

AV-W's ACP Plan for 2023 - 2024

Wisconsin Academic and Career Planning

Wisconsin Statute [15.28\(59\)](#) was signed to require implementation of academic and career planning (ACP) statewide beginning in 2017-18 for pupils enrolled in grades 6 to 12 in a school district.

Academic and Career Planning, or ACP, is a student-driven, adult-supported process in which students create and cultivate their own unique and information-based visions for post secondary success, obtained through self-exploration, career exploration, and the development of career management and planning skills.

Vision Statement: ***AV-W is committed to empowering each student to make a positive difference and to achieve personal greatness.***

Our comprehensive school counseling program is an integral component of the vision here at AV-W. Comprehensive school counseling programs deliver the knowledge and skills all students need to become successful in their academic, career, and personal/social development.

The Wisconsin Comprehensive School Counseling Model builds the content of developmental school counseling programs around nine standards. Each standard represents a broad developmental concept. Each concept inspires a separate but related objective. As individuals develop, they become more knowledgeable and sophisticated in their use of these standards throughout their lives. While this model is described in the context of a K-12 comprehensive school counseling program, these standards represent lifelong development and learning goals.

Our district is implementing the new Wisconsin Comprehensive School Counseling Model by revising our existing program to include academic and career planning revolving around these career domain standards.

Career Domain

Standard G: Students will acquire the self-knowledge necessary to make informed career decisions.

Standard H: Students will understand the relationship between educational achievement and career development.

Standard I: Students will employ career management strategies to achieve future career success and satisfaction.

2022 -2023 ACP GOALS

2022 - 2023 ACP GOAL: STRATEGIC PLAN

Goal: Purposefully integrate Academic and Career Planning into the EL Work Plan.
