

Triple D Equestrians US Pony Club Center

February 14th, 2026

Hi Everybody!!!

We are heading into our 2nd year as a Pony Club Center. We learned a lot and came together as a team. We had many Certifications, attended rallies and clinics. We are looking forward to putting together another calendar year of certifications, rallies and clinics to make our members stronger riders, horsemen while also working as a team and creating lifelong friendships.

Whether you own your own horse or take lessons on our school horses there's opportunities for education, competition and making new friends.
