

Subject: Join Us for Adult Education Day on February 11!

Dear [Legislator's Name],

I hope this message finds you well. As a [your role—educator, student, advocate] in [your city/district], I want to personally invite you to **Adult Education Day at the Statehouse on February 11**. This event is a powerful opportunity to see firsthand how adult education transforms lives and strengthens Indiana's workforce.

At Adult Education Day, you'll hear directly from students who have overcome challenges to achieve their educational goals, including the **Adult Education Essay Contest** winners sharing their inspiring stories. You'll also connect with business partners who rely on skilled adult learners to fill critical workforce needs.

Your support and leadership are vital to continued access to these life-changing programs. I would love the chance to introduce you to students and educators who can share the real impact of adult education in our community.

Please let me know if you can attend—I'd be happy to provide more details or answer any questions. Thank you for your time, and I hope to see you on February 11!

Best regards,
