at the moment, I'm thinking third and fifth ones. And now I'm going to crash, because I am exhausted.

BittplexMutt: The first one, "Sonic's Little Pony", is pretty much generically bad compared to the others. The second one, "My Little Sonic: Friendship is way past cool", has tons of grammar errors, full of cliches, and if the third story was any indication, Sonic somehow becomes the element bearer of Love. The third one, "My Little Sonic: Equestria Girls meets Mobian Boy", is pretty much a retelling of Equestria Girls, only with slight changes. I bet if the second story does get picked, we'll probably riff this story afterwards a bit. The fourth one, "Sonic and Shadow in Equestria", could've been interesting, but it gets slow at times. I almost forgot that the story was a crossover. Perhaps if it did get picked, maybe things would change? Lastly, there's the fifth story, "Sonic - EGRainbowRocks". Ooh boy, this fic was soo bad. It's got every cliché probably in the book; it makes you wonder if this was a parody. And that ending... I think out of all of them, I would have to pick the second one and the fifth one. The former because of how Sonic even got an element and the latter because I can feel the "My Immortal" vibes come off it.

Dark Angel: For my vote, it's a toss up between the first fic and the last fic. The first fic, as bad as it was, felt almost creative. It's not doing the obvious SonicDash ship. And how it looks, it's going for a SonicPinkie ship. And personally, I want to know what that red substance the robot injected Sonic with was. As for the fifth story, I think I'm just a glutton for punishment. I willingly drank Topher's Spiky Blue after

all. Now if you'll excuse me, I'm basically just a pile of sludge at this point. So I'll see you all next time. *melts into a highly toxic puddle of sludge on the floor*

CaptainPipsqueak: Fifth one. Definitely fifth one. The others were like kicking puppies. This one is like kicking a puppy that has a knife and can at least fight back a bit.
