

Unit Plan
Unit B: Biochemistry

Date/ Month	Lesson	Hrs
Week 01 Feb 2-6th	Introduction to course SBI4U -Chemistry in Living Systems - Review -Chemical Reactions - Biologically Important molecules (Carbohydrates and Lipids, & Proteins)	07
Week 02 Feb 09- 13th	- Biologically Important molecules (Nucleic Acids and Protein) - Enzymes (Biological reactions, formations, structure , cofactors) -Independent study on experiments and Investigations	07
Feb 19th	Unit 01 Test	01
Week 03 Feb 18th - 20th	Structure and Function of Eukaryotic Cell	02
Week04 Feb 23rd-27th	Passive Transport Active transport Assignment Discussion	06
	Total Hours	23
