

## Here is the abstract title and below are guidelines

First Author<sup>1,2</sup>, Presenting Author<sup>1</sup>, Third Author<sup>3</sup> etc. (i.e. underline the presenting author in the list!)

<sup>1</sup>*Affiliation one*

<sup>2</sup>*Affiliation two*

<sup>3</sup>*Affiliation three*

The abstract text starts here. For uniformity, please (try to) stick to the format in this template (i.e. Calibri 11 pts, single spacing, 2 cm margins above and below, 2.5 cm margins on the sides, left- and right-justified, 6 pts between the paragraphs, and so on, as you see it here. The abstract can be short or longer, but max 1 page).

Here is the second paragraph with some text [1]. And some more text follows here, and so it goes until the end of the paragraph [2].

**Figure 1.** The new Ångström building, "house 10", is connected to the original Ångström laboratory. It will be inaugurated in May 2022. The caption can be placed below the figure or next to it, whichever you prefer.

## References

[1] The order between family name and initials is not important as long as the reference is correct and complete.

[2] That's of course also true for this reference.
