How do I Enroll Full-Time at the Independent Study Program?

Independent Study is a program and not a school. A student's spot at their homeschool will always remain. A student can still participate in sports and other activities at their homeschool when enrolled with us.

Please note that as an Independent Study student, ***you will be required to:***

- Attend mandatory meetings with your instructor **2 times per week for at least an hour.**
    - **Monday / Wednesday**

      or

    - **Tuesday / Thursday**
- Finish **20 hours worth** of curriculum per week at home
- Make progress towards graduation
    - **1 class completed every 3 weeks**
    - **6 classes per semester = 30 credits a semester**
- Fulfill all other school obligations
    - **Testing, evaluations, workshops, etc. as scheduled**

If you and your parents decide on this option for you, please connect with support services on how to send in a request.
