ACADEMIC

The Wellpinit Columbia Basin Reengagement Academy, believes in providing a safe, predictable, positive environment in which all students can experience success. We believe in unlocking every student's potential. Many students struggle in traditional brick-and-mortar schools - frustrated by failing classes, struggling to keep up, feeling unsafe at school, or dealing with personal problems. The school will emphasize the development of broad knowledge base problem-solving/decision-making skills, creativity, self-esteem and respect for others in an ever-changing world. The program provides both individualized and differentiated instruction practices that create a school environment that is created for the needs of each student. Students work towards earning either a diploma or GED.

In the Wellpinit Columbia Basin Reengagement Academy, we believe that

- Every person is unique, important, and entitled to respect, understanding, and appreciation.
- Learning is the primary focus of all school activity.
- The purpose of our school is to prepare student to assume successful roles in society
- Student experience of in school when provided work that is meaningful and challenging.
- Students are entitled to a safe, caring, learning environment.
- Education of our youth is the shared responsibility the home, the school, and the community.
- Students deserve the necessary resources to prepare them for success in a changing, information-based society.
- The role of the school community is to cooperatively support the needs of the students.
- Staff development drives innovation and continuous improvement for individuals and the school system, leading to higher student achievement.

Individualized Approach

- Every student has unique challenges and ways of learning. In order to address each student's needs, we review transcripts, testing scores, IEP/504 plans, ELL status, etc. From there, we develop an **Individualized Learning Plan (ILP)** to place students in the appropriate courses, identify strengths and areas for improvement, and create a plan to chart their progress.

- Staff tailor instruction to each student as well as provide help outside the classroom. In coordination with experienced advisors and counselors, our teachers help students stay motivated, set goals, and work towards graduation.
- Our program also helps map out **career and higher education goals** by offering college and career planning tools and personalized support.

Engaging Tools and Powerful Resources

Curriculum is offered in a variety of delivery opportunities. The majority of our classes are offered through an online curriculum, APEX. Other courses are offered through textbooks and/or teacher developed worksheets. Students who do not have access to the internet outside of the classroom will be expected to attend more days and hours on campus in order to make satisfactory progress.

Credit recovery courses offer a condensed and focused schedule. Students who need to recover a credit often find they can get caught up more quickly.

Careers and College Planning

The entire planning process for a post-high school career, whether that includes college or not, is especially critical for a student who has struggled in the past. We help Insight students plan for a future they can attain and feel good about, which helps motivate them in their current studies.

It's important to note that our students work collaboratively and gain valuable 21st-century skills to better prepare for college and a career in our increasingly digital world.

Whether students aspire to attend a four-year college after high school or are focused on a more immediate work path, we offer the right tools to help them evaluate their own strengths and interests and explore career directions that are both satisfying and rewarding.

Students use resources to learn about themselves, discover career interests, and plan for future career success. They will:

- Learn about financial aid options
- Learn how to prepare for a job interview and write a resume
- Set both short- and long-term education goals to match career interests
- Learn how to be successful on the job

We believe that with this kind of personalized guidance and support, we can help students achieve their dreams and succeed.

ACCADEMIC PROGRESS

For a student to make satisfactory progress they will need to earn 1 credit every 20 school days. Students who fail to make satisfactory progress will be placed on a plan of improvement which could include an increase of student hours spent in the alternative classroom. Continued failure to make satisfactory progress will result in the student being referred to job corps administration and possibly dropped from the program. Students who are credit deficient may be expected to earn more in the 20 day time period in order to work towards graduation

1/8/2021 11:03 AM

ATTENDANCE

Once you enroll in the program, your instructors will assess your standing towards graduation by looking at your credits accumulated, state test results and passed history of academic progress. Students failing to meet attendance requirements will be referred to the job corps and possibly dropped from the program.

Like a traditional full-time public school, WCBRA encourages students to develop responsibility for academic progress. That means there are assignments, due dates, and deadlines. While some of what we do is more flexible in terms of the times and the places students do their work, it is vital that students make adequate progress in order to continue in the program.

Notes:

Core 24: Note that Wellpinit School District has a 2 year waiver for the classes of 2019 & 2020

(1) Graduation requirements apply to a student based on the year the student commences 9th grade. The graduation requirements for the student's expected graduation year must be met, regardless of which year the student actually graduates ([WAC 180-51-035](#)). The table below shows which rules apply to which expected graduation years.

(2) Automatic extensions (or waivers) of up to two years to implement credit graduation requirements were available to districts upon request. This delayed the implementation of the credit graduation requirement rules for the Class of 2016 to the Class of 2018, and the implementation of the credit graduation requirement rules for the Class of 2019 to the Classes of 2020 or 2021. For districts that made the request, the previous rules remain in effect for the duration of the extension.

(3) Through the Class of 2018, the students may take a third credit of math other than Algebra 2 or integrated math 3 subject to certain requirements in rule [WAC 180-51-067\(2\)\(b\)](#), such as a meeting with students, parents or guardian, and a school representative. Starting with the Class of 2019, the third credit of math should align with the student's High School and Beyond Plan, prepare students to meet state assessment system standards, and be chosen with the agreement of the parent or guardian or a school counselor or principal if the parent or guardian does not indicate a preference ([WAC 180-51-068](#)).

(4) The Washington State History and Government requirement may be met in grades 7 through 12. If the course is taken in the 7th or 8th grade it fulfills the requirement, but high school credit will be awarded only if the academic level of the course exceeds the requirements for 8th grade. Students who meet the requirement but do not earn high school credit must still take three credits of social studies in high school.

(5) Personalized Pathway Requirements (PPR) are up to three course credits chosen by a student to meet specific postsecondary career or education goals, that align with the student's interests and High School and Beyond Plan. PPR credits may replace one of two arts credits and both world language credits, in any combination of these credits up to a total of three PPR credits.

(6) The Health and Fitness requirement should align with Washington State Learning Standards in Health and Physical Education. For more information on the waiver see OSPI's guidance, [Recommendations for Waivers in High School Physical Education](#).

(7) Career and Technical Education (CTE) courses locally determined to be equivalent to a non-CTE course may be used to meet two graduation requirements ([WAC 180-51-067](#) and [WAC 180-51-068](#)), known as the "two for one" policy. Either a CTE course or an occupational education course may be used to meet the requirement. "Occupational education" means credit resulting from a series of learning experiences designed to assist the student to acquire and demonstrate competency of skills under student learning goal four. At a minimum, these competencies shall align with the definition of an exploratory course as contained in the CTE program standards of OSPI ([WAC 180-51-067](#) and [WAC 180-51-068](#)). Starting with the 24-credit graduation requirement for the Class of 2019,

Private schools may substitute courses specific to the mission or focus of the school for the CTE graduation requirement under [WAC 180-90-160](#).

(8) For graduation purposes, the State Board of Education has set [exit exam passing scores](#) on Smarter Balanced tests that are different from the consortium- determined achievement levels.

(9) The comprehensive science assessment will align to Next Generation Science Standards.

WELLPINIT STUDENT HANDBOOK LANGUAGE: NONDISCRIMINATION AND SEXUAL HARASSMENT

Under state law, information about every school district's sexual harassment policy and complaint procedure must be included in staff and student handbooks, or other publications that set forth the rules, regulations, and standards of conduct for the school or district (WAC [392-190-058](#)). Every school district must also annually inform all students, parents, and employees about its discrimination complaint procedure (WAC [392-190-060](#)).

The Equity and Civil Rights Office at the Office of Superintendent of Public Instruction (OSPI) has developed the following sample language that districts can include in student and staff handbooks to meet these requirements.

DISCRIMINATION

Wellpinit School District does not discriminate in any programs or activities on the basis of sex, race, creed, religion, color, national origin, age, veteran or military status, sexual orientation, gender expression, gender identity, disability, or the use of a trained dog guide or service animal and provides equal access to the Boy Scouts and other designated youth groups. The following employee(s) has been designated to handle questions and complaints of alleged discrimination:

Civil Rights Coordinator/ Title IX Officer

Terry Bartolino

terryb@wellpinit.org

PO Box 390 Wellpinit, WA 99040

509-258-4535 (2195)

Section 504 Coordinator

Julie Filer

jfiler@wellpinit.org

PO Box 390 Wellpinit, WA 99040

509-258-4535 (2195)

You can report discrimination and discriminatory harassment to any school staff member or to the district's Civil Rights Coordinator, listed above. You also have the right to file a complaint (see below). For a copy of your district's nondiscrimination policy and procedure, contact your school or district office or view it online here: www.wellpinit.org

SEXUAL HARASSMENT

Students and staff are protected against sexual harassment by anyone in any school program or activity, including on the school campus, on the school bus, or off-campus during a school-sponsored activity.

Sexual harassment is unwelcome behavior or communication that is sexual in nature when:

- A student or employee is led to believe that he or she must submit to unwelcome sexual conduct or communications in order to gain something in return, such as a grade, a promotion, a place on a sports team, or any educational or employment decision, or
- The conduct substantially interferes with a student's educational performance, or creates an intimidating or hostile educational or employment environment.

Examples of Sexual Harassment:

- Pressuring a person for sexual favors
- Unwelcome touching of a sexual nature
- Writing graffiti of a sexual nature
- Distributing sexually explicit texts, e-mails, or pictures
- Making sexual jokes, rumors, or suggestive remarks
- Physical violence, including rape and sexual assault

You can report sexual harassment to any school staff member or to the district's Title IX Officer, who is listed above. You also have the right to file a complaint (see below). For a copy of your district's sexual harassment policy and procedure, contact your school or district office, or view it online here: www.wellpinit.org

COMPLAINT OPTIONS: DISCRIMINATION AND SEXUAL HARASSMENT

If you believe that you or your child have experienced unlawful discrimination, discriminatory harassment, or sexual harassment at school, you have the right to file a complaint.

Before filing a complaint, you can discuss your concerns with your child's principal or with the school district's Section 504 Coordinator, Title IX Officer, or Civil Rights Coordinator, who are listed above. This is often the fastest way to resolve your concerns.

Complaint to the School District

Step 1. Write Our Your Complaint

In most cases, complaints must be filed within one year from the date of the incident or conduct that is the subject of the complaint. A complaint must be in writing. Be sure to describe the conduct or incident, explain why you believe discrimination, discriminatory harassment, or sexual harassment has taken place, and describe what actions you believe the district should take to resolve the problem. Send your written complaint—by mail, fax,

email, or hand delivery—to the district superintendent or civil rights compliance coordinator.

Step 2: School District Investigates Your Complaint

Once the district receives your written complaint, the coordinator will give you a copy of the complaint procedure and make sure a prompt and thorough investigation takes place. The superintendent or designee will respond to you in writing within 30 calendar days—unless you agree on a different time period. If your complaint involves exceptional circumstances that demand a lengthier investigation, the district will notify you in writing to explain why staff need a time extension and the new date for their written response.

Step 3: School District Responds to Your Complaint

In its written response, the district will include a summary of the results of the investigation, a determination of whether or not the district failed to comply with civil rights laws, notification that you can appeal this determination, and any measures necessary to bring the district into compliance with civil rights laws. Corrective measures will be put into effect within 30 calendar days after this written response—unless you agree to a different time period.

Appeal to the School District

If you disagree with the school district's decision, you may appeal to the school district's board of directors. You must file a notice of appeal in writing to the secretary of the school board within 10 calendar days after you received the school district's response to your complaint. The school board will schedule a hearing within 20 calendar days after they received your appeal, unless you agree on a different timeline. The school board will send you a written decision within 30 calendar days after the district received your notice of appeal. The school board's decision will include information about how to file a complaint with the Office of Superintendent of Public Instruction (OSPI).

Complaint to OSPI

If you do not agree with the school district's appeal decision, state law provides the option to file a formal complaint with the Office of Superintendent of Public Instruction (OSPI). This is a separate complaint process that can take place if one of these two conditions has occurred: (1) you have completed the district's complaint and appeal process, or (2) the district has not followed the complaint and appeal process correctly.

You have 20 calendar days to file a complaint to OSPI from the day you received the decision on your appeal. You can send your written complaint to the Equity and Civil Rights Office at OSPI:

3205 - Procedure Sexual Harassment of Students Prohibited

The procedure is intended to set forth the requirements of Policy 3205, including the process for a prompt, thorough, and equitable investigation of allegations of sexual harassment and the need to take appropriate steps to resolve such situations. If sexual harassment is found to have created a hostile environment, staff must take immediate action to eliminate the harassment, prevent its reoccurrence, and address its effects.

This procedure applies to sexual harassment (including sexual violence) targeted at students carried out by other students, employees or third parties involved in school district activities. Because students can experience the continuing effects of off-campus harassment in the educational setting, the district will consider the effects of off-campus conduct when evaluating whether there is a hostile environment on campus. The district has jurisdiction over these complaints pursuant to Title IX of the Education Amendments of 1972, Chapter 28A.640, RCW and Chapter 392-190 WAC.

Notice

- Information about the district's sexual harassment policy will be easily understandable and conspicuously posted throughout each school building, be reproduced in each student, staff, volunteer and parent handbook.
- In addition to the posting and reproduction of this procedure and Policy 3205, the district will provide annual notice to employees that complaints pursuant to this procedure may be filed at:

Staff Responsibilities

- In the event of an alleged sexual assault, the school principal will immediately inform: 1) the Title IX/Civil Rights Compliance Coordinator so that the district can appropriately respond to the incident consistent with its own grievance procedures;
Title IX/Civil Rights Compliance Coordinator.

- And 2) law enforcement. The principal will notify the targeted student(s) and their parents/guardians of their right to file a criminal complaint and a sexual harassment complaint simultaneously.

Confidentiality

- If a complainant requests that his or her name not be revealed to the alleged perpetrator or asks that the district not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Superintendent or designee for evaluation.
- The Superintendent or designee should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.
- If the complainant still requests that his or her name not be disclosed to the alleged perpetrator or that the district not investigate or seek action against the alleged perpetrator, the district will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff and other third parties engaging in district activities, including the person who reported the sexual harassment. Although a complainant's request to have his or her name withheld may limit the district's ability to respond fully to an individual allegation of sexual harassment, the district will use other appropriate means available to address the sexual harassment.

Retaliation

Title IX prohibits retaliation against any individual who files a complaint under these laws or participates in a complaint investigation. When an informal or formal complaint of sexual harassment is made, the district will take steps to stop further harassment and prevent any retaliation against

the person who made the complaint, was the subject of the harassment, or against those who provided information as a witness. The district will investigate all allegations of retaliation and take actions against those found to have retaliated.

Informal Complaint Process

Anyone may use informal procedures to report and resolve complaints of sexual harassment. Informal reports may be made to any staff member. Staff will always notify complainants of their right to file a formal complaint and the process for same. Staff will also direct potential complainants to:

Title IX/Civil Rights Compliance Coordinator.

Terry Bartolino

terryb@wellpinit.org

PO Box 390 Wellpinit, WA 99040

509-258-4535 (2195)

Additionally, staff will also inform an appropriate supervisor or professional staff member when they receive complaints of sexual harassment, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

During the course of the informal complaint process, the district will take prompt and effective steps reasonably calculated to end any harassment and to correct any discriminatory effects on the complainant. If an investigation is needed to determine what occurred, the district will take interim measures to protect the complainant before the final outcome of the district's investigation (e.g., allowing the complainant to change academic or extracurricular activities or break times to avoid contact with the alleged perpetrator).

Informal remedies may include:

- An opportunity for the complainant to explain to the alleged harasser that his or her conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the district sexual harassment policy without identifying the complainant;
- Developing a safety plan;
- Separating students; or
- Providing staff and/or student training

Informal complaints may become formal complaints at the request of the complainant, parent/guardian, or because the district believes the complaint needs to be more thoroughly investigated.

The district will inform the complainant and their parent/guardian how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Formal Complaint Process

Level One – Complaint to District

Anyone may initiate a formal complaint of sexual harassment, even if the informal complaint process is being utilized. At any level in the formal complaint process, the district will take interim measures to protect the complainant before the final outcome of the district's investigation.

The following process will be followed:

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute sexual harassment. The Title IX Coordinator may draft the complaint based on the report of the complainant for the complainant to review and approve. The superintendent or Title IX Coordinator may also conclude that the district needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a formal complaint.
- The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005.
- Complaints may be submitted by mail, fax, e-mail or hand-delivery to the district Title IX Coordinator;
Title IX/Civil Rights Compliance Coordinator.
Terry Bartolino
terryb@wellpinit.org
PO Box 390 Wellpinit, WA 99040

509-258-4535 (2195)

- Any district employee who receives a complaint that meets these criteria will promptly notify the Coordinator.

Investigation and Response

- The Title IX Coordinator will receive and investigate all formal, written complaints of sexual harassment or information in the coordinator's possession that they believe requires further investigation. The Coordinator will delegate his or her authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Coordinator will provide the complainant a copy of this procedure.
- Investigations will be carried out in a manner that is adequate in scope, reliable and impartial. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused harasser(s), will have an equal opportunity to present witnesses and relevant evidence. Complainants and witnesses may have a trusted adult with them during any district-initiated investigatory activities. The school district and complainant may also agree to resolve the complaint in lieu of an investigation. When the investigation is completed, the Coordinator will compile a full written report of the complaint and the results of the investigation.

Superintendent Response

The superintendent will respond in writing to the complainant and the alleged perpetrator within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the complainant in writing of the reason for the extension and the anticipated response date. At the time the district responds to the complainant, the district must send a copy of the response to the office of the superintendent of public instruction.

- The response of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) a statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed ; 3) if sexual harassment is found to have occurred, the corrective measures the district deems necessary, including assurance that the district will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; 4) notice of the complainant's right to appeal to the school board and the necessary filing information; and 5) any corrective measures the district will take, remedies for the complainant (e.g., sources of counseling, advocacy and academic support), and notice of potential sanctions for the perpetrator(s) (e.g., discipline).

- The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964. If the complaint alleges discriminatory harassment by a named party or parties, the coordinator will provide the accused party or parties with notice of the outcome of the investigation and notice of their right to appeal any discipline or corrective action imposed by the district.
- Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the district is barred by due process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy.
- The district will inform the complainant and their parent/guardian how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Level Two - Appeal to Board of Directors

Notice of Appeal and Hearing

If a complainant disagrees with the superintendent's or designee's written decision, the complainant may appeal the decision to the district board of directors, by filing a written notice of appeal with the secretary of the board within ten (10) calendar days following the date upon which the complainant received the response.

- The board will schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Both parties will be allowed to present such witnesses and testimony as the board deems relevant and material.

Board Decision

Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision.

- The decision will be provided in a language that the complainant can understand which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act.

- The decision will include notice of the complainant's right to appeal to the Superintendent of Public Instruction and will identify where and to whom the appeal must be filed. The district will send a copy of the appeal decision to the office of the superintendent of public instruction.

Level Three - Complaint to the Superintendent of Public Instruction

Filing of Complaint

- If a complainant disagrees with the decision of the board of directors, or if the district fails to comply with this procedure, the complainant may file a complaint with the superintendent of public instruction.
- A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
- A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-sexual harassment laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

Investigation, Determination and Corrective Action

Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board.

- Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.

- All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four - Administrative Hearing

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

Other Complaint Options

Office for Civil Rights (OCR), U.S. Department of Education

OCR enforces several federal civil rights laws, which prohibit discrimination in public schools on the basis of race, color, national origin, sex, disability, and age. File complaints with OCR within 180 calendar days of the date of the alleged discrimination.

Washington State Human Rights Commission (WSHRC)

WSHRC enforces the Washington Law against Discrimination (RCW 49.60), which prohibits discrimination in employment and in places of public accommodation, including schools. File complaints with WSHRC within six months of the date of the alleged discrimination.

1-800-233-3247 | TTY: 1-800-300-7525 | www.hum.wa.gov

Mediation

At any time during the complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be used to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not: 1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a district representative who has authority to bind the district.

Training and Orientation

A fixed component of all district orientation sessions for staff, students and regular volunteers will introduce the elements of this policy. Staff will be provided information on recognizing and preventing sexual harassment. Staff will be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure.

Certificated staff will be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of sexual harassment. Regular volunteers will get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of sexual harassment and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents.

As part of the information on the recognition and prevention of sexual harassment staff, volunteers, students and parents will be informed that sexual harassment may include, but is not limited to:

- Demands for sexual favors in exchange for preferential treatment or something of value;
- Stating or implying that a person will lose something if he or she does not submit to a sexual request;
- Penalizing a person for refusing to submit to a sexual advance, or providing a benefit to someone who does;
- Making unwelcome, offensive or inappropriate sexually suggestive remarks comments, gestures, or jokes; or remarks of a sexual nature about a person's appearance, gender or conduct;
- Using derogatory sexual terms for a person;
- Standing too close, inappropriately touching, cornering or stalking a person; or

- Displaying offensive or inappropriate sexual illustrations on school property.

Policy and Procedure Review

Annually, the superintendent or designee will convene an ad hoc committee composed of representatives of certificated and classified staff, volunteers, students and parents to review the use and efficacy of this policy and procedure. The compliance officer will be included in the committee. Based on the review of the committee, the superintendent will prepare a report to the board including, if necessary, any recommended policy changes. The superintendent will consider adopting changes to this procedure if recommended by the committee.

Policy: 3207

Section: 3000 - Students

Prohibition of Harassment, Intimidation and Bullying

The board is committed to a safe and civil educational environment for all students, employees, parents/legal guardians, volunteers and community members that is free from harassment, intimidation or bullying. “Harassment, intimidation or bullying” means any intentionally written message or image — including those that are electronically transmitted — verbal, or physical act, including but not limited to one shown to be motivated by race, color, religion, ancestry, national origin, gender, sexual orientation including gender expression or identity, mental or physical disability or other distinguishing characteristics, when an act:

Physically harms a student or damages the student’s property;

A. Has the effect of substantially interfering with a student’s education;

B. Is so severe, persistent or pervasive that it creates an intimidating or threatening educational environment; or

C. Has the effect of substantially disrupting the orderly operation of the school.

Nothing in this section requires the affected student to actually possess a characteristic that is a basis for the harassment, intimidation or bullying.

“Other distinguishing characteristics” can include but are not limited to physical appearance, clothing or other apparel, socioeconomic status and weight.

“Intentional acts” refers to the individual’s choice to engage in the act rather than the ultimate impact of the action(s).

Behaviors/Expressions

Harassment, intimidation or bullying can take many forms including, but not limited to, slurs, rumors, jokes, innuendoes, demeaning comments, drawings, cartoons, pranks, gestures, physical attacks, threats or other written, oral, physical or electronically transmitted messages or images.

This policy is not intended to prohibit expression of religious, philosophical, or political views, provided that the expression does not substantially disrupt the educational environment. Many behaviors that do not rise to the level of harassment, intimidation or bullying may still be prohibited by other district policies or building, classroom or program rules.

Training

This policy is a component of the district's responsibility to create and maintain a safe, civil, respectful and inclusive learning community and will be implemented in conjunction with comprehensive training of staff and volunteers.

Prevention

The district will provide students with strategies aimed at preventing harassment, intimidation and bullying. In its efforts to train students, the district will seek partnerships with families, law enforcement and other community agencies.

Interventions

Interventions are designed to remediate the impact on the targeted student(s) and others impacted by the violation, to change the behavior of the perpetrator, and to restore a positive school climate.

The district will consider the frequency of incidents, developmental age of the student, and severity of the conduct in determining intervention strategies. Interventions will range from counseling, correcting behavior and discipline, to law enforcement referrals.

Students with Individual Education Plans or Section 504 Plans

If allegations are proven that a student with an Individual Education Plan (IEP) or Section 504 Plan has been the target of harassment, intimidation or bullying, the school will convene the student's IEP or Section 504 team to determine whether the incident had an impact on the student's ability to receive a free, appropriate public education (FAPE). The meeting should occur regardless of whether the harassment, intimidation or bullying incident was based on the student's disability. During the meeting, the team will evaluate issues such as the student's academic performance, behavioral issues, attendance, and participation in extracurricular activities. If a determination is made that the student is not receiving a FAPE as a result of the harassment, intimidation or bullying incident, the district will provide additional services and supports as deemed necessary, such as counseling, monitoring and/or reevaluation or revision of the student's IEP or Section 504 plan, to ensure the student receives a FAPE.

Retaliation/False Allegations

Retaliation is prohibited and will result in appropriate discipline. It is a violation of this policy to threaten or harm someone for reporting harassment, intimidation, or bullying.

It is also a violation of district policy to knowingly report false allegations of harassment, intimidation, and bullying. Students or employees will not be disciplined for making a report in good faith. However, persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline.

Compliance Officer

The superintendent will appoint a compliance officer as the primary district contact to receive copies of all formal and informal complaints and ensure policy implementation. The name and contact information for the compliance officer will be communicated throughout the district.

The superintendent is authorized to direct the implementation of procedures addressing the elements of this policy.

Nondiscrimination

The district will provide equal educational opportunity and treatment for all students in all aspects of the academic and activities program without discrimination based on race, religion, creed, color, national origin, age, honorably-discharged veteran or military status, sex, sexual orientation, gender expression, gender identity, marital status, or the presence of any sensory, mental or physical disability, or the use of a trained dog guide or service animal by a person with a disability. The district will provide equal access to school facilities to the Boy Scouts of America and all other designated youth groups listed in Title 36 of the United States Code as a patriotic society. District programs will be free from sexual harassment.

Conduct against any student that is based on one of the categories listed above that is sufficiently severe, persistent or pervasive as to limit or deny the student's ability to participate in or benefit from the district's course offerings; educational programming or any activity will not be tolerated. When a district employee knows, or reasonably should know, that such discriminatory harassment is occurring or has occurred, the district will take prompt and effective steps reasonably calculated to end the harassment, prevent its recurrence and remedy its effects.

The statement will include: 1) notice that the district will not discriminate in any programs or activities on the basis of any of the above-listed categories; 2) the name and contact information of the district's compliance officer designated to ensure compliance with this policy; and 3) the names and contact information of the district's Section 504 and Title IX compliance officers.

The district will annually publish notice reasonably calculated to inform students, students' parents/guardians (in a language that they can understand, which may require language assistance), and employees of the district's discrimination complaint procedure.

The superintendent will designate a staff member to serve as the compliance officer for this policy. The compliance officer will be responsible for investigating any discrimination complaints communicated to the district. The district will provide training to administrators and certificated and classroom personnel regarding their responsibilities under this policy and to raise awareness of and eliminate bias and discrimination based on the protected classes identified in this policy.

5011 Sexual Harassment of District Staff Prohibited

This district is committed to a positive and productive working environment free from discrimination, including sexual harassment. This commitment extends to all employees and other persons involved in academic, educational, extracurricular, athletic, and other programs or activities of the school, whether that program or activity is in a school facility, on school transportation, or at a class training held elsewhere.

Definitions

For purposes of this policy, sexual harassment means unwelcome conduct or communication of a sexual nature. Sexual harassment can occur student to adult, adult to adult or can be carried out by a group of students or adults and will be investigated by the District even if the alleged harasser is not a part of the school staff or student body. The district prohibits sexual harassment of district employees by other students, employees or third parties involved in school district activities.

Under federal and state law, the term "sexual harassment" includes:

- acts of sexual violence;
- unwelcome sexual or gender-directed conduct or communications that interferes with an individual's employment performance or creates an intimidation, hostile, or offensive environment;
- unwelcome sexual advances;
- unwelcome requests for sexual favors;
- sexual demands when submission is a stated or implied obtaining work opportunity or other benefit;
- sexual demands where submission or rejection is a factor in a work or other school-related decision affecting an individual.

A "hostile environment" for an employee is created where the unwanted conduct is sufficiently severe or pervasive to create a work environment that a reasonable person would consider intimidation, hostile, or abusive.

Investigation and Response

If the district knows, or reasonably should know, that sexual harassment has created a hostile environment, the district will promptly investigate to determine what occurred and will take appropriate steps to resolve the situation. If an investigation reveals that sexual harassment has created a hostile environment, the district will take prompt and effective steps reasonably calculated to end sexual harassment, eliminate the hostile environment, prevent its occurrence and, as appropriate, remedy its effects. The district will take prompt, equitable and remedial action within its authority every time a report, complaint and grievance alleging sexual harassment comes to the attention of the district, either formally or informally.

Allegations of criminal misconduct will be reported to law enforcement and suspected child abuse will be reported to law enforcement or Child Protective Services. Regardless of whether the misconduct is reported to law enforcement, school staff will promptly investigate to determine what occurred and take appropriate steps to resolve the situation to the extent that such investigation does not interfere with an on-going criminal investigation. A criminal investigation does not relieve the district of its independent obligation to investigate and resolve sexual harassment.

Engaging in sexual harassment will result in appropriate discipline or other appropriate sanctions against offending staff or third parties involved in school district activities. Anyone else who engages in sexual harassment on school property or at school activities will have their access to school property and activities restricted, as appropriate.

Retaliation and False Allegations

Retaliation against any person who makes or is a witness in a sexual harassment complaint is prohibited and will result in appropriate discipline. The district will take appropriate actions to protect involved persons from retaliation.

It is a violation of this policy to knowingly report false allegations of sexual harassment. Persons found to knowingly report or corroborate false allegations will be subject to appropriate discipline

Staff Responsibilities

The superintendent will develop and implement formal and informal procedures for receiving, investigating and resolving complaints or reports of sexual harassment. The procedures will include reasonable and prompt time lines and delineate staff responsibilities under this policy.

Any school employee who witnesses sexual harassment or receives report, informal complaint, or written complaint about sexual harassment is responsible for informing the district's Title IX or Civil Rights Compliance Coordinator. All staff are also responsible for directing complainants to the formal complaint process.

Reports of discrimination and discriminatory harassment will be referred to the district's Title IX/Civil Rights Compliance Coordinator.

Notice and Training

The superintendent will develop procedures to provide information and education to district staff, parents and volunteers regarding this policy and the recognition and prevention of sexual harassment. At a minimum, sexual harassment recognition and prevention and the elements of this policy will be included in staff and regular volunteer orientation. This policy and the procedure, which includes the complaint process, will be posted in each district building in a place available to staff, parents, volunteers and visitors. Information about the policy and procedure will be clearly stated and conspicuously posted throughout each school building, provided to each employee and reproduce in each staff, volunteer and parent handbook. Such notices will identify the District's Title IX coordinator and provide contact information, including the coordinator's email address.

Policy Review

The superintendent will make an annual report to the board reviewing the use and efficacy of this policy and related procedures. Recommendations for changes to this policy, if applicable, will be included in the report. The superintendent is encouraged to involve staff, volunteers and parents in the review process.

5011 Sexual Harassment of District Staff Prohibited

The procedure is intended to set forth the requirements of Policy 5011, including the process for a prompt, thorough, and equitable investigation of allegations of sexual harassment and the need to take appropriate steps to resolve such situations. If sexual harassment is found to have created a hostile environment, staff must take immediate action to eliminate the harassment, prevent its reoccurrence, and address its effects.

This procedure applies to sexual harassment (including sexual violence) targeted at district employees carried out by other students, employees or third parties involved in school district activities. The district has jurisdiction over these complaints pursuant to Title IX of the Education Amendments of 1972, Chapter 28A.640, RCW and Chapter 392-190 WAC.

Notice

Information about the district's sexual harassment policy will be easily understandable and conspicuously posted throughout each school building, provided to each employee and reproduced in each staff, volunteer and parent handbook. In addition to the posting and reproduction of this procedure and Policy 5011, the district will provide annual notice to employees that complaints pursuant to this procedure may be filed at:

and 2) law enforcement. The principal will notify the targeted district staff person of their right to file a criminal complaint and a sexual harassment complaint simultaneously.

Confidentiality

If a complainant requests that his or her name not be revealed to the alleged perpetrator or asks that the district not investigate or seek action against the alleged perpetrator, the request will be forwarded to the Superintendent or designee for evaluation. The Superintendent or designee should inform the complainant that honoring the request may limit its ability to respond fully to the incident, including pursuing disciplinary action against the alleged perpetrator.

If the complainant still requests that his or her name not be disclosed to the alleged perpetrator or that the district not investigate or seek action against the alleged perpetrator, the district will need to determine whether or not it can honor such a request while still providing a safe and nondiscriminatory environment for all students, staff and other third parties engaging in district activities, including the person who reported the sexual harassment. Although a complainant's request to have his or her name withheld may limit the district's ability to respond fully to an individual allegation of sexual harassment, the district will use other appropriate means available to address the sexual harassment.

Retaliation

Title IX prohibits retaliation against any individual who files a complaint under these laws or participates in a complaint investigation. When an informal or formal complaint of sexual harassment is made, the district will take steps to stop further harassment and prevent any retaliation against the person who made the complaint, was the subject of the harassment, or against those who provided information as a witness. The district will investigate all allegations of retaliation and take actions against those found to have retaliated.

Informal Complaint Process

Anyone may use informal procedures to report and resolve complaints of sexual harassment. Informal reports may be made to any staff member. Staff will always notify complainants of their right to file a formal complaint and the process for same. Staff will also direct potential complainants to: Title IX/Civil Rights Compliance Coordinator.

Additionally, staff will also inform an appropriate supervisor or professional staff member when they receive complaints of sexual harassment, especially when the complaint is beyond their training to resolve or alleges serious misconduct.

During the course of the informal complaint process, the district will take prompt and effective steps reasonably calculated to end any harassment and to correct any discriminatory effects on the complainant. If an investigation is needed to determine what occurred, the district will take interim measures to protect the complainant before the final outcome of the district's investigation (e.g., allowing the complainant to change academic or extracurricular activities or break times to avoid contact with the alleged perpetrator).

Informal remedies may include:

- An opportunity for the complainant to explain to the alleged harasser that his or her conduct is unwelcome, offensive or inappropriate, either in writing or face-to-face;
- A statement from a staff member to the alleged harasser that the alleged conduct is not appropriate and could lead to discipline if proven or repeated;
- A general public statement from an administrator in a building reviewing the district sexual harassment policy without identifying the complainant.
- Developing a safety plan;
- Separating staff person; or
- Providing staff and/or student training.

Informal complaints may become formal complaints at the request of the complainant, parent or guardian, or because the district believes the complaint needs to be more thoroughly investigated. The district will inform the complainant how to report any subsequent problems. Additionally,

the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Formal Complaint Process

Level One – Complaint to District

Anyone may initiate a formal complaint of sexual harassment, even if the informal complaint process is being utilized. At any level in the formal complaint process, the district will take interim measures to protect the complainant before the final outcome of the district's investigation. The following process will be followed:

Filing of Complaint

- All formal complaints will be in writing and will set forth the specific acts, conditions or circumstances alleged to have occurred and to constitute sexual harassment. The Title IX Coordinator may draft the complaint based on the report of the complainant for the complainant to review and approve. The superintendent or Title IX Coordinator may also conclude that the district needs to conduct an investigation based on information in his or her possession, regardless of the complainant's interest in filing a complaint.
- The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005.
- Complaints may be submitted by mail, fax, e-mail or hand-delivery to the Title IX Coordinator,

Title IX/Civil Rights Compliance Coordinator.

509-258-4535 (2195)

- Any district employee who receives a complaint that meets these criteria will promptly notify the Coordinator.

Investigation and Response

- The Title IX Coordinator will receive and investigate all formal, written complaints of sexual harassment or information in the coordinator's possession that they believe requires further investigation. The Coordinator will delegate his or her authority to participate in this process if such action is necessary to avoid any potential conflicts of interest. Upon receipt of a complaint, the Coordinator will provide the complainant a copy of this procedure.
- Investigations will be carried out in a manner that is adequate in scope, reliable and impartial. During the investigation process, the complainant and accused party or parties, if the complainant has identified an accused harasser(s), will have an equal opportunity to present witnesses and relevant evidence. Complainants and witnesses may have a trusted adult with them during any district-initiated investigatory activities. The school district and complainant may also agree to resolve the complaint in lieu of an investigation.
- When the investigation is completed, the Coordinator will compile a full written report of the complaint and the results of the investigation.

Superintendent Response

- The superintendent will respond in writing to the complainant and the alleged perpetrator within thirty (30) calendar days of receipt of the complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the complainant in writing of the reason for the extension and the anticipated response date. At the time the district responds to the complainant, the district must send a copy of the response to the office of the superintendent of public instruction.
- The response of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) a statement as to whether a preponderance of the evidence establishes that the complainant was sexually harassed ; 3) if sexual harassment is found to have occurred, the corrective measures the district deems necessary, including assurance that the district will take steps to prevent recurrence and remedy its effects on the complainant and others, if appropriate; 4) notice of the complainant's right to appeal to the school board and the necessary filing information; and 5) any corrective measures the district will take, remedies for the complainant (e.g., sources of counseling, advocacy and other support), and notice of potential sanctions for the perpetrator(s) (e.g., discipline).
- The superintendent's or designee's response will be provided in a language the complainant can understand and may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964. If the complaint alleges discriminatory harassment by a named party or parties, the coordinator will provide the accused party or parties with notice of the outcome of the investigation and notice of their right to appeal any discipline or corrective action imposed by the district.
- Any corrective measures deemed necessary will be instituted as quickly as possible, but in no event more than thirty (30) days after the superintendent's mailing of a written response, unless the accused is appealing the imposition of discipline and the district is barred by due

process considerations or a lawful order from imposing the discipline until the appeal process is concluded. Staff may also pursue complaints through the appropriate collective bargaining agreement process or anti-discrimination policy.

- The district will inform the complainant how to report any subsequent problems. Additionally, the district will conduct follow-up inquiries to see if there have been any new incidents or instances of retaliation, and to promptly respond and appropriately address continuing or new problems. Follow-up inquiries will follow a timeline agreed to by the district and complainant.

Level Two -Appeal to Board of Directors

Notice of Appeal and Hearing

- If a complainant disagrees with the superintendent's or designee's written decision, the complainant may appeal the decision to the district board of directors, by filing a written notice of appeal with the secretary of the board within ten (10) calendar days following the date upon which the complainant received the response. :
- The board will schedule a hearing to commence by the twentieth (20th) calendar day following the filing of the written notice of appeal, unless otherwise agreed to by the complainant and the superintendent or for good cause.
- Both parties will be allowed to present such witnesses and testimony as the board deems relevant and material.

Decision

- Unless otherwise agreed to by the complainant, the board will render a written decision within thirty (30) calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision.
- The decision will be provided in a language that the complainant can understand which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the Civil Rights Act.
- The decision will include notice of the complainant's right to appeal to the Superintendent of Public Instruction and will identify where and to whom the appeal must be filed. The district will send a copy of the appeal decision to the office of the superintendent of public instruction.

Level Three - Complaint to the Superintendent of Public Instruction

Filing of Complaint

- If a complainant disagrees with the decision of the board of directors, or if the district fails to comply with this procedure, the complainant may file a complaint with the Superintendent of Public Instruction.
- A complaint must be received by the Superintendent of Public Instruction on or before the twentieth (20) calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
- A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-sexual harassment laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) A proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.

Investigation, Determination and Corrective Action

- Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board.
- Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district that addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.
- All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four - Administrative Hearing

A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty (30) calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

Mediation

At any time during the complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be used to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not: 1) Be an employee of any school district, public charter school, or other public or private agency that is providing education related services to a student who is the subject of the complaint being mediated; or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint, due process hearing or civil proceeding. The agreement must be signed by the complainant and a district representative who has authority to bind the district.

Training and Orientation

A fixed component of all district orientation sessions for staff, students and regular volunteers will introduce the elements of this policy. Staff will be provided information on recognizing and preventing sexual harassment. Staff will be fully informed of the formal and informal complaint processes and their roles and responsibilities under the policy and procedure.

Certificated staff will be reminded of their legal responsibility to report suspected child abuse, and how that responsibility may be implicated by some allegations of sexual harassment. Regular volunteers will get the portions of this component of orientation relevant to their rights and responsibilities.

Students will be provided with age-appropriate information on the recognition and prevention of sexual harassment and their rights and responsibilities under this and other district policies and rules at student orientation sessions and on other appropriate occasions, which may include parents.

As part of the information on the recognition and prevention of sexual harassment staff, volunteers, students and parents will be informed that sexual harassment may include, but is not limited to:

- Demands for sexual favors in exchange for preferential treatment or something of value;
- Stating or implying that a person will lose something if he or she does not submit to a sexual request;
- Penalizing a person for refusing to submit to a sexual advance, or providing a benefit to someone who does;
- Making unwelcome, offensive or inappropriate sexually suggestive remarks comments, gestures, or jokes; or remarks of a sexual nature about a person's appearance, gender or conduct;
- Using derogatory sexual terms for a person;
- Standing too close, inappropriately touching, cornering or stalking a person; or
- Displaying offensive or inappropriate sexual illustrations on school property.

Policy and Procedure Review

Annually, the superintendent or designee will convene an ad hoc committee composed of representatives of certificated and classified staff, volunteers, students and parents to review the use and efficacy of this policy and procedure. The Title IX/Civil Rights Compliance Coordinator will be

included in the committee. Based on the review of the committee, the superintendent will prepare a report to the board including, if necessary, any recommended policy changes. The superintendent will consider adopting changes to this procedure if recommended by the committee.

5010-1 Procedure-Resolving Equal Employment Opportunity Complaints

Nondiscrimination

To ensure fairness and consistency, the following grievance procedure is to be used in the district's relationship with its staff with regard to employment problems covered by state and federal equal employment opportunity laws and/or this affirmative action program. No staff member's status with the district will be adversely affected in any way because the staff member utilized these procedures. As used in their procedure, "grievance" will mean a complaint which has been filed by a complainant relating to alleged violations of any state or federal anti-discrimination laws. A "complaint" will mean a charge alleging specific acts, conditions or circumstances which are in violation of the anti-discrimination laws. A "respondent" will mean the person alleged to be responsible or who may be responsible for the violation alleged in the complaint.

The primary purpose of this procedure is to secure an equitable solution to a justifiable complaint to this and the following steps will be taken.

Grievance Procedure

To ensure fairness and constancy, the following review procedures are to be used in the district's relationship with its staff with regard to employment problems covered by state and federal equal employment opportunity laws and/or this affirmative action program. No staff member's status with the district will be adversely affected in any way because the staff member utilized these procedures.

- A. **Grievance** means a complaint which has been filed by an employee relating to alleged violations of any state or federal anti-discrimination laws.
- B. **Complaint** means a written charge alleging specific acts, conditions or circumstances, which are in violation of the anti-discrimination laws. The time period for filing a complaint is one year from the date of the occurrence that is the subject matter of the complaint. However, a complaint filing deadline may not be imposed if the complainant was prevented from filing due to: 1) Specific misrepresentations by the district that it had resolved the problem forming the basis of the complaint; or 2) Withholding of information that the district was required to provide under WAC 392-190-065 or WAC 392-190-005. Complaints may be submitted by mail, fax, e-mail or hand-delivery to any district, school or to the district compliance officer responsible for investigating discrimination complaints. Any district employee who receives a complaint that meets these criteria will promptly notify the compliance officer.
- C. **Respondent** means the person alleged to be responsible or who may be responsible for the violation alleged in the complaint. The primary purpose of this procedure is to secure and equitable solution to a justifiable complaint. To this end, specific steps will be taken. The district is prohibited by law from intimidating, threatening, coercing or discrimination against any individual for the purpose of interfering with their right to file a grievance under this procedure and form retaliating against an individual for filing such a grievance.

- A. **Informal Process for Resolution** When a staff member has an employment problem concerning equal employment opportunity, he/she will discuss the problem with the immediate supervisor, personnel director or superintendent within 60 days of the circumstances which gave rise to the problem. The staff member may also ask the compliance officer to participate in the informal review procedure. It is intended that the informal discussion will resolve the issue. If the staff member feels he/she cannot approach the supervisor because of the supervisor's involvement in the alleged discrimination, the staff member may directly contact the compliance officer before pursuing formal procedures. If the discussion with the officer or immediate supervisor does not resolve the issue the staff member may proceed to the formal review procedures. During the course of the informal process, the district will notify complainant of their right to file a formal complaint.

B. Formal Process for Resolution

Level One: Complaint to District. The complaint must set forth the specific acts, conditions, or circumstances alleged to be in violation. Upon receipt of a complaint, the compliance officer will provide the complainant a copy of this procedure. The compliance officer will investigate the allegations within 30 calendar days. The school district and complainant may agree to resolve the complaint in lieu of an investigation. The officer will provide the superintendent with a full written report of the complaint and the results of the investigation.

The superintendent or designee will respond to the complainant with a written decision as expeditiously as possible, but in no event later than 30 calendar days following receipt of the written complaint, unless otherwise agreed to by the complainant or if exceptional circumstances related to the complaint require an extension of the time limit. In the event an extension is needed, the district will notify the complainant in writing of the reason for the extension and the anticipated response date. At the time the district responds to the complainant, the district must send a copy of the response to the office of the superintendent of public instruction.

The decision of the superintendent or designee will include: 1) a summary of the results of the investigation; 2) whether the district has failed to comply with anti-discrimination laws; 3) in non-compliance is found, corrective measures the district deems necessary to correct it; and 4) notice of the complainant's right to appeal to the school board and the necessary filing information. The superintendent's or designee response will be provided in a language the complainant can understand and may require language assistance for complaints with limited English proficiency in accordance with Title VI of the Civil Rights Act of 1964.

Any corrective measures deemed necessary will be instituted as expeditiously as possible, but in no event later than 30 calendar days following the superintendent's mailing of a written response to the complaining party unless otherwise agreed to by the complainant.

Level Two- Appeal to Board of Directors. If a complainant disagrees with the superintendent's or designee's written decision, the complainant may file a written notice of appeal with the secretary of the board within ten calendar days following the date upon which the complainant received the response. The board will schedule a hearing to commence by the twentieth calendar day following the filing of the written notice of appeal unless otherwise agreed to by the complainant and the superintendent or for good cause. Both parties will be allowed to present such witnesses and testimony as the board deems relevant and material. Unless otherwise agreed to by the complainant, the board will render a written decision within thirty calendar days following the filing of the notice of appeal and provide the complainant with a copy of the decision. The decision of the board will be provided in a language the complainant can understand, which may require language assistance for complainants with limited English proficiency in accordance with Title VI of the civil Rights Act. The decision will include notice of the complainant's right to appeal to the superintendent of public instruction and will identify where and to whom the appeal must be filed. The district will send a copy of the appeal decision to the office of the superintendent of public instruction.

Level Three- Complaint to the Superintendent of Public Instruction. If a complainant disagrees with the decision of the board of directors, or if the district fails to comply with this procedure, the complainant may file a complaint with the superintendent of public instruction.

1. A complaint must be received by the Superintendent of Public Instruction on or before the twentieth calendar day following the date upon which the complainant received written notice of the board of directors' decision, unless the Superintendent of Public Instruction grants an extension for good cause. Complaints may be submitted by mail, fax, electronic mail, or hand delivery.
2. A complaint must be in writing and include: 1) A description of the specific acts, conditions or circumstances alleged to violate applicable anti-discrimination laws; 2) The name and contact information, including address, of the complainant; 3) The name and address of the district subject to the complaint; 4) A copy of the district's complaint and appeal decision, if any; and 5) a proposed resolution of the complaint or relief requested. If the allegations regard a specific student, the complaint must also include the name and address of the student, or in the case of a homeless child or youth, contact information.
3. Upon receipt of a complaint, the Office of the Superintendent of Public Instruction may initiate an investigation, which may include conducting an independent on-site review. OSPI may also investigate additional issues related to the complaint that were not included in the initial complaint or appeal to the superintendent or board. Following the investigation, OSPI will make an independent determination as to whether the district has failed to comply with RCW 28A.642.010 or Chapter 392-190, WAC and will issue a written decision to the complainant and the district addresses each allegation in the complaint and any other noncompliance issues it has identified. The written decision will include corrective actions deemed necessary to correct noncompliance and documentation the district must provide to demonstrate that corrective action has been completed.

All corrective actions must be completed within the timelines established by OSPI in the written decision unless OSPI grants an extension. If timely compliance is not achieved, OSPI may take action including but not limited to referring the district to appropriate state or federal agencies empowered to order compliance.

A complaint may be resolved at any time when, before the completion of the investigation, the district voluntarily agrees to resolve the complaint. OSPI may provide technical assistance and dispute resolution methods to resolve a complaint.

Level Four- Administrative Hearing. A complainant or school district that desires to appeal the written decision of the Office of the Superintendent of Public Instruction may file a written notice of appeal with OSPI within thirty calendar days following the date of receipt of that office's written decision. OSPI will conduct a formal administrative hearing in conformance with the Administrative Procedures Act, Chapter 34.05, RCW.

C. Mediation

At any time during the discrimination complaint procedure set forth in WAC 392-190-065 through 392-190-075, a district may, at its own expense, offer mediation. The complainant and the district may agree to extend the discrimination complaint process deadlines in order to pursue mediation.

The purpose of mediation is to provide both the complainant and the district an opportunity to resolve disputes and reach a mutually acceptable agreement through the use of an impartial mediator. Mediation must be voluntary and requires the mutual agreement of both parties. It may be terminated by either party at any time during the mediation process. It may not be used to deny or delay a complainant's right to utilize the complaint procedures.

Mediation must be conducted by a qualified and impartial mediator who may not: 1) Be an employee or any school district, public charter school, or their public or private agency that is providing education related services to a student who is the submit of the complaint being mediated: or 2) Have a personal or professional conflict of interest. A mediator is not considered an employee of the district or charter school or other public or private agency solely because he or she serves as a mediator.

If the parties reach agreement through mediation, they may execute a legally binding agreement that sets forth the resolution and states that all discussions that occurred during the course of mediation will remain confidential and may not be used as evidence in any subsequent complaint due process hearing or civil proceeding. The agreement must be signed by the complainant and district representative who has authority to bind the district.

D. Preservation of Records

The files contain copies of all correspondence relative to each complaint communicated to the district and the disposition, including any corrective measures instituted by the district, will be retained in the office of the district compliance officer for a period of 6 years.

APPENDIX

Policy: 2022 Section: 2000 - Instruction Electronic Resources and Internet Safety

The Board of Directors recognizes that an effective public education system develops students who are globally aware, civically engaged, and capable of managing their lives and careers. The board also believes that staff and students need to be proficient and safe users of information, media, and technology to succeed in a digital world. Electronic Resources The district will develop and use electronic resources as a powerful and compelling means for students to learn core subjects and applied skills in relevant and rigorous ways and for staff to educate them in such areas of need. It is the district's goal to provide students with rich and ample opportunities to use technology for important purposes in

1/8/2021 11:03 AM

schools just as individuals in workplaces and other real-life settings use these tools. The district's technology will enable educators and students to communicate, learn, share, collaborate and create; to think and solve problems; to manage their work; and to take ownership of their lives. The building principal and technology director will: 1) create strong electronic resources and develop related educational systems that support innovative teaching and learning; 2) provide appropriate staff development opportunities regarding this policy; and 3) develop procedures to support this policy. The superintendent or designee is authorized to develop procedures and acceptable use guidelines for staff and students as to use of district electronic resources, including those that access Internet and social media, and to regulate use of personal electronic resources on district property and related to district activities. Internet Safety to help ensure student safety and citizenship with electronic resources, all students will be educated about Internet safety. This will include appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms, and cyberbullying awareness and response. To promote Internet safety and appropriate online behavior of students and staff as they use electronic resources and access material from the Internet, the superintendent or designee is authorized to develop or adopt Internet safety procedures, acceptable use guidelines, and, for students, related instructional materials for every grade level. The superintendent or designee in evaluating such procedures and instructional materials should take into account District electronic resources, community norms, privacy rights, responsible use, and issues of concern with student or staff use of electronic resources. As a component of district Internet safety measures, all district-owned electronic resources, including computer networks and Wi-Fi, in all district facilities capable of accessing the Internet must use filtering software to prevent access to obscene, racist, hateful or violent material. However, given the ever-changing nature of the Internet, the district cannot guarantee that a student will never be able to access objectionable material. Further, when students use the Internet from school facilities for educational purposes, district staff will make a reasonable effort to supervise student access and use of the internet. If material is accessed that violates district policies, procedures or student guidelines for electronic resources or acceptable use, district staff may instruct the person to cease using that material and/or implement sanctions consistent with district policies, procedures, guidelines, or student codes of conduct. Policy: 2162 Section: 2000 - Instruction Education of Students with Disabilities under Section 504 of the Rehabilitation Act of 1973

It is the intent of the district to ensure that students who are disabled within the definition of Section 504 of the Rehabilitation Act of 1973 are identified, evaluated and provided with appropriate educational services. Students may be disabled under this policy even though they are not eligible for services pursuant to the Individuals with Disabilities Education Act (IDEA). Section 504 of the Rehabilitation Act of 1973 is a civil rights law which protects the rights of individuals with disabilities in programs and activities that receive federal financial assistance from the U.S. Department of Education. A child is a "qualified disabled person" under Section 504 if he or she: A. Has a physical or mental impairment that substantially limits one or more major life activities (such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, reading, concentrating, thinking, communicating and working), has a record of such an impairment, or is regarded as having such an impairment; and B. Is between the ages of 3 to 21 years old. The district will comply with the federal policies that require free appropriate public education, Child Find, equal educational opportunity, confidentiality of information, parent involvement, participation in least restrictive environment, evaluations, placement, reevaluation, programming to meet individual needs, placement procedures, nonacademic services, preschool and adult education programs, disciplinary exclusion, transportation, procedural requirements, appropriate funding, accessibility, special issues related to drug or alcohol addicted students, special considerations for students having AIDS or HIV infection, and special issues related to ADD/ADHD students. Policy: 3224 Section: 3000 - Students Student Dress

Preserving a beneficial learning environment and assuring the safety and well-being of all students are primary concerns of the Board of Directors. Students' choices in matters of dress should be made in consultation with their parents. Student dress will only be regulated when, in the judgment of school administrators, there is a reasonable expectation that: A. A health or safety hazard will be presented by the student's dress or appearance including possible membership in a gang or hate groups; B. Damage to school property will result from the student's dress; or C. A material and substantial disruption of the educational process will result from the students' dress or appearance. For the purpose of this policy, a material and substantial disruption of the educational process may be found to exist when a student's conduct is inconsistent with any part of the educational mission of the school district. Prohibited conduct includes the use of lewd, sexual, drug, tobacco or alcohol-related messages, or gang-related apparel. The uniforms of nationally recognized youth organizations, and clothing worn in observance of a student's religion, are not subject to this policy. The superintendent will establish procedures providing guidance to students, parents, and staff regarding appropriate student dress in school or while engaging in extracurricular activities. Such procedures will ensure that any student wearing, carrying, or displaying gang-related apparel, or exhibiting behavior or gestures which symbolize gang membership, or causing and/or participating in activities which intimidate or affect the attendance of another student will be asked, with notice to his or her parents, to make appropriate corrections and be subject to discipline if the corrections are not undertaken. Policy: 3413 Section: 3000 - Students Student Immunization and Life Threatening Health Conditions Immunizations

In order to safeguard the school community from the spread of certain communicable diseases and in recognition that prevention is a means of combating the spread of disease, the board requires a student to present evidence of his/her having been immunized against diseases as required by the State Board of Health. Life-Threatening Health Conditions Prior to attendance at school, each child with a life-threatening health condition will present a medication or treatment order addressing the condition. A life threatening health condition means a condition that will put the child in danger of death during the school day if a medication or treatment order providing authority to a registered nurse and nursing plan are not in place. Following submission of the medication or treatment order, a nursing plan will be developed. Students who have a life-threatening health condition and no medication or treatment order presented to the school will be excluded from school, to the extent that the district can do so consistent with federal requirements for students with disabilities under the Individuals with Disabilities Education Act (IDEA) and Section 504 of the Rehabilitation Act of 1973, and according to the following due process requirements: A. The hearing process will be consistent with the procedures established for disciplinary cases pursuant to Chapter 392-400 WAC.
