- ★ *This price sheet is for personal commissions only. If you are corresponding on behalf of a company, want to use artwork for a commercial project on a bigger scale or want to license my art, please inquire via demonanivia(at)gmail.com*

How to request a commission:

1. Please fill out the form and send to: demonanivia(at)gmail.com
2. If you have Discord or twitter and prefer to hold further discussion there, please provide a corresponding handle along with the form.
3. I will check your form and reply within 2 days if I can accept the commission.
4. Please don't send me commission forms via social media DM's, it's easy to lose them this way.

FORM:

1. **Type of commission + drawing style:**
2. **Content of the commission:**
3. **Character's name + personality traits, likes, dislikes:**
4. **References:** (descriptions, photos, pictures, drawings, etc.)
5. **Picture size:** (horizontal, vertical, square, landscape?)

If your character is custom design, must add: colours, style of clothes you imagine for the character, reference photos or images, any other notes for the character. *Please include as many reference pictures as you can - this shortens the time I have to use for additional reference search.*

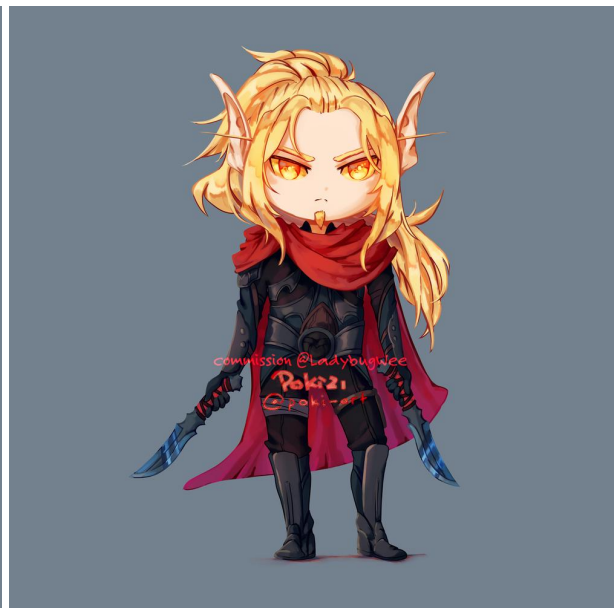

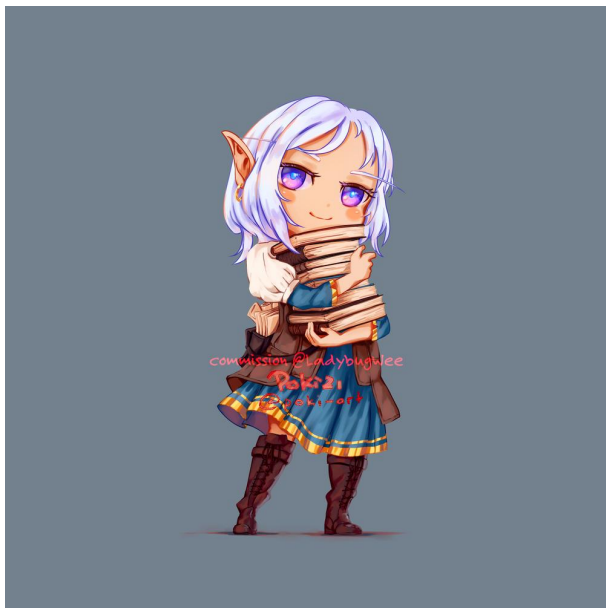

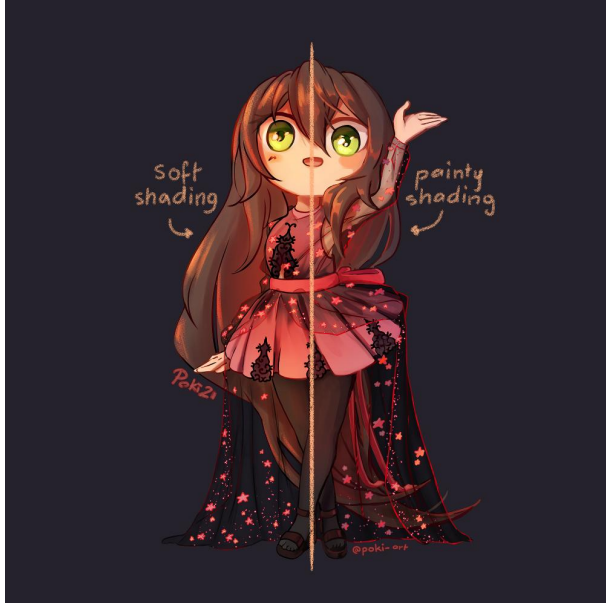

By requesting a commission from me you agree to my Terms of Service:

1. **Commission** (digital copy of the artwork - no physical goods are given) requested with usage of this form is **for private usage only and cannot be used for commercial purposes.** *(Some websites reserve the rights to do anything with the artwork once you post it on their server, so keeping that in mind, please add watermark in case you wish to publish the artwork anywhere on your own).* Please credit me as the author of the artwork in case you publish it online.

2. For fanart commissions - I do not take any legal responsibility if you are found using the artwork for commercial purposes.
3. Payment via paypal only (I will send you my paypal.me link to issue the payment).
4. After initial discussion I start working on the artwork. I will be sending you a sketch (or more) of the artwork. You have the right to decline the request at sketch phase without any charges. I will continue the work only after you approve the final sketch, and at this phase you are requested to pay 50% (unless stated otherwise) of the full price upfront (you can pay full price at this point so I can avoid further paypal fees). No refunds may apply after approving the sketch for completion, regardless of any further cancellation done on your part. I will continue the work only after receiving the payment. The remaining 50% of the price is requested before receiving the final picture.
5. I can cancel the commission at any time and issue full refund of any payment already made for any reason.
6. If you wish to use the artwork for commercial purposes the price will be adjusted anywhere from 1.5x to 3x of the original price, please ask me about it via e-mail!
7. You will receive the final artwork in .PNG files in original size, roughly A4 300 DPI size.

lineart + painty:

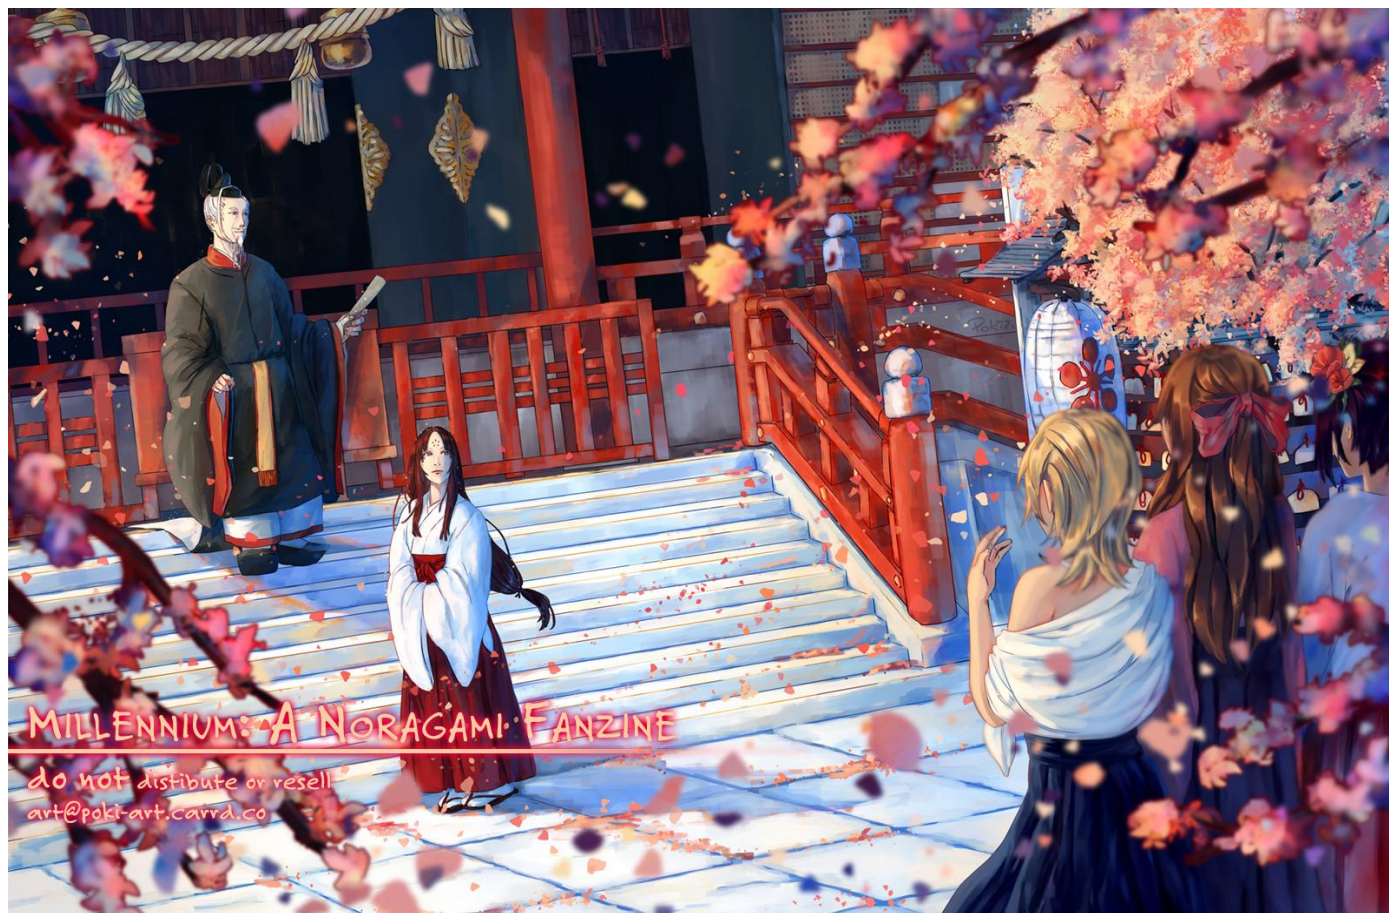

- **drawing style:** lineart + soft shading / lineart + painty
- digital only
- time to finish: 2-4 weeks
- price and time to finish include all concept stages, sketching phases, iterations of sketches and so on; in case where I can process with artwork quicker the time is shortened and price may be reduced; such cases involve instances where designs are very simple and client's idea is clear and can be transferred to canvas without further concept process
- simple background: clouds, sky, simple silhouette of buildings, etc; or just a simple gradient; please specify the mood and setting in your form! if you don't have any ideas but would like to include a simple background, I am more than happy to suggest something;
- assume all of the examples above to be of the minimum price; the price will be higher if your characters have complex designs, if I have to design the characters from scratch or if you request more than 2 characters in one picture.

- **drawing style:** choose something from my gallery as style reference
- digital only; full background

- 06 - PORTRAIT - 85USD

- **drawing style:** as shown in examples above; can request less painty (example on the left - less lines blended with colours) or more painty (example on the right - more lines blended and more blur applied)
