FOR IMMEDIATE RELEASE

[Chapter Name] offers Global Health and Premed Experience in [Brigade Country]

[Your Chapter's City, State] - [Date] - Leaders at [University] announce the opportunity for students to participate in a volunteer travel program to [Brigade Country] through Global Medical Brigades. This unique experience allows students to gain hands-on clinical experience while providing much-needed healthcare services to communities.

From [Start Date] to [End Date], [University] students will travel to [Brigade Country] and work alongside local healthcare providers at a mobile medical and dental clinic. Students from various majors, including pre-med, nursing, public health, and other health sciences, will have the chance to take vital signs, triage patients, shadow licensed physicians, dentists, and more.

[Insert brief quote from Chapter Leader or volunteer here]

The financial commitment for the 7-day program is [insert Donation Goal here] per student, which includes roundtrip airfare, accommodations, meals, transportation, all program activities, and funding on-the-ground teams that implement sustainable development programs year-round. Scholarships and fundraising opportunities are available to help offset the cost.

Spots are limited, so interested students are encouraged to apply soon. The application deadline is [Deadline Date]. For more information and to apply, please contact [insert Chapter Leader email].

About Global Medical Brigades

Global Medical Brigades is an international movement of students and medical professionals working alongside local communities and staff to implement sustainable health systems. We work in under-resourced communities in Honduras, Panama, Guatemala, Ghana, Belize, and Greece that would otherwise have limited to no access to health care. Medical Brigades are 7 to 9-day programs that support sustainable in-country medical clinics. We provide students the ability to observe and participate in medical care at our rural mobile clinics.
