Major Notes

- DSS 100 Excel Competency is a one credit online course that must be completed by the end of freshman year. The course is offered in fall and spring semesters and is a pre-requisite for ACC 102 and DSS 200.
- DSS 210 is a pre-req for DSS 220 and should be taken first, DSS 200 is not and can be taken either semester.
- Please see the [Entrepreneurship section of the online catalog for courses that fulfill the major Elective requirement](#).
- To satisfy the natural science requirement the student may take either one-credit laboratory course or two 3-credit non-laboratory courses. If choosing the 2 semester option, the second course replaces an elective.
- Please see the [Entrepreneurship section of the online catalog](#) for courses that are available to meet the ILC requirement.
- **Overlays:** In selecting courses, all students are required to identify courses that meet the overlay requirements in the areas of 1) Diversity, Globalization or Non-Western Area Studies, 2) Ethics Intensive and 3) Writing Intensive. Students in the Class of 2025 forward must also complete an additional Diversity overlay (4th overlay). Many of the courses already in your schedule may cover these overlays.

Typical Course Sequence (*See next page for a typical course sequence*)
