Social Studies

As part of the grades 5 and 6 social studies curriculums, we will be exploring how different levels of government react to natural disasters both here at home and abroad. More specifically, we will focus on the environmental and social impacts of these disasters and how the government offers aid and assistance.

Author's visit

In English, Mrs. Jehan and the class were pleased to host local author Kate Jaimet for an afternoon discussion. They had read her book "Dunces Anonymous" in class and were pleased to get a sneak peak into her next novel "Dunces Rock". The class eagerly listened as she answered questions about her favorite authors and what inspires her writing. She even signed autographs! We are all looking forward to the release of her new book in Fall 2014.

Tradansa

In early November, students at BP got the chance once again to participate in the Tradansa workshop. They got to learn dances from around the globe. In 5th MFI, we learned a dance from Bulgaria and got to perform a dance from Turkey for the school. A highlight was when the entire gym stood up to dance the final "Que sais-tu bien faire".
