PBIS and Capturing Kids Hearts:

The high school has a PBIS committee that has been meeting with AEA representatives to build our PBIS program to launch at the beginning of the 21-22

school year. The bulk of this work is on creating a matrix of common expectations. We have identified areas of the building where we would like to have all staff and students follow the same expectations. We will continue to work over the summer to build lessons and videos to help our roll out, but we will continue to use our RAMS UNITED theme as a way to blend the two together. In addition to PBIS we are looking to add a new program for staff called Capturing Kids Hearts. This program will allow us to have common understanding and skills on building positive school relationships and the importance of working with students. We believe this will help all staff refine or focus their current ways of working with young adults.

NHS Cleanup:

Current members and newly inducted members of the National Honors Society held a clean up day on April 10. They were able to get to many spots around town to help the elderly and any families that need assistance. Students worked hard in shifts to complete all the tasks at hand. Jamie Apperson the sponsor was able to set this up for families and students.

Hawkeye Ten Banquet:

April 7th the Hawkeye Ten hosted the award winners for the 2020-2021 academic year. The evening was a success as each school was able to honor their academic and character award winners.

Decision Day:

During the month of May we will take time to highlight seniors who have made a post high school decision. Students will be asked to wear the colors or attire of the school they have chosen as their postsecondary destination. We will highlight those students and share out where they are headed in the fall.
