

Rekki Kawamura - Fantastic Birthday!

[Kawamura Residence - Rekki's Bedroom]

Rekki: Hm... Maybe something like this? No, that's too extra...

Rekki: Ah, but this one is just so basic! I really need to go shopping for more new clothes...

Phone buzz

Rekki: Huh?

Eri (message): hey rekki, you coming or not???

Mitsuru (message): Yeah! We're waiting for you!

Rekki (message): Sorry! I'm just trying to find the perfect fit for today...

Eri (message): if you keep sweating the details there will be no today left to enjoy

Mitsuru (message): What Eririn said! I'm sure anything you come up with will look amazing!

Rekki: No today left to enjoy, huh...

Rekki (message): Thank you both! I'll be there soon! :)

Rekki: Eri-kun's right... Maybe I should just go with my gut on this... How about...

[Park - A few minutes later]

Rekki: Hey everyone! Sorry again for being so late!

Eri: There you are!

Mitsuru: Hey hey! And see? I was right! You did come up with something that looks amazing!

Koharu: It suits you very well, Rekki-san.

Cadao: *Looking fancy.*

Rekki: Hehe... Thanks, everyone... I just thought that since it's my first birthday after transitioning, it should be special, right?

Rekki: At least I want to look back at the memories fondly... But for that, I need to have time to make some first, right?

Mitsuru: Hehe... I know I say this often but that's such a you answer, Rekkun!

Rekki: I-Is it?

Eri: Yeah, it's just like you to be worrying about the future like that.

Rekki: O-Oh.

Mitsuru: But we know it's because you care a lot! And we really appreciate it.

Koharu: Indeed we do. That's why we have a little something for you today!

Rekki: Oh, you shouldn't have, everyone!

Eri: Oh, but we should! Now open it!

Rekki: Okay, okay! *unwrapping sounds* ...No, you guys really shouldn't have. I-I can't accept this! It's too expensive!

Mitsuru: Come on, Rekkun! You're always making our outfits, aren't you? So we figured you could use something a little more professional to do so!

Rekki: I get that but... a drawing tablet?! That's just too much, I... How much did you all even spend on this?

Eri: Doesn't matter! We bought it because we wanted to, Rekki! If we say you deserve it, then you do!

Cadao: *Besides, it's not like we can get a refund for it. Not that we wanted one, of course.*

Koharu: Perhaps a little on the blunt side, but... Cadao-san is correct. Everyone is, in fact. We really wanted to give you something special.

Rekki: You guys... *sniff* I guess I have no choice, huh?

Mitsuru: Not at all! And no crying, we want to have you smiling in our pictures today!

Rekki: Hehe, fine... But, seriously, thank you all. I don't think I can ever say that enough.

Koharu: You don't need to say it, Rekki-san. We see it in your actions, and that's what matters most, isn't it?

Mitsuru: You're always worrying and doing so much for us, the outfits are just a part of it! And we can feel how much you care about us through that. Really!

Cadao: *Your work is admirable, Rekki-kun. And much appreciated.*

Eri: You'd be crazy to think that despite everything you do, you don't deserve this gift. Hell, even more!

Rekki: Everyone... Thank you so much!!

Eri: But with all this talking about actions... aren't you going to show us your gift?! I wanna see how it works!

Mitsuru: I'm curious to see it in action, too! How about we go to a cafe and test it out there?!

Cadao: *I guess I'll have to show you my drawing skills...*

Eri: I can never tell with you what that means...

Koharu: Hee hee, looks like everyone is excited! So, Rekki-san, where would you like to go from here? The perfect place to enjoy your birthday, that is.

Rekki: Well, I think it could be anywhere as long as I'm with you guys... but I'm thinking that maybe we could...
