

Breakout EDU

It's time for something different in learning.

Breakout EDU creates ultra-engaging learning games for people of all ages. Breakouts teach teamwork, problem solving, critical thinking, and troubleshooting by presenting participants with challenges that ignite their natural drive to problem-solve.

Breakouts are perfect for classrooms, staff trainings, dinner parties, and at home with the family! At the end of a Breakout, your players will be eager for the next! Speciality K-12 Breakouts can be used to teach core academic subjects including math, science, history, language arts and have embedded standards that apply problem solving strategies within a real world OR collaborative context.

Monday and Tuesday

Come participate in a breakout designed and facilitated by a 5th grader from Eminence, Kentucky and 6th grader from Nevada, Iowa. Their game is based on
