

Responsibilities of the School2Home Student Tech Expert Development Lead

The responsibilities of the Student Tech Expert Development Lead include:

- Work with the School Leadership Team to determine the goals for the Student Tech Expert Development Component.
- Work with the School Leadership Team to identify the curriculum for this course whether it will be offered after school or as an elective course.
- Serve as the Instructor for the Student Tech Expert Course or Club.
- Work with school administration to develop a strategy to recruit students to participate in the coursework.
- Establish policies and procedures for how Student Tech Experts will be used to provide tech support to students and teachers.
- Report progress to the School Leadership Team regularly.
- Prepare a concise Final Report at the end of the school year summarizing activities, observations and conclusions about the progress in implementing School2Home, including recommendations for the coming year.
