Long-form videos

Prices are based on the length of the raw footage you send, not the finished video.

Raw footage	Basic (\$1/min, \$15 min.)	Standard (from \$1.50/min)	Advanced (from \$2.50/min)
15 minutes	\$15	from \$22.50	from \$37.50

Standard: more deliberate pacing, sound effects, zooms and simple text.

Advanced: more detailed moment selection and timing, layered sound effects/music and stronger visual emphasis. Final quote depends on complexity.

Optional extras (quoted first)

- Thumbnail design
- Rush delivery, if available
- A second aspect ratio or alternate version
- Extra revisions, unusually long footage, or complex edits

How ordering works

- Send me the footage, desired finished length, reference examples, and any music/text instructions.
- I confirm the price, scope, and estimated delivery time before starting.
- One revision round means one message listing the changes you want. New ideas or major changes may cost extra.
- I do not guarantee views or subscribers. Please only send footage and music you have permission to use.
- Project files are not included unless agreed beforehand. I will ask before using your finished video in my portfolio.
