

Your privacy is important to us. This policy explains how Water Reminder handles your information. Effective Date: January 2026

Information We Collect Water Reminder does not collect, store, or share any personal information. All data related to your hydration tracking (daily goals, water intake, history, and preferences) is stored locally on your device only.

Data Storage All app data is stored locally on your device using secure storage mechanisms. This data never leaves your device and is not transmitted to any servers or third parties.

No Account Required Water Reminder does not require you to create an account or provide any personal information to use the app. You can start tracking your water intake immediately.

Notifications If you enable notifications, they are scheduled locally on your device. We do not collect any information about notification interactions or usage patterns.

Third-Party Services This app does not integrate with any third-party analytics, advertising, or tracking services. Your usage of the app remains completely private.

Data Deletion Since all data is stored locally on your device, you can delete all app data by uninstalling the application or clearing the app data through your device settings.

Changes to This Policy We may update this privacy policy from time to time. Any changes will be reflected in the app with an updated effective date.

Contact Us If you have any questions about this privacy policy, please contact us at almuthanaxq77@icloud.com.
