

2026-2027 Hope Elementary Library Community Agreements

Take Care of Yourself

Students will come to the library ready to learn and give their best effort.

Students will ask for help when needed.

Floor chairs and bean bags will be used for reading. If not used as intended or if there is conflict about fair use, the student(s) will lose access to these seats.

Technology use (computers, iPads, printers) will follow school policy. Students not following school rules will lose their technology privileges.

Take Care of Each Other

The library is a welcoming space for all people.

No unkind words or disrespectful behavior toward any other person.

Students will practice calm bodies and personal space.

Students will follow directions and work respectfully with classmates.

Students will not distract from others, or disrupt teacher-led or student learning activities.

Take Care of this Place

Food and drink is allowed in the library ONLY with the permission of the Librarian.

Before leaving the library, chairs will be pushed in. Desks and the floor should be clean.

Students are expected to follow proper book care guidelines for all library materials:

- Carry books with two hands
- Use a bookmark
- Clean hands when reading
- No food or drinks while reading
- Keep your book dry (and away from pets)
- Keep your book off the floor
- Returned (or renewed) on time

Books will be put back on the shelf in their proper location with the spine facing out. Use a shelf marker to assist you in holding the proper spot while you are browsing.

I understand these rules and I agree to follow them.
