

NEW TRIER TOWNSHIP HIGH SCHOOL DISTRICT 203

To commit minds to inquiry, hearts to compassion, and lives to the service of humanity.®

Elizabeth Bennett
Music & Theatre Department Chair

August 20, 2025

Dear Students and Parents:

For many years, students who have received monetary assistance have been required to perform some service for the Department in return for a reduction in private music lesson costs. Attached you will find a [Work/Study Program Application](#) for Private Music Lessons. This work/study program may also be applied to assist with the costs of Music & Theatre Department trips. Please take the time to review the requirements for work/study completion and the amount of lesson cost assistance outlined on the application.

If approved for the work/study Music program, within a week of approval, students are required to complete an employment application by contacting Ms. Sarah Kropski, the Music & Theatre Department Project Specialist at kropskis@nth.net. Once the employment application is submitted, students can coordinate the details of the service to be provided and schedule their required assignments with Ms. Kropski.

Upon completion of work/study requirements, families will be issued payment for work completed via check to be applied toward their private music lesson bill or music trip balance. Regarding lessons, families will also receive an invoice directly from the private music instructor. Families are responsible for payments directly to their private music instructor and payments should be made in a timely manner.

Please contact me with any questions. Sincerely,

Elizabeth Bennett
