SPARKED CENTER AY 2026-2027

Established in 2016, the SPARKEd Center, founded by Br. Bernard S. Oca FSC, was established to support educational reform. The SPARKEd Center, which is based on St. John Baptist de La Salle's Lasallian mission, carries on the tradition of preparing teachers to handle the changing needs of 21st-century education.

The SPARKEd Center's primary goal is to improve learning for both instructors and students by making it more effective, inclusive, relevant, and engaging. As a recognized source of Continuing Professional Development (CPD), SPARKEd is a vibrant center for innovation and training in education. Our seminars and workshops—spanning curriculum development, educational technology, transformative teaching strategies, and instructional leadership—are designed to empower educators and drive systemic change in Philippine education.

The SPARKEd School Hub, a mentorship network that offers ongoing assistance to both public and private educational institutions nationwide, is a major project within this objective. The SPARKEd Center provides faculty and school leaders with practical coaching, collaborative professional development plan design, and personalized mentoring programs via this platform. The goal is to build capacity and cultivate a culture of continuous improvement in schools.

Among the SPARKEd Center's key service areas are:

- CPD and non-CPD workshops, training, and webinars on curriculum, pedagogy, and technology integration;
- Online and onsite seminar-workshops tailored to specific school needs;
- Customized mentoring and coaching programs for teachers and administrators;
- Consultancy and subscription services through long-term school partnerships.
- School Hubs that launch seminar training workshops in the Visayas and Mindanao islands.

A key component of SPARKEd's philosophy is collaboration. The SPARKEd Center is privileged to work with leading institutions and organizations, including Microsoft, Power Mac Center, the Department of Education, the Professional Regulation Commission, and various educational networks that share its commitment to transformative teaching and learning. In addition, the Center closely collaborates with De La Salle Philippines (DLSP) and the Lasallian Schools Supervision Office (LASSO) in providing professional development and capacity-building programs for La Salle Schools and La Salle-supervised

schools across the country. These strategic partnerships broaden the SPARKEd Center's reach and impact, ensuring that educators from diverse educational contexts have access to innovative resources, relevant training, and sustained support that empower them to thrive in an evolving educational landscape.

More than just a training facility, SPARKEd is a movement that uses inspired leadership, meaningful collaboration, and empowered teaching to reinvent and revitalize education.
