

Notice is hereby given that the Town of Day, Marathon County, Wisconsin is accepting bids for reconstructing approximately two (2) miles of Bangart Road. Starting at County Road "C" north to Eau Pleine Road.

Reconstruction calls for removal of 13" of current road surface/subgrade and reconstruct with geogrid with the following materials. Seven (7") inches of breaker rock (3"-7" size) compacted, covered with three (3") inches of 1.25" dense rock compacted, followed by three (3") inches of 5/8" crushed rock applied within a week of the dense rock and compacted.

Contractor must provide a completed PE certification stating design life meets ten (10) year requirement, upon completion of job.

Overall road width is to be twenty-six feet (26') wide.

The above listed road bid is a WI DOT LRIP project

For questions/concerns please contact Joe at 715-305-1147
