LEO BIRTHDAY MESSAGES YIPPEE!!!

HAPPY BIRTHDAY POOKIE!!!! You didn't see this coming now, did ya? I hope you enjoyed this MEP bc I thought long and hard about coming up with a good theme from the song I picked from your playlists. Tbh, hosting this was just a silly excuse for me to edit my favorite Arctic Monkeys song. I saw "Why'd You Only Call Me When You're High?" and I CAVEDDD!!! Song of all time, so I had to do something about that. I also remember you mentioning like 2 years back that you're really fond of brown color schemes and went with it as I was conceptualizing. And ofc it had to be vintage and old-timey cuz why the fuck would it not? Hello?? Anywho, about the parts, it's great to start it off with Reigen for the intro knowing that THE ugly tumblr sexyman (/aff) inspired ur username. Vashwood was GUARANTEED to be there, and edited by... yours truly :3c I host/join a bday MEP and immediately use the celebrant's goat favs, happens all the time! And ofc I had to take a split as well to edit one of your OCs. First OC edit ever for my first and biggest fan. I'm so happy you've stuck around with me since day 1 when I began uploading MEP parts and joining the community. You also never forgot about me when I was in my mental health slump aka my 1-year hiatus so I gotta thank you for that. You're also not just super loyal for being my first MEPtube friend but also one of the sweetest people I met online! Even if you aren't as active on Discord (bc i get it, shit's overwhelming), it still brightens my day whenever we interact, even thru comments on YT. I really love you sm Leo /p. I hope you'll lore dump and yap about ur OCs soon & maybe one day i'll get into VTSOM <3

- ***Much love, Jesse / Kuhwouyeii (ur favorite Aziracrow hoarder)***
