Call to Order and Welcome:

President Laurie Cohen called the meeting to order at 4pm central time, October 7th 2024. We moved to a new time because weekends have been tough for attendees.

Approval of Agenda of current meeting

Per new process: Kathleen circulated it one week in advance of the meeting via Slack. Please add agenda items anytime, right up to the meeting time. Then we all have it in advance of the meeting. We approved this process in the March 2023 meeting.

Reading and Approval of Minutes of the preceding meeting

Per new process: Kathleen will post minutes in Slack for approval for one week after the meeting. One week after the meeting, she will get them online. That gives everyone time to read and make comments without trying to get six approvals. If you don't comment in that week, it will be considered your approval. We approved this process in the April 2023 meeting.
