Principal: Mr John Dixon

### Independent Learning Expectations

- **Regular Assignments:** Independent learning will be assigned regularly across all subjects, designed to reinforce or extend learning.
- **Knowledge Organisers:** Students will use KOs for retrieval practice and revision.
- **Varied Tasks:** Assignments may include reading, writing, problem-solving, research, creative tasks, and assessment preparation.
- **Time Management:** Encourage your child to manage their time effectively and complete assignments on time.

### Independent Learning Non-Completion and Consequences

- **KS3:** Parents/carers will receive a message or call from the teacher to inform them that independent learning has not been completed. If it remains incomplete by the next due date, students will have 30 minutes of 'Loss of Personal Time' (LOPT) to finish the work. If it is still not completed, this will escalate to a 60-minute LOPT. Continued non-compliance will result in further consequences, including Tatton.
- **KS4 and KS5:** There is an initial 30-minute LOPT if independent learning is not completed. If the work remains unfinished, this will escalate to 60 minutes of LOPT. Continued non-compliance will result in Tatton being enforced.
