

Privacy Policy for GeoStamp

Effective Date: August 1, 2026

Thank you for using **GeoStamp – GPS Map Camera**. Your privacy is important to us. This Privacy Policy explains what information our app collects, how it is used, and your rights regarding your data.

1. Information We Collect

GeoStamp may request access to the following permissions to provide its features:

Camera

Used to capture photos within the app.

Location

Used to add GPS coordinates, address, altitude, compass direction, weather information, and location metadata to your photos.

Photos & Media

Used to save captured photos to your device and allow you to access photos when required.

2. How We Use Your Information

The information collected is used only to:

- Capture photos
- Add GPS location details
- Display address information
- Show date and time
- Display weather information
- Show compass direction

- Save photos with GPS metadata (EXIF)
- Organize photos into projects
- Generate reports (if used)

We do not use your personal information for any purpose unrelated to the app's functionality.

3. Photo Storage

All photos captured by GeoStamp are stored on your device.

GeoStamp does not upload your photos to our servers.

You remain the owner of all photos you capture.

4. Location Information

Location data is collected only while you use the camera feature.

Location information is used solely to:

- Display GPS coordinates
- Generate address information
- Embed GPS metadata into photos (if enabled)
- Display weather information based on your location

Location data is not stored on our servers.

5. Weather Information

Weather information may be retrieved from third-party weather providers using your current location.

Only the information necessary to retrieve weather conditions is shared.

6. In-App Purchases

GeoStamp offers optional premium features through Google Play Billing.

All purchases are securely processed by Google Play.

We do not collect or store your payment information.

7. Advertisements

The current version of GeoStamp does not display advertisements.

If advertisements are introduced in future updates, they may be provided through Google AdMob or another trusted advertising partner. This Privacy Policy will be updated accordingly.

8. Third-Party Services

GeoStamp may use trusted third-party services including:

- Google Play Services
- Google Play Billing
- Google Maps Platform (if enabled)
- Weather API Provider
- Firebase (if implemented in future)
- Google AdMob (if advertisements are introduced)

Each third-party service has its own privacy policy.

9. Data Security

We take reasonable measures to protect your information.

Most app data remains stored locally on your device.

No method of electronic storage or transmission over the Internet is completely secure.

10. Children's Privacy

GeoStamp is not directed toward children under the age of 13.

We do not knowingly collect personal information from children.

11. Your Choices

You may:

- Deny location permission
- Deny camera permission
- Disable GPS stamping
- Disable weather information
- Disable address display
- Remove photo metadata before sharing (if supported)

Some features may not function correctly if permissions are denied.

12. Changes to This Privacy Policy

We may update this Privacy Policy from time to time.

Changes will become effective immediately after publication.

We encourage users to review this page periodically.

13. Contact Us

If you have any questions about this Privacy Policy, you may contact us:

Developer: OceanEdge

Email: rahulupveja@gmail.com

14. Consent

By installing or using GeoStamp, you agree to this Privacy Policy and the collection and use of information as described above.
