

Music development plan summary: *Beoley First School*

Overview

Detail	Information
Academic year that this summary covers	2024/25
Date this summary was published	February '25
Date this summary will be reviewed	July '25
Name of the school music lead	Marie-Therese Gould
Name of school leadership team member with responsibility for music (if different)	
Name of local music hub	Severn Arts
Name of other music education organisation(s) (if partnership in place)	

This is a summary of how our school delivers music education to all our pupils across three areas – curriculum music, co-curricular provision and musical experiences – and what changes we are planning in future years. This information is to help pupils and parents or carers understand what our school offers and who we work with to support our pupils' music education.

Part A: Curriculum music

This is about what we teach in lesson time, how much time is spent teaching music and any music qualifications or awards that pupils can achieve.

Curriculum – At Beoley First School, we use the Kapow Primary Music Scheme across the school.

Our scheme of work fulfils the statutory requirements of the National Curriculum (2014). The National Curriculum for Music aims to ensure that all pupils:

- Perform, listen to, review and evaluate music across a range of historical periods, genres, styles and traditions, including the works of the great composers and musicians
- Learn to sing and to use their voices, to create and compose music on their own and with others, have the opportunity to learn a musical instrument, use technology appropriately and have the opportunity to progress to the next level of musical excellence
- Understand and explore how music is created, produced and communicated, including through the inter-related dimensions: pitch, duration, dynamics, tempo, timbre, texture, structure and appropriate musical notations.

The intention is first and foremost to help children to feel that they are musical, and to develop a life-long love of music. Each class teacher uses the scheme and adapts it to ensure every child can access and enjoy music within our school. Sequencing and progression are clear.

We explore music through the inter-related dimensions of music: performing, listening, composing, the history of music. We focus on developing the skills, knowledge and understanding that children need in order to become confident performers, composers, and listeners. Children will develop the musical skills of singing, playing tuned and un-tuned instruments, improvising and composing music, and listening and responding to music.

Kapow Primary's Music scheme which has been designed as a spiral curriculum with the following key principles in mind:

- Cyclical: Pupils return to the same skills and knowledge again and again during their time in primary school.
- Increasing depth: Each time a skill or area of knowledge is revisited it, is covered with greater depth.
- Prior knowledge: Upon returning to a skill, prior knowledge is utilised so pupils can build upon previous foundations, rather than starting again.

Our curriculum introduces children to music from all around the world and across generations, thereby helping them to develop an understanding of the history and cultural context of the music that they listen to and teaching them to respect and appreciate the music of all traditions and communities.

Pupils are taught musical notation and how to compose music.

Composing or performing using body percussion and vocal sounds is also part of the curriculum, which develops the understanding of musical elements without the added complexity of an instrument.

As children progress through the school, we expect them to maintain their concentration for longer and to listen to more extended pieces of music. Children develop descriptive skills in music lessons when learning about how music can represent feelings and emotions.

We teach them the disciplined skills of recognising pulse and pitch. We often teach these together. We also teach children how to work with others to make music and how individuals combine together to make sounds.

Through music, our curriculum helps children develop transferable skills such as team-working, leadership, creative thinking, problem-solving, decision-making, and presentation and performance skills. These skills are vital to children's development as learners and have a wider application in their general lives outside and beyond school.

Implementation – In accordance with the National Curriculum, we ensure that coverage of knowledge and skills is developed sequentially throughout the school. We have adopted the Kapow Scheme, to ensure that children receive quality music lessons throughout the year – we cover one unit per half-term. Music is taught as a discrete lesson usually lasting 45 mins..

We take a holistic approach to music, in which the individual strands below are woven together to create engaging and enriching learning experiences:

- Performing
- Listening
- Composing
- The history of music
- The inter-related dimensions of music

Each unit combines these strands within a cross-curricular topic designed to capture pupils' imagination and encourage them to explore music enthusiastically.

Kapow provides a classroom-based, participatory and inclusive approach to music learning. Throughout the scheme, children are actively involved in using and developing their singing voices, using body percussion and whole-body actions, and learning to handle and play classroom instruments effectively to create and express their own and others' music. Through a range of whole class, group and individual activities, children have opportunities to explore sounds, listen actively, compose and perform.

During music lessons, children are given opportunities to learn music-specific vocabulary in a meaningful context. The elements of music are taught in classroom lessons so that children are able to use the language of music to discuss it, and understand how it is made, played, appreciated and analysed. They will learn to recognise and name the interrelated dimensions of music - pitch, duration, tempo, timbre, structure, texture and dynamics - and use these expressively in their own improvisations and compositions.

The children are given opportunities to apply their skills and given a chance for collaboration

through composition.

Lesson Delivery – Within each music session there will be the following elements:

1. A clear Learning Objective with focused Success Criteria (some of which may be one or two of the Unit Success Criteria) which is used by both the teacher and the children to assess the lesson's work;
2. A recap or introduction starter which addresses prior learning or a game. It could also include attention grabbing starters that introduce the children to the theme of the music unit.
3. The children then are exposed to new learning or learning in their sequence and how it fits within our theme of work.
4. The children are then prompted with various assessment questions and questions to get them thinking a little deeper about the skills they have learnt.

Over the course of a unit, the lessons taught will include performance, composition, specific listening tasks, and giving and listening to appraisal and constructive criticism. At least part of each music session involves whole class activities with the opportunity for group work.

Kapow's Primary Music spiral curriculum allows for revisiting and consolidating skills. The lesson plans and resources help children build on prior knowledge alongside introducing new skills and challenges. Children progress in terms of taking more complex tasks and doing simpler tasks better, as well as developing understanding and knowledge of the history of music, staff, and other musical notations, as well as the interrelated dimensions of music and more.

Music in EYFS - We teach music in Foundation Stage through Kapow Music topics and freely as an integral part of the topic work covered during the year and as part of the specific area, Expressive Arts: Being Imaginative, identified in the Foundation Stage Framework (2014). We relate the musical aspects of the children's work to the objectives set out in the Early Learning Goals (ELGs).

Children's standards and achievements in Music are assessed in line with the School's Assessment Policy.

Model music curriculum - The DfE's Model Music Curriculum 2021 states that: 'In Years 3 or 4, it is recommended that each class should start a whole-class instrumental programme lasting a minimum of one term...Opportunities for development should continue beyond the mandatory term.' We deliver this by using an expert music teacher to deliver a 16 week unit of work to our Year 3 and 4 classes, who will be taught a whole class instrumental programme.

Knowledge organisers - Knowledge organisers provide a summary of our intent for each unit of learning. They detail the key tier 3 vocabulary that children will learn, alongside some key knowledge.

Planning - Our medium term plans show which of the units cover each of the national curriculum attainment targets, as well as the strands within it, and which units cover which development matters statements and early learning goals for both prime and specific areas in EYFS. The medium term plans also detail the progression of skills and knowledge within each year group to ensure that attainment targets are securely met by the end of EYFS, key stage 1 and key stage 2.

Adaptation - We recognise that there are children of widely different musical abilities in all classes, so we provide suitable learning opportunities for all children by matching the challenge of the task to the ability of the child. We can achieve this in a variety of ways by:

- Setting open-ended tasks which could have a variety of responses;
- Setting tasks of increasing difficulty (not all children complete all tasks);
- Grouping children by ability in the room and setting different tasks to each ability group;
- Providing resources depending on the ability of the child;
- Using classroom assistants to support the work of individuals or groups of children

SEND - We will strive to remove barriers to learning for pupils with SEND. Adopting a positive and proactive approach will ensure that children with SEND are able to express themselves and take an active part in lessons. Explicit instructions and scaffolding will enable all pupils to achieve and succeed in music.

Assessment - On-going Assessment for Learning (AfL) practices within class and group sessions, including the sharing of and reference being made to Learning Objective and Success Criteria and self and peer assessments of understanding, outcomes and progress. **The first and last lesson in each unit is filmed to ensure teachers can assess the children's progress.** Children who are showing a greater depth understanding are also noted for further and can be signposted to external musical programmes.

At the end of the year, the teacher makes a summary judgement about the musical skills and development of each pupil in relation to the National Curriculum or Foundation Stage Framework which is recorded in the end-of-year report. Formative assessments are recorded on our **foundation subject assessment in Insight tracker.**

Pupils in the Foundation Stage each have a Foundation Stage Profile where teachers record their progress in the Expressive Arts specific area.

Part B: Extra-Curricular Music

This is about opportunities for pupils to sing and play music, outside of lesson time, including choirs, ensembles and bands, and how pupils can make progress in music beyond the core curriculum.

We have links to peripatetic music teachers from Severn Arts who offer lessons in a wide range of instruments, including drums, recorder, ukulele. Our Year 3 and 4 children take up a 16 week programme of lessons in the Autumn Term. *Our disadvantaged learners will be offered free music lessons with our music teacher from Rock Steady Music School.*

We have a growing choir (open to all ages) that perform in our Harvest and Easter Festivals, Christmas performances' and local Church concerts, whilst also allowing children to perform in small groups.

Part C: Musical Events

This is about all the other musical events and opportunities that we organise, such as singing in assembly, concerts and shows, and trips to professional concerts.

- Weekly assemblies where children have the opportunities to listen and perform different genres of music.
- Young Voices Concert (biennially)
- Yearly Harvest and Easter Festival performances in church where all children sing and perform (Oct/Nov, March/April every year) .
- Yearly Christmas production where children get the chance to sing and perform (Dec each year)

In the future

This is about what the school is planning for subsequent years.

- To continue improvements across the school we will be extending the range of different musical experiences (starting our link with Rock Steady Music and Music Academy Midlands)
- To ensure that children who are showing a greater depth understanding are also noted for further and are signposted to external musical programmes.
- We will also enhance the range of instruments available by looking to pool resources with other schools within the academy we are joining in 2025.
- As we have just begun utilising the Kapow Music Curriculum, we will review response and learning benefits in July '25 once 2 terms have been fully delivered.
