These questions are aimed at making sure you realize the extra responsibilities that come with adopting a dog, to help you determine what type of dog you are looking for, and to assist us in finding the right dog for you. For example, if the dog you are seeking is to be a 24-hour inside dog then an outside active dog would not be appropriate.

Please ensure you include all relevant information in this application. Only information which is provided in this application will be considered in assessing suitability of your chosen dog(s). Please understand that popular dogs may receive more than 20 applications, and we only telephone at the most three applicants. We must make our decision on whom to contact from the information you give us. If you are not one of those called, this does not mean you are not a good applicant, but based on the information you gave us you do not seem the best match for this particular dog. If you are not naturally a wordy person, we appreciate it can be difficult, but please try. This application can then be used for any other of our dogs or cats on the same basis.

ADOPTION FEE:

This Fee is established depending on the size of the dog adopted and the Airline fee out of Mexico. It runs between the \$600.00 USD and the \$800.00 USD.

Included are all the tests, vaccines, spayed/neutered and other interventions the dog might have to travel safely.
