

Roots Charter High School 2024-25 TSSA Plan

Description

We will use our TSSA to increase and strengthen our Multi-Tier System of Supports framework. This program institutes interventions that provide increasingly intensive interventions for students at risk for or experiencing difficulties, including:

- Home visits
- Contracts and Academic small group intervention.
- Work with Roots KID program to create intervention systems, both academic and attendance-based. We have found a high correlation between attendance and pass rate.

We will use these funds to continue to support the Academic Rescue/Chasers Team. This program is made up of two full-time positions.

This year, we are implementing a caseload model for each grade under a separate team.

Budget Narrative

We will use these funds to maintain the two academic advisors. These positions are unique to our program and have successfully maintained and supported our low

academic-performing students. We will use these funds to retain these positions. Position 1-Salary retention \$26,890.54 Benefits \$5,000 Position 2-Salary retention \$26,890.54 Benefits \$5,000 Input was received from, parents, students, and staff about needs and what was missing for students to get to the level that they are progressing.
