Our Strategic Goal

We care about achieving health equity for our community.

Together, the Counties Manukau health system will work with others to achieve equity in key health indicators for Maaori, Pacific and communities with health disparities.

We will measure the impact we have on healthy life years every year. This is our commitment to act and be deliberate in our choices and priorities.

This means that people will live longer healthier lives in the community.

Our Shared Values

Kind

Care for other people's wellbeing.

Excellent

Safe, professional, always improving.

Valuing everyone

Make everyone feel welcome and valued.

Together

Include everyone as part of the team.

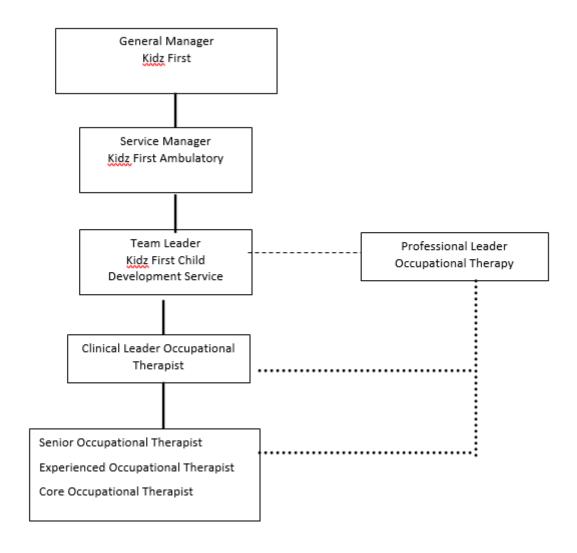

PURPOSE OF THE POSITION

This position is responsible for providing a patient and whaanau centred safe and effective and outcome focused Occupational Therapy service within an interdisciplinary team setting either in a specific clinical service or across different services. The majority of the time spent in this role will be on direct clinical/professional activity.

Clinicians will be expected to also develop their knowledge and skills, demonstrate competencies and contribute to activities that support clinical practice eg learning, training, evaluation, quality improvement etc.

Specific objectives for your role relevant to your service and experience will be agreed with your line manager as part of your annual performance planning process.
