TEEN VOLUNTEER PROGRAM

Children of the Valley (COV) is partnering with local middle school and high school students to volunteer in the following areas: homework tutor, snack prep, and assist with enrichment activities. This is an opportunity for students to earn volunteer hours, learn job skills, and give back to the community. It is important that all of our volunteers act in a professional manner and act as a role model to the children in our program.

We will offer multiple opportunities for training sessions and club meetings and workshops throughout the year which are all listed on the Volunteer Training Timeline.

We will be offering incentives for all teen volunteers who have volunteered on a consistent basis.

- 1 month consecutively: Their name badge will be updated to a lanyard & COV goody bag.
- 3 months consecutively: They will receive a COV Shirt
- **5 months consecutively:** They will receive a COV swag of their choice: water bottle, tote bag, or beanie.
- 9 months consecutively (School Year): They will be chosen by the COV staff for representing all five of our core values and attend at least 5 training events throughout the year. The recipients of this award will be treated to a special recognition and gift at our End of the Year Celebration.
