

Social Justice Annual Report

June 10, 2023

UUCOB Social Justice Committee's 2023 Planning Meeting was held December 4, 2022 and the following actions/objectives were decided.

To focus on UU's first and second principles, the members aspire to enhance UUCOB's inclusion through information on other religions, philosophies, cultures, race, sexual orientation/identification. To accomplish this focus, the following has been accomplished.

1. The Social Justice Committee collaborated with the Worship Committee to plan programs in social justice areas.
2. The congregation was surveyed to gather its input of UUCOB's social justice responsibilities and activities.
3. Vivian Lord communicated with FAITH's Executive Director and helped with FAITH's writing/calling campaign to County Council Jeff Brower to request placing the affordable housing trust fund ordinance on the County Council's agenda.
4. The congregation is informed through the monthly Jotter of relevant areas through such avenues as UU for Social Justice and League of Women Voters.
5. A spreadsheet of potential churches with which UUCOB might consider future collaboration in a variety of activities was completed.

Vivian Lord
Chair of Social Justice
