

## ENG FAHMUL QURAN:

### \*NOTES\*

Audio 3 : Surah Al- Anfal

Verses: 70-75

Hijrah (هجرة) is,

When a person leaves something in order to be safe from its danger

The Muhajir (مهاجر) is someone who gives up all that Allah has forbidden. He sacrifices something for the sake of Allah سبحانه وتعالى.

When we shift love and attachment from one thing to the love and attachment to Allah سبحانه وتعالى is mental and emotional hijrah.

Islam is to be served in two ways:

- ▲ Either a person should become a Muhajir
- ▲ or he should become an Ansari

- ◆ A Muhajir is someone who leaves something in order to serve the religion of Allah.
- ◆ An Ansari is the one who helps his Muslim brothers and sisters who have left something for the sake of Allah سبحانه وتعالى.

It is our responsibility to help those who left their homes and jobs to learn and study the Book of Allah.

The work of the deen will only go forward and will only succeed when both of these groups are present i.e. the Muhajir and the Ansari.

Allah سبحانه وتعالى has made us امة وسطا, The Ummah that is in the middle; a link between mankind and Allah.

We have to pass this Qur'an on to people. If we will not do it then Allah will give this noble task to somebody else.

## SURAH AT-TAUBAH

Verses: 1-15

---

This surah doesn't begin with بسم الله due to two reasons:

- ▲ The first ayah of the surah is about dissolving the contract that was existed between the Muslims and the Mushrikeen at the time when this ayah revealed.

▲ Prophet Muhammad صلى الله عليه وسلم didn't teach بسمه before surah Tauba.

بارك الله في علمك وعملك
