If you are not completing online registration, please PRINT and **complete all** requested information using the registration form at the end of the course guide. A separate form is required for each child: *Return to the Elementary School by April 18th*

Sheboygan Falls Elementary Summer School

Grades: Entering Kindergarten through 5th grade

Location: Elementary School, 1 Alfred Miley Way, Sheboygan Falls

Telephone: 920-467-7820

Program Description

Learning doesn't need to take a vacation this summer! Keep your brain at the top of its game by enrolling in summer school. We have classes that will keep your skills sharp for your next grade, explore new learning, and stimulate imagination and creativity. Join us for three fun-filled weeks in June for high-interest, motivating classes designed for students who will be entering kindergarten through fifth grade. Classes blend skills maintenance and enrichment activities with core subject curriculum. FREE OF CHARGE for district students. **Class size will be capped at 20 students per section.**

Schedule

Classes meet June 12th through June 30th, Monday through Friday. Classes will provide students with various learning opportunities and will meet from 8:00 a.m-12:00 p.m.

Transportation

Bussing before and after summer school courses will be available from FOUR designated pick-up/drop-off sites. **Students can ride the school bus to and from the Sheboygan Falls Elementary School from the pick-up/drop-off sites including:**

- (1) the corner of Amherst Avenue and Cambridge Court in Sheboygan Falls;
- (2) Memorial Hall, 308 West 1st Street, Waldo;
- (3) the Sheboygan Falls YMCA;
- (4) Middle School playground (before class)/Sheboygan Falls Boys and Girls Club (after school)

Busses will only stop at these sites. Drop-off and pick-up times will be determined by ridership. **Buses will run before 8:00 AM and after 12:00 P.M. only.** There is no charge for the use of summer school transportation. Please indicate if your student will use transportation on the registration form in order to reserve a seat on the bus.

Nursing

No school nursing services will be available during summer school.

STUDENT DROP OFF AND PICKUP

Unless the parent or guardian needs to come into the building to meet with a staff person, they should not bring their children into the building. To help students learn independence, they need to line up and enter with all other students. Students who are being picked up after school are dismissed at the northeast Atrium door, number 1. This is at the pick up/drop off circle. Remember that if you are going to get out of your car to pick up your child, you cannot park in the drop off circle. At no time will students be allowed to cross a street or walk through a parking lot without an adult. When students are dropped off they are expected to walk to the playground on the outside sidewalks. They should not go through the building to get to the playground.

Summer School Breakfast and Lunch Program

Breakfast and lunch will be served each morning for students wishing to have the items. The need for a nutritious breakfast and lunch doesn't take a summer vacation! The Sheboygan Falls Food Service will again offer a Grab 'n' Go breakfast served at 7:45 A.M. before classes begin. A nutritional bag lunch, which the students take home, will also be offered.

Cost:

Breakfast - \$1.55/day = \$23.25 for 15 days (Free/Reduced = \$0.00)

Lunch - \$2.25/day = \$33.75 for 15 days (Reduced - \$0.40/day = \$6.00 for 15 days, Free = \$0.00)

Milk Only = \$0.35 per carton

Breakfast and Lunch can be purchased through the automated food service account.

Money can be added to your student's account in Infinite Campus via the Parent Portal.

If you do not use the Infinite Campus food service account, simply include a check with your registration materials. Please indicate if your student will take advantage of the lunch or breakfast program on the registration form. Students qualified for free and reduced meals during the school year will continue to be eligible during summer school and will be notified of their eligibility with their registration confirmation.

Registration - Register online at <https://goo.gl/UDdvhB>

Complete online registration by April 18th or drop off paper registration forms at:

Sheboygan Falls Elementary School

One Alfred W. Miley Avenue

Sheboygan Falls, WI 53085.

Registration Confirmation

A registration confirmation letter will be sent home when course scheduling has been completed shortly after April 18th.

June Session Course Descriptions

Adventures in Art

Grade Level: K-2

Teacher: Gina Schibur

Create a passport and prepare to travel the world! We will visit various countries and, using a variety of techniques, create works of art that portray those countries' history and culture.

Animation Station

Grade Level: 3-5

Teacher: Rocky Hoes

Do you often daydream of brave superheros, dragon warriors, or magical princesses? You can make all of these wonderful characters come to life with the use of stop-motion animation. In this class you will put your art skills, writing talents, and big imagination to the test with the creation of multiple animated "movies". Movies will then be uploaded to a private Youtube account for all to enjoy. See you in the Art Room! (15 student maximum)

Animals in Art

Grade Level: 2-5

Teacher: Nicole Bohman

If you're interested in animals and art, this is the class for you! We will learn about animals from all over the world and use our creative minds to work on art projects involving each animal.

Art and Movement

Grade Level: K-5

Teacher: Jodie Miles

Students will learn through the exploration of art and movement by participating in activities that will include designing and creating art projects that are linked to a variety of dance disciplines. Students will also participate in creative movement by participating in yoga and modern dance.

Authors and Art

Grade Level: 2-5

Teacher: Nicole Bohman

Students will explore and read books by various authors. We will then use our creativity to make various crafts and art projects to go along with the book's theme. Students will have the opportunity to write and illustrate their own book.

Books are a Blast!!

Grade Level: K-2 **Teacher:** Gina Schibur

Students will participate in a variety of reading, writing, art projects, and activities based on themes developed from children's literature. Book topics will include the beach, camping, bugs, dinosaurs, and more!

Cartoon Animation

Grade Level: 2-5 **Teacher:** Courtney Athorp

Do you want to make your own cartoons? You will learn about the story mapping, characters, setting, animation, and how to take your own stories and animate them using various platforms and technology.

Dance and Pom Basics

Grade Level: 1-2, 3-5 **Teacher:** Michelle Dawson

Do you like to dance to music? Then this class is for you! We'll work on flexibility, spatial awareness, coordination, and rhythm, while we exercise and have fun. You'll learn dance skills and routines through games, activities, and music, and you'll make your own set of poms.

Exploring My Backyard

Grade Level: K-5 **Teacher:** Jodie Miles

Looking for fun, educational things to do this summer? How about tapping into the great outdoors! Students will develop an appreciation for and an understanding of nature. They will participate in some really fun outdoor activities that they will never forget. Activities include: nature walks, looking for wildlife, making cool summer crafts, and "playing backyard" games.

Einstein Meets Picasso

Grade Level: K-2 **Teacher:** Jaclyn Uithoven

Do you love science AND art? In this class you get to do them both! We will learn about fun science topics, such as, dinosaurs, weather, animals, insects and more. We will be conducting exciting experiments and making creative art projects. If you like doing and creating, this is the class for you.

Fitness Follies

Grade Level: K-2, 3-5 **Teacher:** Kevin Miles

Explore the adventures of playing highly active fun games every day! Each class will set fitness goals and work on those goals with a team. You will have loads of fun.

Games, Games and More Games!!!

Grade Level: K- 2

Teacher: Jaclyn Uithoven

We will do it all from UNO to Kickball! There will be board games, card games, active games, silly games, old games, new games, and learning games.

Games Galore

Grade Level: K-2, 3-5

Teacher: Michelle Dawson

Unfold some fun and deal out a little friendly competition! Put down the electronic games and try out a wide variety of card and board games.

Healthy Living

Grade Level: 1-5

Teacher: Katelyn Webster

Learn how to be a healthy kid in all areas of your life. We will learn how to keep our bodies healthy by exercise and eating well, our brains healthy by reading and challenging them, and our emotions healthy by finding ways to relieve stress. We want to build healthy habits that we can continue our entire life.

Magical World of Adventure

Grade Level: K-2, 3-5

Teacher: Katelyn Webster

Dive into the Magical World of adventure and stories! We will have a great time creating fun crafts, playing adventure themed games, and enjoying some of our favorite movie moments.

Makerspace

Grade Level: K-2, 3-5

Teacher: Sally Haines

"MakerSpace" will give students the opportunity to unleash their imaginations through creating, building, and designing with raw materials and technology. Students will create based on specific design challenges and through open-ended free design time.

Mural Painting

Grade Level: 3-5

Teacher: Rocky Hoes

Like art? Love painting? Well, sign up to join Mr. Hoes' Mural Club and you will get the very special chance to add your part in painting a wall size mural in the school that will last for years and be seen by many! *Supplies needed by students (VERY IMPORTANT)- your imagination, hard work, and a bright smile. (15 student maximum)

Musical Theater

Grade Level: K-5

Teachers: Sally Haines

The Summer School Musical Theater class will be immersed in all aspects of musical theater production. The students will write the script, make the props, create the set, make up choreography, plan costumes, and perform their very own musical theater production. The students will write a script and produce a mini-musical based on a favorite children's book.

Nature Art

Grade Level: 2-5

Teacher: Nicole Bohman

If you enjoy nature and art, this is the class for you! We will be using the great outdoors for our artistic inspiration! We will gather and collect items from nature to use in our projects and explore ways we can reuse everyday items in our art projects as well.

Once Upon A Fairy Tale

Grade Level: K-2

Teacher: Jodi Hilbelink

Come and join us as we enter a land of princes and princesses, enchanted forests, castles, dragons, and more! Students will explore the magical world of fairy tales with read-alouds, art projects, creative writing, reader's theater, and more.

Programming and Coding

Grade Level: 2-5

Teacher: Marisa Kluth

Do you like to problem solve, make, and create using coding? If so, then join me as we explore and share resources and strategies, including activities, games, and apps that will enhance your knowledge and confidence in programming and coding skills.

Science in Summer

Grade Level: 1-5

Teacher: Courtney Athorp

Students will experience Science by discovering something new and unexpected like real scientists. We will combine strategies used by real scientists to understand science through observation and hands-on experiments. Science experiments will capture the student's attention, imagination, and will stimulate their creative thinking.

Sign Language

Grade Level: 1-5

Teacher: Stacey Rice, Jodie Miles

This course will give students an introduction to basic sign language (the fourth most commonly used language in the United States). The focus of this course will be everyday communication. Students will learn the ASL alphabet and to fingerspell using this knowledge. They will also learn greetings and everyday vocabulary. Music and games will also be incorporated into the sessions.

Story Time, Snacks and Surprises!

Grade Level: K-5

Teacher: Marisa Kluth

Come read, eat, and create with us this summer! Your child will be introduced to cooking and kid-friendly recipes(2 to 3 each week). Throughout this session students will participate in reading many books related to food, make a variety of easy snack recipes, and create food related art projects. They will be actively engaged through hands-on learning focused upon strengthening math and communication arts skills. Read, mix, measure, and eat your way to the best summer ever!

Story Travelers

Grade Level: 1-3

Teacher: Susan Pilgrim

This summer take a trip in a story! We will be exploring a variety of picture books and creating fun projects to go along with the books. We will use the books and projects to help your child practice and strengthen basic comprehension skills. Our "travels" will include art projects, songs, games, poetry, and more!

Summer Reading Camp

Grade Level: 3-4

Teacher: Susan Pilgrim

Do you enjoy reading and learning through books? We will practice reading skills by exploring new stories every day using books, technology, reader's theater, games, and art projects. This class is best suited for students entering 3rd and 4th grades.

August Course Descriptions

Summer STEAM Ahead - Grades 1-2

Dates: July 31st - August 3rd

Time: 8:00 A.M. – 12:00 A.M.

Grades: 1-2

Teachers: Megan Thiel, Amy Loehr

Come join us as we jump start the new school year with **intervention** math and reading to review and get better acquainted with *basic math concepts* and *reading strategies*. This is a great opportunity for students who may struggle with math and reading to get a jump start on the school year. Students will rotate their way around different math and reading stations. Students will become acquainted with basic math concepts found within our current math curriculum in order to boost skill level and confidence. In reading students will practice fluency, comprehension, and other reading strategies. If you have questions as to whether this course might be helpful to your child, please contact your child's current classroom teacher. Both Math And Reading skills will be tied to **Science and Art topics** to make this an engaging four days to get your student ready for the upcoming school year

Summer STEAM Ahead - Grades 3-4

Dates: July 31st - August 3rd

Time: 8:00 A.M. – 12:00 A.M.

Grades: 2-4

Teachers: Nancy Mathieu, Tami Rooker

Come join us as we jump start the new school year with **intervention** math and reading to review and get better acquainted with *basic math concepts* and *reading strategies*. This is a great opportunity for students who may struggle with math and reading to get a jump start on the school year. Students will rotate their way around different math and reading stations. Students will become acquainted with basic math concepts found within our current math curriculum in order to boost skill level and confidence.
