

Agenda: Itana Business Architecture Working Group (IBAWG)

4/9/2021

Agenda & Notes (will be put in the chat)

1. Introduction and Announcements

- a. Attendee roll call ---If possible, update your name and the institution you are from in the Zoom Participants window and I'll do a screen capture and put it in the agenda notes:
- b. IBAWG provides structured programming and open discussion of workplace success and challenges using Business Architecture methods
- c. **Agenda:**
 - I'll put the agenda into the Zoom chat at the start of the call
 - 1. The agenda is a crowdsourced artifact of our time together
 - a. Feel free to add notes, thoughts, images, etc in the **Session Notes** section below
 - You can also access the agenda on the [IBAWG page](#)

2. Updates

- a. ?

3. Main Discussion Items

- a. An Openly Session
 - Explore the benefits of IBAWG participation
 - 1. From the Itana site:
 - a. <https://spaces.at.internet2.edu/pages/viewpage.action?pageId=119931519>
 - i. Review where to find past sessions
 - ii. Review Areas of Interest
 - 1. Shared folder tour
 - iii. Review of the participant list

- Discuss Business Architecture Roles
 1. Seems that most people are using working titles and not actual job descriptions.
 - a. Is higher education lagging behind the corporate world?
 - i. Business Analysis job progression
 - ii.
- Discuss current successes and challenges using Business Architecture Methods
 1. Roadmapping at MU
- Itana Wiki Refresh Update
 1. User persona based

b. **Session Notes**

■

c. Follow up questions from previous sessions

■ **Archimate Questions:**

1. What are Alberto's use cases of Archimate?
 - a. Who else works with the models? (A question from Yolanda)
 - i. Yes. Team "Dept Applications & BI" team of 6 IT people (2 analysts). The team is an offshoot of Data Warehouse that inherited departmental applications. Archi has helped in untangling and documenting spaghetti architecture.
 1. Diagrams are part of our KM efforts
 2. No collaboration in models (yet), currently focused on identifying sources of information to inform Archimate models
 3. Trying to break the IT information silos with a common architecture language

4. **Future session ideas**

a. **Itana Book Club**
