You can make your quiz available to all your students before or after the due date by setting availability dates.

Note: If you are looking to change quiz dates for individual students, you can [assign a quiz to an individual student](#) or [assign a quiz to a course section](#).

Quizzes have an autosubmit feature tied to the Until (lock) date, which may affect student submissions. Only quiz attempts that have been started are auto-submitted. Common quiz scenarios and date results include the following:

- *No dates*: quiz is never marked late and autosubmitted at course conclude (see course settings)
- *Due date only*: quiz is marked late at Due date and autosubmitted at course conclude (see course settings)
- *Due date with Until date*: quiz is marked late at Due date and autosubmitted at Until date
- *Time limit*: quiz is autosubmitted when time expires (only applies when students are actively taking a quiz)
- *Time limit with Until date*: quiz is autosubmitted when time expires unless the Until date expires first

Student View

When students view a quiz, they are able to see the details of the quiz. *Quiz details do not show due and availability dates in relation to the current time*. However, *within* the quiz, Canvas notifies students regarding any upcoming quiz deadlines:

- For quizzes with a Due date, the browser displays a notification banner to let students know when the quiz will be marked late (30 minutes prior, 5 minutes prior, and 1 minute prior).
- For quizzes that are close to autosubmitting (using an Until date or the natural course conclude date), the browser displays a notification banner to let students know when the quiz will autosubmit (30 minutes prior, 5 minutes prior, 1 minute prior, and 10 seconds prior).
- For timed quizzes, the browser displays a notification banner if students are not able to complete the quiz in the full allotted time period. The quiz sidebar also displays a timer indicating how many minutes remain to complete the quiz. For example, if a 60-minute quiz has an Until date of 11:59 pm and a student begins the quiz at 11:30 pm, the student will only have 30 minutes to complete the quiz.
