

Staff Development

ESD 123 recognizes that the performance of employees is enhanced through the continual updating of knowledge and skills. Subject to budgetary strains, it will provide opportunities for in-service activities which directly support one (1) or more of the following:

1. the mission, vision, culture playbook, and goals of ESD 123;
2. the goals of specific ESD 123 departments; and/or
3. individual employee professional growth as identified by the employee with the approval of the department supervisor and the Superintendent.
