Read the text. Then complete the task.

Reality shows are a very popular form of entertainment on T.V nowadays. In 1989, the first reality program was shown on T.V. There are thousands of different types of programs such as singing, cooking competitions or going to live in a jungle.

Firstly, I think that there is a lot of variety in reality T.V. People at home can choose which types of programme they want to watch depending on what they are interested in. Some people like watching clothes designing or cooking competitions while others, prefer watching programmes about building houses or travelling around the world. In addition, reality T.V programs are a great opportunity to discover talented designers, dancers or chefs. Several people who take part in these programs get jobs, as a result of being on T.V. Another advantage is that the people on the shows have interesting experiences and meet new people.

On the other hand, Some people think that reality T.V is an easy way for them to become famous. However, most successful actors, designers, or chefs have worked hard all their lives and are good at their job because of their hard work. Also sometimes the people on the shows have to do really difficult or dangerous things. The competitions are very hard and there is only one winner. Another disadvantage is that some programs always follow the same format and this can be sometimes boring to watch.

To sum up, I think that reality T.V is good entertainment. There is a lot of variety which means there is something for everyone and they are interesting to watch.

Listening 2

Last Friday we went to the museum with our teacher. There were four people in my group. We drove to the train station and caught the 8:00 train. When we got off the train, it was pouring with rain. First, we met our museum guide Mr Tariq. He took us into the dinosaur exhibition. They were only pretend dinosaurs and the walls were fake but they looked awesome and made loud scary noises.

Next Mr Tariq took us to where the games were. First, my group played Hidden Tombs. It was easy. All you had to do was follow the clues to get through the pyramids maze.

After that we went into a room to watch a video, it was called " mummies room".

Grade 8

While we were watching a video about mummies, Mr Tariq gave us a sheet to do. Finally, we returned to school at 1:00. It was time to go home. I loved going to the museum. It was the best excursion I have been on.
