

Fine Arts Survey: Ch 6 Slides

Overview

Your assignment is to create a short presentation on a specific topic from Chapter 6: Greece and Rome. The presentation should be at least SIX slides in content, not including a title page and reference page.

Guidelines

Your slides should be created using as few websites as possible, so locate quality sources. I suggest you start with the Metropolitan Museum of Art and the British Museum, both of which have excellent collections.

The font size on the content pages should be between 18 and 24, and your font should be readable. Make sure you utilize contrasting colors to make your slides easy to read. You should link any pictures to ease viewing and accessibility.

Every slide and picture should be cited according to MLA. Include a slide at the end that includes a list of resources, including your book, if used.

Due Date

This presentation should be shared with me as "Lastname - Chapter Six" by the end of class Tuesday, Sept. 18th.
