

## Rye Neck School District (RNSD)

Rye Neck uses TEACH for fingerprinting. All instructors will need to be fingerprinted via this system prior to the beginning of activities. Flex Academies will help facilitate this process.

All vendors must have the required insurance and sign a hold harmless agreement and add it to their Shortlist account.

Please contact your Flex Academies Regional Director if you have any questions regarding the facilitation of the fingerprinting or insurance requirements.

### [Rye Neck School District - Insurance Level Requirements and Hold Harmless Agreement](#)

The Rye Neck School District requires you to name the School District, Rye Neck PTSA and New York PTA as an additional insured and certificate holder on the General Liability Policy.
