

Hybrid 121 Opportunity

I understand that CEO members need flexibility, and that finding time to be on Zoom or in a meeting for more than an hour at a time can be a scheduling challenge.

In an effort to accommodate changing schedules and be as purposeful as possible, I would like to offer a new “hybrid” 121 opportunity. The purpose of this would be to allow members with dynamic schedules to be able to communicate consistently with me on a monthly basis and when needed.

This new format would include:

- 1) A monthly recurring 1 hour scheduled Zoom or phone call (your choice)
- 2) Plus a monthly recurring 20 minute scheduled phone call
- 3) A second 20 minute call could be arranged as well as needed and Brie can coordinate

If you'd like to move toward this hybrid 121 model, please let Brie (admin@tomcuthbert.com) know. Changes can be made as time goes by and you are always welcome to go back to the standard 121 schedule.
